discussion on vivid ethnographical data collected in the townships of Johannesburg he passionately demonstrates that the unprecedented epidemiological crisis in South Africa is a demographic catastrophe as well as a human tragedy one that cannot be understood without reference to the social history of the country in particular to institutionalized racial inequality as the fundamental principle of government during the past century *Cops, Cons, and Grace* Brian Cahill, 2018-01-08 A decade ago Brian Cahill became the victim of the greatest tragedy any parent can endure with the loss of his firstborn son a veteran police officer in the aftermath of a painful divorce to suicide Far from the carefree retirement he had envisioned the devastated father faced a journey back from the brink of utter despair As the author of numerous opinion pieces and essays on religion the lifelong Catholic was familiar with the concept that the cross is followed by the resurrection and that from death comes new life In the devastating years following his beloved son's suicide the abstract became very real Cahill's work volunteering with two different groups cops and cons saved him allowing him to eventually experience a measure of grace The unlikely combination of working with SFPD officers on suicide prevention and leading a spirituality group for San Quentin lifers brought him enough of a sense of peace and acceptance to truly want to continue living **Philosophy of Religion** Hubert J. Richards, 2000 This second edition of *Philosophy of Religion* expands upon the issues raised in the first edition It has been revised to meet the content requirements of the philosophy modules of the new AS and A level specifications for religious studies *Congressional Record* United States. Congress, 1953 *Light*, 1929 *Seneca's Drama* Norman T. Pratt, 1983 With insight and clarity Norman Pratt makes available to the general reader an understanding of the major elements that shaped Seneca's plays These he defines as Neo Stoicism declamatory rhetoric and the chaotic violent conditions of Senecan society Seneca's drama shows the nature of this society and uses freely the declamatory rhetorical techniques familiar to any well educated Roman But the most important element Pratt argues is Neo Stoicism including technical aspects of this philosophy that previously have escaped notice With these ingredients Seneca transformed the themes and characters inherited from Greek drama casting them in a form that so radically departs from the earlier drama that Seneca's plays require a different mode of criticism The greatest need in the criticism of this drama is to understand its legitimacy as drama of a new kind in the ancient tradition Pratt writes It cannot be explained as an inferior imitation of Greek tragedy because though inferior it is not imitative in the strict sense of the word and has its own nature and motivation Pratt shows the functional interrelationship among philosophy rhetoric and society in Seneca's nine plays and assesses the plays dramatic qualities He finds that however melodramatic the plays may seem to the modern reader Seneca's own career as Nero's mentor statesman and spokesman was scarcely less tumultuous than the lives of his characters When the Neo Stoicism and rhetoric of the plays are charged with Seneca's own tortured passionate life Pratt concludes The result is inevitably melodrama melodrama of such energy and force that it changed the course of Western drama Originally published in 1983 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make
