Booth, 2009-02-09 In this manifesto distinguished critic Wayne Booth claims that communication in every corner of life can be improved if we study rhetoric closely Written by Wayne Booth author of the seminal book *The Rhetoric of Fiction* 1961 Explores the consequences of bad rhetoric in education in politics and in the media Investigates the possibility of reducing harmful conflict by practising a rhetoric that depends on deep listening by both sides **God Ever Greater** Brian O'Leary, 2021-04-01 Among the many strands in Christian spirituality one of the most esteemed bears the name of St Ignatius Loyola In recent years Ignatian spirituality has experienced a resurgence and is attracting interest from across the range of Christian denominations and from every walk of life There has been a widespread desire to learn more

about Ignatius and his legacy and many people have made the Spiritual Exercises in one of its many forms and have grown through the experience God Ever Greater is written to appeal not only to those who are looking for an introduction to Ignatian spirituality but also to those who have some acquaintance with the Ignatian tradition It will draw its readers into an exploration of a rich Christian heritage that continues to live and breathe today *Instruments of the Divinity* Christopher van Ginhoven Rey,2013-10-24 In *Instruments of the Divinity* Christopher van Ginhoven Rey shows that an important reflection on God's providential praxis animates the foundational documents of the Society of Jesus Focusing on Saint Ignatius of Loyola's conception of Jesuits as the instruments of a laboring God the book explores the philosophical and theological roots of the metaphor of the instrument and its place in the social imaginary of the Jesuit order Close readings of the Spiritual Exercises the Jesuit Constitutions and a selection of letters by Ignatius call attention to the existence of a rhetoric of instrumentality that provides the basis for the Society's project of instruction its loving affirmation of the world and its attempts to differentiate itself from its monastic predecessors *A Companion to Jesuit Mysticism* Robert Aleksander Maryks,2017-03-06 In *A Companion to Jesuit Mysticism* Robert A Maryks provides thirteen unique essays discussing the Jesuit mystical tradition a somewhat neglected aspect of Jesuit historiography that stretches as far back as the order's co-founder Ignatius of Loyola his spiritual visions at Manresa and ultimately the mystical perspective contained in his Spiritual Exercises The volume's contributions on the most significant representatives of the Jesuit mystical tradition from Baltasar Alvarez to Louis Lallemant to Hugo Makibi Enomiya Lassalle aim to fill this lacuna in Jesuit historiography Although intended primarily as a handbook for scholars seeking to further their own research in this area the volume will undoubtedly be of interest to scholars and students of Jesuit studies more broadly **Before Imagination** John D. Lyons,2005 A study of the practice of vivid self-directed imagination in the optimistic spirit of the early modern French writers **Friendship and Hospitality** Dongfeng Xu,2021-08-01 The Jesuit mission to China more than four hundred years ago has been the subject of sustained scholarly investigation for centuries Focusing on the concepts of friendship and hospitality as they were both theorized and practiced by the Jesuit missionaries and their Confucian hosts this book offers a new comparative and deconstructive reading of the interaction between these two vastly different cultures Dongfeng Xu analyzes how the Jesuits presented their concept of friendship to achieve their evangelical goals and how the Confucians reacted in turn by either displaying or denying hospitality Challenging the hierarchical view in traditional discourse on friendship and hospitality by revealing the irreducible otherness as the condition of possibility of the two concepts Xu argues that one legacy of the Jesuit Confucian encounter has been the shared recognition that cultural differences are what both motivated and conditioned cross-cultural exchanges and understandings *Voices of the Reformation* John A. Wagner,2015-05-05 This fascinating collection of primary source documents furnishes the accounts in their own words of those who initiated advanced or lived through the Reformation Starting in 1500 Europe transformed from a united Christendom into a continent bitterly divided

Matthew Ashley, 2022-07-15 This comprehensive study investigates the role that Ignatian spirituality has played in the renewal of academic theology using three prominent Jesuits as case studies Over several centuries spirituality has come to define a field of concerns and themes increasingly treated separately from those of academic theology as if the latter had little relation to the former This raises the question for us today How is spirituality related to the practice of theology In *Renewing Theology* J. Matthew Ashley provides an answer by turning to Ignatian spirituality and three prominent twentieth century theologians who embraced its spiritual resources Karl Rahner Ignacio Ellacur a and Jorge Mario Bergoglio that is Pope Francis Ashley begins his investigation by considering the historical origins of the widening separation between

spirituality and academic theology in the Christian West He provides an initial overview of Ignatian spirituality focusing on the openness and multidimensionality of Ignatius of Loyola's Spiritual Exercises presented here as a text in which the conditions of modernity that defined its author's world are present at least incipiently Ashley then offers three case studies in order to show how each Jesuit Rahner Ellacuría and Pope Francis responded to the challenges of modernity in a way that is uniquely nourished and illuminated by themes constitutive of Ignatian spirituality Their theologies Ashley suggests evince a particular clarity and force when the Ignatian spirituality that animates them is foregrounded Providing new and productive avenues into understanding the theologies of these three individuals this sophisticated and enlightening book will interest scholars and students of systematic theology as well as readers who are interested in the future of theology and spirituality in a fragmented age

Mission from the Perspective of the Other Tim Noble, 2018-08-30 Christian mission involves God the missionary and the other the recipient of mission This book argues for the centrality of this other in the practice of mission The other as child of God is presented not as an empty vessel waiting to be filled but as the one who draws near to the missionary Both are sent by God and together they enter into the journey towards God Drawing on Scripture contemporary missiology and phenomenology the book argues for the importance of this often neglected other and demonstrates through historical case studies involving Saint Ignatius of Loyola William Carey and Saint Innocent of Alaska that the recognition of the gift of the other has always been present in Christian mission and can continue to inspire The Renaissance Bible Debora K. Shuger, 1998 The book explores among other topics the links between late medieval Christology and early modern subjectivity religious eroticism and the origins of the sexualized body the interweavings of jurisprudence colonial discourse and the theology of the Atonement the transformation of humanist philology into comparative religion and the representation of daughter sacrifice and female erotic desire

Rhetoric and Human Consciousness Craig R. Smith, 2017-04-12 For two decades students and instructors have relied on award winning author Craig Smith's detailed description and analysis of rhetorical theories and the historical contexts for major thinkers who advanced them He employs key themes from important philosophical schools in this well researched chronicle of rhetoric and human consciousness One is that rhetoric is a response to uncertainty The modern philosophers like the naturalists of ancient Greece and the Scholastics who preceded them tried to end uncertainty by combining the discoveries of science and psychology with rationalism Their aim was progress and a consensus among experts as to what truth is However where modernism proved ineffective rhetoric was revived to fill the breach Another significant theme is that different conceptions of human consciousness lead to different theories of rhetoric and for every major school of thought another school of thought forms in reaction Classic and contemporary examples demonstrate the usefulness of rhetorical theory especially its ability to inform and guide By providing probes for rhetorical criticism discussions also demonstrate that rhetorical criticism illustrates

verifies and refines rhetorical theory Thus the synergistic relationship between theory and criticism in rhetoric is no different than in other arts Theory informs practice analysis of successful practice refines theory Smith s absorbing study has been expanded to include thorough treatments of rhetoric in the Romantic Era feminist and queer theory and historical context for the creation of rhetorical theory and its use in public address **Nicholas of Cusa and Islam** Ian Christopher Levy,Rita George-Tvrtković,Donald Duclow,2014-06-26 To explore Christian Muslim relations at the dawn of the modern age this book examines Nicholas of Cusa s seminal works on the Qur an and world religions It also considers Muslim responses to Christianity and other Christian writings on Islam **A New Companion to Hispanic Mysticism** ,2010-06-15 Winner of the 2011 SCSC Bainton Prize for Reference Works The canon of Hispanic mysticism is expanding No longer is our picture of this special brand of early modern devotional practice limited to a handful of venerable saints Instead we recognize a wide range of marginal figures as practitioners of mysticism broadly defined Neither do we limit the study of mysticism necessarily to the Christian religion nor even to the realm of literature Representations of mysticism are also found in the visual plastic and musical arts The terminology and theoretical framework of mysticism permeate early modern Hispanic cultures Paradoxically by taking a more inclusive approach to studying mysticism in its marginal manifestations we draw mysticism in all its complex iterations back toward its rightful place at the center of early modern spiritual experience Contributors Colin Thompson Alastair Hamilton Christina Lee Clara E Herrera Darcy Donahue Elena del R o Parra Evelyn Toft Fernando Dur n L pez Francisco Morales Freddy Dom nguez Glyn Redworth Jane Ackerman Jessica Boon Jos Adriano de Freitas Carvalho Luce L pez Baralt Mar a Carri n Maryrica Lottman and Tess Knighton **The Spiritual City** Philip Sheldrake,2014-04-03 A Spiritual City provides a broad examination of the meaning and importance of cities from a Christian perspective Contains thought provoking theological and spiritual reflections on city making by a leading scholar Unites contemporary thinking about urban space and built environments with the latest in urban theology Addresses the long standing anti urban bias of Christianity and its emphasis on inwardness and pilgrimage Presents an important religious perspective on the potential of cities to create a strong human community and sense of sacred space **Spaces for the Sacred** Philip Sheldrake,2001-01-31 In Spaces for the Sacred Philip Sheldrake brilliantly reveals the connection between our rootedness in the places we inhabit and the construction of our personal and religious identities Based on the prestigious Hulsean Lectures he delivered at the University of Cambridge Sheldrake s book examines the sacred narratives which derive from both overtly religious sites such as cathedrals and secular ones like the Millennium Dome and it suggests how Christian theological and spiritual traditions may contribute creatively to current debates about place
