To Punish or Persuade John Braithwaite,1985-01-01 In *To Punish or Persuade* John Braithwaite declares that coal mine disasters are usually the result of corporate crime He surveys 39 coal mine disasters from around the world including 19 in the United States since 1960 and concludes that mine fatalities are usually not caused by human error or the unstoppable forces of nature He shows that a combination of punitive and educative measures taken against offenders can have substantial effects in reducing injuries to miners Braithwaite not only develops a model for determining the optimal mix of punishment and persuasion to maximize mine safety but provides regulatory agencies in general with a model for mixing the two strategies to ensure compliance with the law *To Punish or Persuade* looks at coal mine safety in the United States Great Britain Australia France Belgium and Japan It examines closely the five American coal mining companies with the best safety performance in the industry U S Steel Bethlehem Steel Consolidation Coal Company Island Creek Coal Company and Old Ben Coal Company It also takes a look at the safety record of unionized versus non unionized mines and how safety regulation enforcement impacts productivity

West,2023-06-28 This work demonstrates that not everything that Disney touched turned to gold In its first 100 years the company had major successes that transformed filmmaking and culture but it also had its share of unfinished projects unmet expectations and box office misses Some works failed but nevertheless led to other more stunning and lucrative ones others shed light on periods when the Disney Company was struggling to establish or re establish its brand In addition many Disney properties popular in their time but lost to modern audiences emerge as forgotten gems By exploring the studio s missteps this book provides a more complex portrayal of the history of the company than one would gain from a simple recounting of its many hits With essays by writers from across the globe it also asserts that what endures or is forgotten varies from person to person place to place or generation to generation What one dismisses someone else recalls with deep fondness as a magical Disney memory
