Designing the Domestic Posthuman Colbey Emmerson Reid, Dennis M. Weiss, 2023-12-28 Ever since TIME magazine's 1983 Man of the Year was the PC we have been led to believe that our domestic spaces have been colonized by digital technology Too little attention has been paid to the domestic spaces and inhabitants impacted by this and critical posthumanism has been captured by a picture of humanity overly indebted to digital technologies and their largely male progenitors By applying feminist theory to posthumanism this work recovers the plethora of sophisticated human technology mediations associated with the home and practiced primarily by women the elderly infants the disabled and across cultures globally challenging dominant contemporary visions of a future humanity Authors Dennis M Weiss and Colbey Emmerson Reid look at various iterations of the posthuman and assert the need for alternative feminist readings that emphasize different standpoints from which to assess people places and products Chapters address the impact of posthumanism on design theory and look at familiar domestic objects with different attributes from those typically affiliated with technology and the future such as clothing textiles ceramics furniture and wallpaper They reveal their unhomely extra human qualities and offer a much needed perspective on domestic spaces and practices revivifying the home as a site of species transformation and pushing beyond traditional understandings of person mothering families and care giving to highlight a range of critically overlooked mediated materialisms and embodiments affiliated with domestic space By focusing on the neglected intersection of the posthuman with the home and exploring domestic posthuman design *Designing the Domestic Posthuman* offers a vision of a future humanity that retains identity integrity and considers our relationship to others to the world and things in it This book widens the lens of critical focus in posthumanism feminist philosophy and design and presents an alternative inclusive design framework for the future

DIY Utopia Amber Day, 2016-12-22 At first glance contemporary popular culture filled with bleak images of the future seems to have given up on the possibility of positive collective change Below the surface however alternative culture is rife with artist led projects activist movements and subcultural communities of interest that seek to spark the collective imagination and to encourage hunger for alternatives More playfully self conscious than past utopian movements today's are often whimsical or ironic but are still entirely earnest Artists invite us to re author city maps or archive individual ideas for the future while maker collectives urge us to rethink our relationship to consumer goods All seem to have grown out of a similar do it yourself ethos and alternative

culture One of the central conflicts informing these case studies is that while it remains immensely difficult to envision anything outside of the current system of consumer capitalism there is nevertheless a powerful desire to take it apart in piecemeal ways We see the longing for new social and political narratives new forms of communion and sociability and new imaginings of the possible longings that are currently unmet by mainstream culture but that are taking expression in myriad ways at the local level Taken as a whole this collection examines what our grand ideals and playful daydreams tell us about ourselves

And This Is My Friend Sandy Deborah Philips,2021-03-25 This book situates the production of The Boy Friend and the Players Theatre in the context of a post war London and reads The Boy Friend and Wilson s later work as exercises in contemporary camp It argues for Wilson as a significant and transitional figure both for musical theatre and for modes of homosexuality in the context of the pre Wolfenden 1950s Sandy Wilson s The Boy Friend is one of the most successful British musicals ever written First produced at the Players Theatre Club in London in 1953 it transferred to the West End and Broadway making a star out of Julie Andrews and gave Twiggy a leading role in Ken Russell s 1971 film adaptation Despite this success little is known about Wilson a gay writer working in Britain in the 1950s at a time when homosexuality was illegal Drawing on original research assembled from the Wilson archives at the Harry Ransom Center this is the first critical study of Wilson as a key figure of 1950s British theatre Beginning with the often overlooked context of the Players Theatre Club through to Wilson s relationship to industry figures such as Binkie Beaumont Noël Coward and Ivor Novello this study explores the work in the broader history of Soho gay culture As well as a critical perspective on The Boy Friend later works such as Divorce Me Darling The Buccaneer and Valmouth are examined as well as uncompleted musical versions of Pygmalion and Goodbye to Berlin to give a comprehensive and original perspective on one of British theatre s most celebrated yet overlooked talents

Me and My Hair Patricia Malcolmson,2013-03-04 Good hair day Bad hair day Hair has always evoked strong emotions In this fascinating book Patricia Malcolmson examines how British women over the past 150 years have managed their hair from the extravagant styles of the late nineteenth century to the anything goes attitude of today taking in along the way the daring bobs of the 1920s the wartime styles of women in uniform the slavish copying of Hollywood stars the beehive the hippy and the Goth In Me and My Hair you ll hear the voices of women from around Britain talking about their hair whether it s their longing to have Shirley Temple curls the visits of the nit nurse their first home perm roasting under hood dryers going platinum blonde hilarious experiments with hair extensions or fears of going grey

Women in Neoliberal Postfeminist Television Drama Cat Mahoney,2019-11-07 In this insightful book Cat Mahoney offers a fascinating analysis of contemporary TV dramas such as Home Fires Land Girls and The Bletchley Circle Developing

the idea that history is told through the preoccupations of the present she argues compellingly that these are postfeminist dramas which work through troubling ideas about heteronormative romance domesticity beauty and whiteness while reinforcing the idea that feminism as a political movement is not necessary A bold and original contribution to television studies gender studies and popular history Rosalind Gill City University of London UK By examining contemporary television drama set during and immediately after the Second World War this book illustrates the ways in which postfeminism has shaped representations of women in contemporary culture Mahoney offers a new perspective to debates that have previously been concerned with questions of historical accuracy She argues that depictions of women from the past in modern television drama spawn from the neoliberal postfeminist media climate which originated in the 1990s These depictions respond to a cultural need to naturalise and de historicise a version of neoliberal postfeminist femininity that is compatible with the current media climate and far more reflective of the concerns of the present than any real or lived experience of women in the past The result of this process of naturalisation is the assertion that postfeminist values are natural and eternal rather than a product of the 1980s economic turn and the present political moment By identifying and interrogating postfeminist norms within four television drama series produced since the 2008 financial crash this book argues that postfeminism is a dominant structuring force in their depiction of female characters and of the past
