The Stars of Liberty Morsheda Amin, 2021-02-16 The book is about me becoming able to figure out the beauty of the source Our creative potential is endless We enjoy our creative process and are willing to use all our will to manifest our dreams But one thing is missing We don t know how to receive the creation where we are included with our creative power To receive creation we want to be aligned with the universe by dissolving the ego and the barriers that lie between us and unconditional love When we are aligned with the universe we are relaxed Our relaxation allows us to catch the creation with wonderment And here we enter the world of fascination enchantment splendor It seems our life is a gift from a higher entity We all are benefited with the gift but we don t know about the endless possibilities of the gift We don t know it because we don t know how to receive the creation in our hearts In my book I described who we are in creation and how we can be intimate with the creation to make us free from the sarcastic world This book is a metaphor It is all about

what works for us and what doesn't work for us We literally can liberate ourselves if we are able to harness the management of relationships with God and all living beings surrounding us This is not a religious book It is all spirituality and how we are already being benefited with spirituality without even knowing it I just tried to make a bridge over the gap of ignorance I realized something and I am asking others to realize the same thing so they can be free as me **Howling Stars** Eric Thomson, 1900 Every Marine has a story about someone he couldn't save a face that would haunt him forever When Command Sergeant Hal Tarra one of Decker's oldest friends vanishes on the Commonwealth frontier shortly after taking early retirement from the Corps Zack knows what memories are driving the former Pathfinder because he sees the same face in his worst nightmares Naval intelligence isn't interested in resurrecting ancient history especially the tale of a failed rescue after it had been consigned to the memory hole So Decker does the only thing he can out of friendship and loyalty and the hope that he might finally redeem the one they'd thought lost long ago he orders himself on an unsanctioned mission beyond Fleet support risking everything for a friend His intelligence colleagues never could understand the Marine promise No One Left Behind but as he keeps reminding them he's still one of the Few Keyword Tags Zack Decker Decker's War sci fi science fiction military science fiction war space marine space infantry pathfinder space opera science fiction action adventure alien invasion space fleet sci fi adventure military sci fi Eric Thomson science fiction series interstellar war galactic war space pirates mercenary espionage thriller naval intelligence undercover operations black ops **Universal Decay: Dead Stars Rule Book, Revised, 2nd Edition** Jay Barrell, 2013-11-18 Dead Stars is a science fiction horror role playing game powered by the alternate d20 Universal Decay rules system Pick a race from the ever familiar humans to the amorphous ghorbrash or sleazy helizara strap on some personal armor and pick up a sliver rifle or get a cerebral computer implant and grab your toolkit Or both Then get together with your friends to face a universe of dangers wonders opportunities and quite possibly a messy death This book contains everything you will need to play or run a game in Dead Stars as well as rules for using the Universal Decay system in alternate genres incorporating everything from swords and sorcery to vehicle energy weapons personal armor nanotechnology and starships **Aussie Stem Stars: Alan Finkel** Kim Doherty, 2021-09-01 Age range 9 to 14 Aussie STEM Stars is an inspiring children's series that celebrates Australia's experts in Science Technology Engineering and Mathematics As Australia's Chief Scientist our country has turned to Alan Finkel for advice on everything from the climate to AI to the pandemic But at a time when scientists have never been so important Alan nearly didn't become one at all Growing up in Melbourne as the son of immigrants who fled the Holocaust Alan had to find the courage to make his own choices even when they weren't quite what his family had in mind Alan's story is one of being brave loving your family and always aiming for excellence Dr Finkel commenced as Australia's Chief Scientist on 25 January 2016 This followed an extensive science background as an entrepreneur engineer neuroscientist and educator and an industrial career producing breakthrough scientific instruments for academic neurosciences and pharmaceutical drug discovery He served as President
