The reign of Kaiser Wilhelm II was a transitional period in German history when the traditions of the nineteenth century were coming into conflict with the emerging cultural social and political patterns of the twentieth century The resulting tensions were clearly reflected in the period s leading satirical journals Kladderadatsch and Simplicissimus Both journals appealed to a diverse middle class readership and attracted widespread attention through their flamboyant and sometimes scurrilous attacks on authority Their satire expressed through cartoons anecdotes verse and fiction ranged across nearly every aspect of German life and employed the talents of some of the period s most important writers and artists That their purpose was essentially serious was shown by the frequent seizures of offending issues and the jail sentences meted out to satirists whose jabs struck too near home Kladderadatsch founded in Berlin in 1848 was liberal politically but generally mild in its social satire It remained for Simplicissimus founded in Munich in 1896 to launch a more radical critique of bourgeois culture The primary target of both journals was the absurdities of an essentially weak monarchy personified in a Kaiser who seemed always to be on stage Simplicissimus in addition delighted in ridiculing a military establishment dominated by class a repressive educational system and a hypocritical religious hierarchy Even the family came in for satirical treatment Through the history of these two periodicals Ann Taylor Allen demonstrates the uses of humor in a society that offered few effective outlets for dissent She also provides important new insights into the role of popular journalism in this critical period *Sex, Love and Prostitution in Turn-of-the-century German-language Drama* Rüdiger H. Mueller,2006 Schnitzler s Reigen Wedekind s Die B chse der Pandora Eine Monstretragoedie and Thoma s Moral and Magdalena reflect the gender inequity and interaction of their time as described in contemporary non literary texts The works represent a creative participation in gender discourse taking the side of social reformers who argued for a more equitable treatment of women including prostitutes The discrimination endured by prostitutes however is simply an extreme of what all women experienced The dramas expose male oppression of females while simultaneously portraying what women can do in order to achieve limited independence and self determination Women are victims rather than victimizers and male hypocritical attitudes cause women s suffering **The**
