*The Operators* Mike Ryan, 2008-05-06 Never before have the techniques and operations of special forces around the world been revealed in such fascinating detail Journalist and soldier Mike Ryan's access to restricted information is at the heart of this extraordinary look into the world of special forces and their tactics training and protocols Ryan's web of military contacts in the U S and Europe allows him to tell the full stories of famous special forces units like the SAS Delta Force and the French Foreign Legion to discuss their role today on an ever changing battlefield and to ponder their increasing use as political enforcers Soldiers from all over the world talk candidly about the hunt for Osama bin Laden the overthrow of Saddam Hussein and operations in the Balkans Somalia and Sierra Leone Every entry on a unit tactic or weapon is backed up with photographs of it in action as well as testimony from operators in the field and a full analysis of its combat effectiveness Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

The SAS 1983-2014 Leigh Neville, 2016-12-15 Highly trained and immensely skilled the SAS are widely regarded as one of the best Special Forces units in the world Their missions are uniquely diverse ranging from counter terrorist

responses at home and abroad counter insurgency in collaboration with US Delta Force and other foreign Special Forces mobile operations in support of conventional forces targeting terrorist leaders and man hunting war criminals to direct action raids This book charts the changing organization and operational emphases of the Regiment over the past 25 years its individual deployments and operations including those planned but aborted joint missions with other British and foreign units It sheds light on the SAS s involvement in the Troubles of Northern Ireland their operations in Iraq Afghanistan and the widespread use of the SAS in counter terrorism and counterinsurgency operations since 9 11

**The SAS Fighting Techniques Handbook** Terry White,2007-06 The SAS Fighting Techniques Handbook Revised brings an insider s eye to the most secretive and demanding military techniques used by the Special Air Service England s equivalent of the U S Special Forces Written by a former special forces commando this fully illustrated book reveals the amazing tricks of their trade Learn Survival evasion resistance and escape techniques How to use the sun s shadow to determine time and location How to board an aircraft at 130 mph How to read footprints in the field

**Secret Operations of the SAS** Mike Ryan,2003 Secret Operations of the SAS charts the early days of the Regiment and follows their major combat actions right through to their current deployment in the war against terrorism With specially commissioned colour artwork and rare action photographs it is a highly illustrated guide to the combat history of the SAS

**Special Force** Alastair MacKenzie,2011-10-30 The exploits of the British Army s elite 22nd Special Air Service Regiment the regiment of the SAS that forms part of the Regular army are shrouded in mystery and myths abound about its members But what is the truth behind the public facade of clinical professionalism How has such a small regiment attracted so many weighty legends And what is the purpose of the SAS in the 21st century Special Force provides an original and unusually critical overview of the activities of the SAS from the Malayan Emergency of 1950 to the present day In the context of a detailed and often controversial analysis of the post war activities of the Regiment MacKenzie establishes that the Regiment s almost legendary professional competence is often not backed up by reality Far from being part of a structured deployment of strategic military assets MacKenzie argues that the use of the SAS in recent years has been primarily driven by the entrepreneurial actions of a few SAS commanding officers Special Force not only offers a revelatory history of the SAS in the modern period it is also a disturbing expose of the truth behind the myth It will be essential reading for anyone with an interest in the British military past present and future

**Who Dares Wins** Pete Scholey,2008 The Special Air Service SAS is the toughest regiment in the British Army and is f ted as the best Special Forces unit in the world Members of the SAS live in a shadow world unable to divulge their whereabouts or mission details living a hard life of combat and secrets This book brings to life the stories of 20 soldiers who were genuine heroes although many were never recognised as such during their lives or even in death Who Dares Wins contains former SAS soldier Pete Scholey s memories of some of those men It is a book about soldiers who bravely fought for their country in extreme circumstances with no desire to be famous f ted or rewarded Each chapter tells us about the life and combat stories

of the men who although capable of superhuman effort were very much human beings Some of the stories of Pete s heroes have never been heard before and certainly none of these dramatic tales of combat and life in the regiment have been told in such a touching and compelling manner      Special Forces Operator Robert W Brown,2021-03-23 It is not just another war story it is abrasive and defiantly politically incorrect It has politics secret agents and sex but not so much and the conspiracy of the globalist world order The killing part is the easy bit the tricky part is finding the right people to kill Rob was a Special Forces operator with some of the world finest regiments and served in four national armies over a career that has spanned forty years and continues today In 1965 he earned the converted Green Beret as a member of 2 Commando Australia He left in 1968 to Southeast Asia Finding work of a military nature in Laos in the war that never was The end of the contract found him in England where he joined the British Parachute Regiment and completed three tours in Northern Ireland at the height of the troubles taking part in Operation Demetrius On his last tour he was detached from his battalion and worked covert operations with a little known group called the MRF Military Reaction Force 1974 saw Rob in Rhodesia as a member of the internationally acclaimed C Squadron SAS where he was wounded on operations twice This was a turning point in Rob s life as he surrendered to Christ becoming a Christian He was to carry on as an operator but now with a biblical world view Rob was recruited in 1980 by the South African Defense Force and was a member of 6 Reconnaissance Commando Special Forces and later became an operative with what was commonly called the funnies or CSI Chief of Staff Intelligence From 1996 to 2007 Rob was in South Sudan and Iraq receiving a letter of commendation from the United States Army Still active today Rob specializes in close protection and tactical security training for civilian personnel
