Makers Of The Modern World:

Makers of the Modern World Series Alan Sharp,2012-02-14 **ReMaking History** William Gurstelle,2017

Makers of the Modern World ,200? Makers of the Modern World Louis Untermeyer,1955 Epitacio Pessoa

Michael Streeter,2010-12-14 Brazil was one of the emerging world powers to be invited to the Paris Peace Conference in 1919 Having jettisoned her empire just thirty years before the Portuguese speaking nation was showed signs of becoming one of the financial powerhouses not just of Latin America but of the world Helped by abundant natural resources cheap labour and large scale immigration Brazil s economy had grown massively and now it wanted to take its proper place in the society of world nations In Paris the country s delegation was led by Epitacio Pessoa a brilliant lawyer who had made his mark in national politics and was also a committed Europhile It was a shrewd choice helped by the Americans Pessoa negotiated a deal to rescue Brazilian coffee from the German ports where it had languished since the middle of the war He also helped win a place at the top table for Brazil in the new League of Nations Pessoa was then rewarded by being elected president of Brazil even though he was in Paris at the time Yet even as Brazil enjoyed its moment of triumph on the international stage the country s political system was starting to unravel Pessoa s presidency ended in failure in 1922 its modest achievements overshadowed by bitter army revolts And as Pessoa embarked on a new career as an international judge his country slipped further into political infighting between elite oligarchies until the ageing republic finally folded in 1930 This then is the story of Epitacio Pessoa the Treaty of Versailles and the rise and fall of Brazil s tumultuous First Republic **Icons of Invention** John W. Klooster,2009-07-14 These two volumes provide in depth coverage of 24 of history s most important inventors and their inventions Who invented the sewing machine the telephone the internal combustion engine Who pioneered vaccination Who gave the world television nylon the nuclear reactor The answers to some of these questions are straightforward the answers to others much less so All of them are explored in the fascinating Icons of Invention The Makers of the Modern World from Gutenberg to Gates This in depth resource tells the stories of 24 of the most influential and well known inventions of the modern age and of the individuals most responsible for their development Presented in chronological order the entries provide background on the lives and work of inventors such as Thomas Edison Alexander Fleming and Tim Berners Lee At the same time the set profiles their competitors and details the sometimes controversial often mistake plagued routes almost all of them took to their most famous creations John Macmurray's Religious Philosophy Esther McIntosh,2016-05-06 Recent dissatisfaction with individualism and the problems of religious pluralism make this an opportune time to reassess the way in which we define ourselves and conduct our relationships with others The philosophical writings of John Macmurray are a useful resource for performing this examination and recent interest in Macmurray s work has been growing steadily A full scale critical examination of Macmurray s religious philosophy has not been published and this work fills this gap sharing his insistence that we define ourselves through action and through

person to person relationships while critiquing his account of the ensuing political and religious issues The key themes in this work are the concept of the person and the ethics of personal relations Like Ants Andy Turnbull,2017-11-10 Karl Renner Jamie Bulloch,2011-01-04 The Socialist politician Karl Renner 1870 1950 was prime minister of the government that took power in Vienna after the collapse of the Austro Hungarian Empire He lead the delegation to Paris which had to face the difficult issue of reparations and war guilt for which the Allies held the successor states to the Empire responsible for Fortunately Renner was a likeable man and a realist and the Austrian delegation became quite popular in Paris The new Austrian state was in a perilous condition in 1919 on the brink of starvation and revolution and facing territorial demands from both Italy which had its eyes on the Tyrol and the new Yugoslavia Many in the German speaking rump of the Empire sought union with Germany Anschluss but the Allied Powers vetoed it Austria is often overlooked as one of the successor states to the Habsburg Empire but it was no less important in the postwar settlement than Hungary Czechoslovakia and the Balkan countries Jamie Bulloch s account of Karl Renner s adroit handling of a difficult situation makes for fascinating reading **U.S. Army War College Guide to National Security Policy and Strategy** J.
