Second Shetland Truck System Report William Guthrie,2002-10-01 **Four Nations Approaches to Modern 'British' History** Naomi Lloyd-Jones,Margaret Scull,2017-10-26 This collection brings together leading and emerging scholars to evaluate the viability of four nations approaches to the history of the United Kingdom from the eighteenth to the twentieth century It recognises the separate histories of England Ireland Scotland and Wales and explores the extent to which they share a common British history They are entwined with the points at which they interweave and detach dependent upon the nature of our inquiry where we locate our core and our periphery and the cause and effect of our subject The collection demonstrates that four nations frameworks are relevant to a variety of topics and tests the limits of the methodology The chapters illuminate the changing shape of modern British history writing and provide fresh perspectives on subjects ranging from state governance nationalism and Unionism economics cultural identities and social networking

Board of Agriculture,1914 *Myth and materiality in a woman's world* Lynn Abrams,2013-07-19 Shetland has a history unique in Europe for over the past two centuries it was a place where women dominated the family economy and the cultural imagination Women ran households and crofts without men They maintained families and communities because men were absent And they constructed in their minds an identity of themselves as liberated long before organised feminism was invented And yet Shetland is a place which was made by the most masculine of societies those of the Picts Scots and above all the Vikings and its contemporary identity still draws on the heroic exploits and sagas of medieval Norsemen This book examines how against this tradition Shetland became a female place and offers answers as to how in this most isolated island community the inhabitants transgressed and reversed their traditional gender roles Reconstructing this woman s world from fragments of cultural experience captured in written and oral sources this book will appeal to scholars in the fields of social and cultural history social anthropology gender and women s studies *Accounts and Papers of the House of Commons* Great Britain.
