Make It Count How To Generate A Legacy That Gives Meaning To Your Life:

Make It Count John N. Kotre, 1999 A noted psychologist offers his best advice on how to make life more meaningful including how to cultivate a desire to influence future generations and lead a more generative life *The Psychology of Meaning in Life* Tatjana Schnell, 2025-03-19 The new edition of this bestselling book *The Psychology of Meaning in Life* has been thoroughly updated to offer an inspiring exploration of cutting edge findings from the psychology of meaning in life Schnell draws on multiple psychological and philosophical perspectives including those from existential clinical social positive and health psychology and lived experience to introduce a multidimensional model of meaning in life Written in an accessible style and full of practical evidence based applications this book covers a range of topics including the distinction between meaning and happiness the impact of meaning on health and longevity the connection between worldview and meaning meaning in the workplace meaning centred interventions and existential communication The Hierarchic Meaning Model explains how meaning emerges from basic perception to the complex experience of meaning in life By situating meaningfulness experienced as significance purpose coherence and belonging within broader social contexts the book discusses the effects of inequality and global crises and suggests introducing an ethics of meaning Measurement tools are presented and each chapter ends with exercises to encourage self reflection inspiring the reader to consider the role of meaning in their own life *The Psychology of Meaning in Life* Second Edition has crucial significance for advancing the field of existential health It is essential reading for students researchers and practitioners of psychology sociology counselling pastoral care coaching healthcare and related disciplines and for general readers interested in exploring what makes life meaningful

The Story of Everything John Kotre, 2007-04-25 In this beautiful and wise tale John Kotre weaves together the worlds of science and religion Today we are caught between the two between a story of creation and design and a story of evolution and emergence How do we find our way from one to the other And then what In *The Story of Everything* Kotre takes us on a long train of thought through loss and isolation through anger and guilt and finally through longing and love It is a journey of the heart as well as the head with surprising turns This engaging narrative is sure to provoke discussion and elicit fresh insight about our origins and fate In the middle of today's culture wars it stands unique After you read the parable you're invited to complete the experience at *The Story of Everything*

The Human Odyssey Thomas Armstrong, 2019-03-20 Thomas Armstrong Ph D an award winning educator and expert on human development offers a cross cultural view of life's entire journey from before birth to death to the possibilities of an afterlife Dr Armstrong cites both clinical research and anecdotal evidence in a comprehensive view of the challenges and opportunities we face at every stage of our development His accessible narrative incorporates elements of history literature psychology spirituality and science in a fascinating guide to understanding our past as well as our future Thomas Armstrong's *The Human Odyssey* is an extraordinary book an intellectual feast Armstrong has amassed and integrated an amazing amount of information from

developmental and transpersonal psychology modern consciousness research biology anthropology mythology and art and created an extraordinary guide through all the stages of the adventure of human life While the rich content of this book will impress professional audiences its clear and easy style makes it quite accessible to the general public Stanislav Grof M D former Chief of Psychiatric Research Maryland Psychiatric Research Center author of Realms of the Human Unconscious Beyond the Brain Birth Death and Transcendence in Psychotherapy and Adventures in Self Discovery **Is Human Life Absurd? A Philosophical Inquiry into Finitude, Value, and Meaning** Raymond Angelo Belliotti, 2019-06-24 In this work Belliotti unravels the paradoxes of human existence The purpose of this philosophical journey is to reveal paths for forging meaningful significant valuable even important lives By examining notions of The Absurd expressed within Search for the Holy Grail The Seventh Seal and The Big Lebowski the author crafts a working definition of absurdity He then investigates the contributions of classical thinkers such as Shakespeare Schopenhauer Nietzsche Kierkegaard Tolstoy Sartre Camus as well as philosophers such as Nagel Feinberg and Taylor After arguing that human life is not inherently absurd Belliotti examines the implications of mortality for human existence the relationship between subjective and objective meaning and the persuasiveness of several challenging contemporary renderings of meaningful human lives The Good Ancestor: A Radical Prescription for Long-Term Thinking Roman Krznaric, 2021-08-31 From leading philosopher Roman Krznaric author of History for Tomorrow an urgent call to save ourselves and our planet by getting to the root of the current crisis societys extreme short sightedness As heard on NPRs TED Radio Hour When Jonas Salk developed the polio vaccine he refused to patent it forgoing profit so that more lives could be saved His radical generosity to future generations should inspire us but leading philosopher Roman Krznaric sees the opposite happening Our short term exploitative mindsets have colonized the future leaving an inexcusable chasm between the haves and have nots and mounting existential threats that have brought our species to the precipice of disaster Yet Krznaric sees reason to hope The urgent struggle for intergenerational justice calls for hugely ambitious solutions from rewiring our growth at all costs economy to giving voters of future generations a voice in our democracies But at the heart of all these changes is one we can enact within ourselves We must trade shortsightedness for long term thinking In The Good Ancestor Krznaric reveals six practical ways we can retrain our brains to think of the long view and to shift our allegiance from this generation to all humanity to save our planet and our future **The Next Level, 3rd Edition** Scott Eblin, 2018-10-30 REVISED AND UPDATED 3RD EDITION Drawing on the secrets of a top executive coach The Next Level is an indispensable guide to executive success full of simple practical and immediately applicable insights and tools for leaders who need to get bigger and better results For more than a decade The Next Level has been an indispensable guide to executive success It reads like a series of conversations with a trusted coach who has brought together a cadre of successful senior leaders to deliver a master class on executive level best practices This practical actionable guide to success at the executive level helps readers understand what they need to pick up and let go of to achieve the results that are

expected at the next level Along with simple and immediately applicable tools and frameworks he s road tested with thousands of coaching clients Eblin offers clear practical advice reinforced by interviews and case studies from executives who know what it takes to succeed With fresh insights throughout this 3rd edition will help readers sustain their success over the long run with new information on how to develop a personal action plan for leading at their best by living at their best
NEW TO THIS EDITION 1 Updated Introduction and Afterword 2 New insights on leadership effectiveness gleaned by the author since the 2nd edition 3 A completely revised chapter 3 with new guidance on creating a Life GPS personal action plan 4 New and updated Coachable Moment tools including the TRACK Model of Effective Delegation 5 A revised appendix with the latest approach to creating a self directed Executive Success Plan ESP

The Development of Generativity across Adulthood Feliciano Villar, Heather L. Lawford, Michael W. Pratt, 2024-08-02 This volume brings together experts in generativity and related fields to provide a compelling overview of contemporary research and theory on this topic Generativity refers to a concern for or acting towards the benefit of future generations as a legacy of the self it has implications for outcomes at the individual relational and social and broader societal levels Understanding the role and expressions of generativity at various stages of our lives is important to our sense of well being and purpose and it impacts our parenting caregiving and social relationships as well as having implications for our activities and experiences in the workforce and in voluntary activities in our communities and the wider society The chapters in this volume explore the meaning and impact of generativity across development and across life contexts and roles They address generativity within a particular area or life domain or period of the lifespan and outline key methods and findings as well as theoretical issues and applied implications The volume represents the first comprehensive exploration of generativity from early to late adulthood it offers a broad international perspective and will inform research into generativity across multiple cultures
Things that Matter William L. Randall, Matte Robinson, 2023-11-30 Many of us have particular things in our lives photographs paintings old letters books furniture jewellery or clothing that hold special meaning for us Often they correspond to pivotal memories and can be central to our sense of self and our life narratives all the more so as we age Things That Matter sheds important light on the intricate intertwining of mementos with stories and vice versa in most people s lives The book explores the significance of cherished objects within the life stories of nine participants in a qualitative study of the links between reminiscence and resilience in later life The researchers who conducted the study represent a variety of fields including gerontology social work ministry nursing literature and education The book details how life stories can be fraught with a wide range of insights and questions from the memories that get stirred up as people embark on the process of life review prompted by the challenges and changes of aging Shedding light on the complex emotional psychological and spiritual findings of the study Things That Matter ultimately reveals the intricacy of personal narrative and the incredible ways in which things and stories are interwoven in our lives over time
What is the Meaning of Human Life? Raymond Angelo

Belliotti, 2021-08-04 This book examines core concerns of human life What is the relationship between a meaningful life and theism Why are some human beings radically adrift without radical foundations and struggling with hopelessness Is the cosmos meaningless Is human life akin to the ancient Myth of Sisyphus What is the role of struggle and suffering in creating meaning How do we discover or create value Is happiness overrated as a goal of life How if at all can we learn to die meaningfully
