Saul Bellow Against the Grain Ellen Pifer, 1991-06 Pifer contends that Bellow's fiction is fundamentally radical Going against the grain of contemporary culture and its secular pieties he undermines accepted notions of reality and challenges the orthodoxies created by materialist values and rationalist thought Charged by his belief in the soul his 10 novels test the assumptions of traditional realism Pifer stresses the importance to Bellow of the invisible world the longing for revelation and the capacity to love and to suffer She also shows how Bellow's hero is a man torn between his modern predilection for secular rationalism and a primordial attachment to the soul and how he is led to demolish reigning idols of contemporary thought and culture ISBN 0 8122 8203 5 29 95

A Political Companion to Saul Bellow Gloria L. Cronin, Lee Trepanier, 2013-05-01 Saul Bellow

is one of the twentieth century's most influential, respected, and honored writers. His novels *The Adventures of Augie March*, *Herzog*, and *Mr Sammler's Planet* won the National Book Award, and *Humboldt's Gift* was awarded the 1976 Pulitzer Prize for fiction. In addition, his plays garnered popular and critical acclaim, and some were produced on Broadway. Known for his insights into life in a post-Holocaust world, Bellow's explorations of modernity, Jewish identity, and the relationship between art and society have resonated with his readers, but because his writing is not overtly political, his politics have largely been ignored.

A Political Companion to Saul Bellow examines the author's novels, essays, short stories, and letters in order to illuminate his evolution from liberal to neoconservative. It investigates Bellow's exploration of the United States as a democratic system, the religious and ideological influences on his work, and his views on race relations, religious identity, and multiculturalism in the academy. Featuring a fascinating conclusion that draws from interviews with Bellow's sons, this accessible companion is an excellent resource for understanding the political thought of one of America's most acclaimed writers.

The Cambridge Companion to Saul Bellow Victoria Aarons, 2017 This book demonstrates the complexity of Bellow's work by emphasizing the ways in which it reflects the changing conditions of American identity.

Conversations with Saul Bellow Saul Bellow, 1993

Saul Bellow and the Decline in Humanism Michael K. Glenday, 1990-06-18 This is a study revealing Saul Bellow's views on the decline of humanism. With chapters on each of Bellow's novels from *Dangling to More Die of Heartbreak*, the author argues that Bellow's vision of modern American culture denies the possibility of humanist enlightenment for his heroes.

The Life of Saul Bellow, Volume 2 Zachary Leader, 2019-12-03 The second volume in the life of literary giant Saul Bellow vividly capturing a personal life that was always tumultuous and a career that never ceased being triumphant. Bellow at forty-nine is at the pinnacle of American letters, rich, famous, critically acclaimed. The expected trajectory is one of decline: volume 1, rise; volume 2, fall. Bellow never fell, producing in the latter half of his life some of his greatest fiction: *Mr Sammler's Planet*, *Humboldt's Gift*, winning two more National Book Awards, a Pulitzer Prize, and the Nobel Prize. At eighty, he wrote his last story; at eighty-five, he wrote *Ravelstein*. In this volume, his life away from the desk, including his love life, is if anything more dramatic than in the first. In the public sphere, he is embroiled in controversy over foreign affairs, race, religion, education, social policy, the state of culture, the fate of the novel. In this stunning second volume, Zachary Leader shows that Bellow's heroic energy and will were present to the very end of his life. His immense achievement and its cost to himself and others continue to be worth the examination of this vivid work of literary scholarship.

Re-Thinking Theory Richard Freadman, Seumas Miller, 1992-05-07 These deficiencies are ascribed principally to three aspects of modern theoretical schools the commitment to a non referential view of language the rejection of substantive accounts of the individual and a repudiation of moral and aesthetic evaluation The alternative account offered by Professors Freadman and Miller incorporates the values renounced by contemporary literary theory and places a central emphasis on ethical discourse

The Last Good Land Eugenio Suárez-Galbán, 2011-01-01 Books studying the presence of Spain in American literature and the possible influence of Spain and its literature on American authors are still rare In 1955 appeared a pioneer work in this field Stanley T Williams *The Spanish Background of American Literature* But that book went no further than W D Howells *Familiar Spanish Travels* published in 1913 *The Last Good Land* covers most of the twentieth century including such groups as the Lost Generation and African American writers and exiles It also considers then recent revolution in Spanish cultural and historical thought introduced by Am rico Castro which several American writers discussed in this volume may be said to have anticipated Recent studies have expanded on Williams volumes but in the majority of cases these works limit their scope to a single period the nineteenth century the Spanish Civil War a movement predominantly Romanticism or authors known for their interest in Spain Irving Hemingway The result is often a lack of continuum or the exclusion of such authors as Saul Bellow William Gaddis or Richard Wright Within American literature itself *The Last Good Land* contains revisions of traditional interpretations of certain writers including Hemingway The variety of authors treated both in respect to ethnicity and gender guarantees a varied and global view of Spanish culture by American writers

Writers and Thinkers Daniel Fuchs, 2017-07-12 This is a collection of critical essays that integrate literature and ideas Daniel Fuchs presents the writer's individuality as artist and thinker focusing on the writer's interaction within a wide range of cultural political and historical periods and situations representative of the modern period The essays reflect a progression that goes beyond chronology or historical survey in the consistency and interrelation of the literary and cultural themes explored and the references within them The book is built around writers who are of central concern to the author It does not pretend to be a comprehensive framework for analysing modernism Fuchs first deals with high modernism in discussions of Hemingway and Stevens who in different ways critique tradition and collapsing values The essays that follow deal with the contemporary and here the focus is mainly on American Jewish writers and their cultural impact after modernism The author's stance is in relation not only to these traditions but to others that might be thought antagonistic the formalism of the New Critics and the deconstructionism that reduces the author to a replaceable variable in the dialects of cultural power relations Fuchs pays tribute to the former illustrating wider points in literary socio cultural and political history The overall emphasis on these extrinsic matters underscores the book's appeal to a wide audience

The Jewish American Novel Philippe Codde, 2007 Philippe Codde provides a comparative cultural analysis of the unprecedented success of the Jewish novel in the postwar United States by situating the process and event in the context of three closely related American cultural movements the popularity in the US of French philosophical and literary existentialism the increasing visibility of the Holocaust in US American life and the advent of radical theology Codde argues that the literary repertoire of the postwar Jewish novel consists of an amalgam of these cultural elements that were making their mark in the political religious and philosophical systems of the United States at the time and that this explains in part the Jewish novel's sweeping success in the American literary system

Rosenfeld's Lives Steven J. Zipperstein, 2009-04-01 Born in Chicago in 1918 the prodigiously gifted and erudite Isaac Rosenfeld was anointed a genius upon the publication of his luminescent novel Passage from Home and was expected to surpass even his closest friend and rival Saul Bellow Yet when felled by a heart attack at the age of thirty eight Rosenfeld had published relatively little his life reduced to a metaphor for literary failure In this deeply contemplative book Steven J Zipperstein seeks to reclaim Rosenfeld's legacy by opening up his work Zipperstein examines for the first time the small mountain of unfinished manuscripts the writer left behind as well as his fiercely candid journals and letters In the process Zipperstein unearths a turbulent life that was obsessively grounded in a profound commitment to the ideals of the writing life Rosenfeld's Lives is a fascinating exploration of literary genius and aspiration and the paradoxical power of literature to elevate and to enslave It illuminates the cultural and political tensions of

post war America Jewish intellectual life of the era and most poignantly the struggle at the heart of any writer's life
