to the questions above and more within the pages of this book *Becoming Two in Love* Roland J. De Vries, 2013-07-25 This book draws Søren Kierkegaard and Luce Irigaray into conversation on the nature and ethics of sexual difference. While these two initially seem like doubtful dialogue partners, the conversation between them yields a rich and compelling account of intersubjectivity between man and woman, an account that moves beyond the limited and tired debate over egalitarianism vs. complementarianism. Through engagement with Irigaray and Kierkegaard, this book develops a constructive theological ethics of sexual difference that focuses on an epistemological and subjective gap that sets man and woman at a decisive distance from each other. They are a mystery to each other. Yet it is also an ethical framework that allows woman and man to encounter one another in ways that respect the independence, subjectivity, and becoming of each. Above all, this is a theological ethics of sexual difference that centers on Jesus Christ, who is defined as the middle term in every relationship and whose love command defines the encounter between man and woman in difference.
