Decadent Short Story Kostas Boyiopoulos,2014-12-09 This wide ranging anthology showcases for the first time the short story as the most attractive genre for British writers who experimented with Decadent themes and styles The selections represent the important role that magazine culture played in the late Victorian period
100 True and Terrifying Ghost Stories Robert J Dornan,2024-07-28 In the silent whispers of night when shadows cloak the world and an unsettling stillness hangs in the air a lost realm awaits where past and present intertwine This is a realm where echoes of bygone eras linger the unfulfilled and forgotten roam freely and the unseen make their presence known in the most chilling ways *100 True and Terrifying Ghost Stories* offers a haunting invitation into this spectral world This book is a compendium of the uncanny and unexplained presenting a diverse collection of spectral encounters from across the globe from China to America Peru to London These are true events that defy logical explanation and challenge our understanding of reality Within these pages you will meet spirits that wander ancient castles and bloody battlefields phantoms haunting suburban homes and bustling city streets and apparitions manifesting in unexpected places Encounters range from mildly unsettling to downright terrifying featuring playful poltergeists and vengeful wraiths Each narrative offers a glimpse into a world where the ordinary and extraordinary collide and the living and the dead share a tenuous coexistence So turn the page and let the journey begin But be warned once you enter the world of the supernatural you may find it hard to leave The spirits within these pages are waiting to tell their stories and they have been waiting for someone like you to listen

The Oxford Critical and Cultural History of Modernist Magazines Peter Brooker,Andrew Thacker,2009-03-26 The first of three volumes charting the history of the Modernist Magazine in Britain North America and Europe this collection offers the first comprehensive study of the wide and varied range of little magazines which were so instrumental in introducing the new writing and ideas that came to constitute literary and artistic modernism in the UK and Ireland In thirty seven chapters covering over eighty magazines expert contributors investigate the inner dynamics and economic and intellectual conditions that governed the life of these fugitive but vibrant publications We learn of the role of editors and sponsors the relation of the arts to contemporary philosophy and politics the effects of war

and economic depression and of the survival in hard times of radical ideas and a belief in innovation The chapters are arranged according to historical themes with accompanying contextual introductions and include studies of the New Age Blast the Egoist and the Criterion New Writing New Verse and Scrutiny as well as of lesser known magazines such as the Evergreen Coterie the Bermondsey Book the Mask Welsh Review the Modern Scot and the Bell To return to the pages of these magazines returns us a world where the material constraints of costs and anxieties over censorship and declining readerships ran alongside the excitement of a new poem or manifesto This collection therefore confirms the value of magazine culture to the field of modernist studies it provides a rich and hitherto under examined resource which both brings to light the debate and dialogue out of which modernism evolved and helps us recover the vitality and potential of that earlier discussion
