Milton: Paradise Lost Alastair Fowler,2014-07-22 Milton's Paradise Lost is one of the great works of literature of any time and in any language Marked by Milton's characteristic erudition it is a work epic both in scale and notoriously in ambition For nearly 350 years it has held generation upon generation of scholars students and readers in rapt attention and its profound influence can be seen in almost every corner of Western culture First published in 1968 with John Carey's Complete Shorter Poems Alastair Fowler's Paradise Lost is widely acknowledged to be the most authoritative edition of this compelling work An unprecedented amount of detailed annotation accompanies the full text of the first 1667 edition providing a wealth of contextual information to enrich and enhance the reader's experience Notes on composition and context are combined with a clear explication of the multitude allusions Milton called to the poem's aid The notes also summarise and illuminate the vast body of critical attention the poem has attracted synthesizing the ancient and the modern to provide a comprehensive account both of the poem's development and its reception Meanwhile Alastair Fowler's invigorating introduction surveys the whole poem and looks in detail at such matters as Milton's theology metrical structure and most valuably his complex and imaginary astronomy The result is an enduring landmark in the field of Milton scholarship and an invaluable guide for readers of all levels The Human Satan in Seventeenth-Century English Literature Nancy Rosenfeld,2016-02-24 Framed by an understanding that the very concept of what defines the human is often influenced by Renaissance and early modern texts this book establishes the beginning of the literary development of the satanic form into a humanized form in the seventeenth century This development is centered on characters and poetry of four seventeenth century writers the Satan character in John Milton's Paradise Lost and Paradise Regained the Tempter in John Bunyan's Grace Abounding to the Chief of Sinners and Diabolus in Bunyan's The Holy War the poetry of John Wilmot earl of Rochester and Dorimant in George Etherege's Man of Mode The initial understanding of this development is through a sequential reading of Milton and Bunyan which examines the Satan character as an archetype in the making building upon each to work so that the character metamorphoses from a groveling serpent and fallen archangel to a humanized form embodying the

human impulses necessary to commit evil Rosenfeld then argues that this development continues in Restoration literature showing that both Rochester and Etherege build upon their literary predecessors to develop the satanic figure towards greater humanity Ultimately she demonstrates that these writers taken collectively have imbued Satan with the characteristics that define the human This book includes as an epilogue a discussion of Samson in Milton's Samson Agonistes as a later seventeenth century avatar of the humanized satanic form providing an example for understanding a stock literary character in the light of early modern texts
