Lucian on Reading, Performing, and the Difference Stephen E. Kidd, 2025-02-25 Lucian's writings raise questions about the nature of reading and viewing the lives of others this book explores these questions through close readings of Lucian's dialogues and stories Lucian scholarship over the past decades has been dominated by terms like performance and personas so this book asks simply what happens when we are not performing When we read or sit in the audience we cannot perform for the world we are viewing Nor can we act on our desires and beliefs since we have no self in that viewed world to move around like an avatar Is there anything left of us at such moments As a satirist Lucian explored these questions not through philosophical arguments but stories a traveler who looks down on earth from the moon a philosopher who retires to a contemplative life as if high up in a theater a narrator who demands that a reader not believe anything he writes and many more Over the course of seven chapters this book explores these questions of reading performing and the difference via detailed analyses of some of Lucian's best known works Hermotimus Charon Icaromenippus Nigrinus Rooster True Stories and others Lucian on Reading Performing and the Difference is suitable for students and scholars of ancient Greek literature Classics and the Humanities particularly those interested in questions about Lucian and literary interpretation **The Text of the New Testament in Contemporary Research** Bart D. Elizabeth Y. Lambert,1995 **History in Black** Yaacov Shavit,2013-11-12 The development of Afrocentric historical writing is explored in this study which traces this recording of history from the Hellenistic Roman period to the 19th century Afrocentric writers are depicted as searching for the unique primary source of culture from one period to the next Such passing on of cultural traits from the ancient model from the classical period to the origin of culture in Egypt and Africa is shown as being a product purely of creative history **NIDA Research Monograph** ,1976 Decolonization in St. Lucia Tennyson S. D. Joseph,2011-08-16 Tennyson S D Joseph builds upon current research on the anticolonial and nationalist experience in the Caribbean He explores the impact of global transformation upon the independent experience of St Lucia and argues that the island s formal decolonization roughly coincided with the period of the rise of global neoliberalism hegemony Consequently the concept of limited sovereignty became the defining feature of St Lucia s understanding of the possibilities of independence Central to the analysis is the tension between the role of the state as a facilitator of domestic aspirations on one hand and a facilitator of global capital on the other Joseph examines six critical phases in the St Lucian experience The first is 1940 to 1970 when the early nationalist movement gradually occupied state power within a framework of limited self government The second period is 1970 to 1982 during which formal independence was attained and an attempt at socialist oriented radical nationalism was pursued by the St Lucia Labor Party The third distinctive period was the period of neoliberal hegemony 1982 1990 The fourth period 1990 1997 witnessed a heightened process of neoliberal adjustment in global trade which destroyed the banana industry and transformed the domestic political economy A later period 1997 2006 involved the SLP s return to political power resulting in tensions between an earlier radicalism and a new and contradictory accommodation to global neoliberalism The final period 2006 2010 coincides with the onset of a crisis in global neoliberalism during which a series of domestic conflicts reflected the contradictions of the dominant understanding of sovereignty in narrow materialist terms at the expense of its wider anti systematic progressive and emancipator connotations *Parrots* Noel F.
