Makers Of The New The Revolution In Literature 1912 1939:

Makers of the New Julian Symons, 1987 Nihilist Order Professor David Ohana, 2016-04-19 The explosive combination of nihilist leanings together with a craving for totalitarianism was an ideal of philosophers cultural critics political theorists engineers architects and aesthetes long before it materialised in flesh and blood not only in technology but also in fascism Nazism bolshevism and radical European political movements The Nihilist Order originally published in three hardcover volumes and now published in a consolidated paperback edition with an encompassing new Introduction inspired excellent review endorsements both amongst the academic and public spheres and has been heralded as a great achievement in European intellectual and cultural history *Virginia Woolf (Authors in Context)* Michael H. Whitworth, 2009-04-23 Political and social change during Woolf's lifetime led her to address the role of the state and the individual Michael H. Whitworth shows how ideas and images from contemporary novelists philosophers theorists and scientists fuelled her writing and how critics film makers and novelists have reinterpreted her work for later generations **Masterpieces of British Modernism** Marlowe A. Miller, 2006-08-30 Flourishing during the first 2 decades of the 20th century British Modernism gave birth to some of the world's most influential literary works Written expressly for high school students and general readers this book succinctly yet thoughtfully discusses 7 masterpieces of British Modernism Included are chapters on Joseph Conrad's *Heart of Darkness* E M Forster's *Howards End* James Joyce's *A Portrait of the Artist as a Young Man* D H Lawrence's *Women in Love* T S Eliot's *The Love Song of J Alfred Prufrock* and *The Wasteland* and Virginia Woolf's *Mrs Dalloway* Each chapter provides biographical information a plot summary an analysis of themes style symbols and characters and a discussion of the work's historical and cultural contexts An introductory essay surveys and defines Modernism and a bibliography cites works for further reading Nancy Cunard Lois Gordon, 2007-03-27 Lois Gordon's absorbing biography tells the story of a writer activist and cultural icon who embodied the dazzling energy and tumultuous spirit of her age and whom William Carlos Williams once called one of the major phenomena of history Nancy Cunard 1896 1965 led a life that surpasses Hollywood fantasy The only child of an English baronet and heir to the Cunard shipping fortune and an American beauty Cunard abandoned the world of a celebrated socialite and Jazz Age icon to pursue a lifelong battle against social injustice as a wartime journalist humanitarian aid worker and civil rights champion Cunard fought fascism on the battlefields of Spain and reported firsthand on the atrocities of the French concentration camps Intelligent and beautiful she romanced the great writers of her era including three Nobel Prize winners and was the inspiration for characters in the works of Ezra Pound T S Eliot Aldous Huxley Pablo Neruda Samuel Beckett and Ernest Hemingway among others Cunard was also a prolific poet publisher and translator and after falling in love with a black American jazz pianist became deeply committed to fighting for black rights She edited the controversial anthology *Negro* the first comprehensive study of the achievement and plight of blacks around the world Her contributors included Langston Hughes W E B Du Bois and Zora Neale Hurston among

scores of others Cunard's personal life was as complex as her public persona Her involvement with the civil rights movement led her to be ridiculed and rejected by both family and friends Throughout her life she was plagued by insecurities and suffered a series of breakdowns struggling with a sense of guilt over her promiscuous behavior and her ability to survive so much war and tragedy Yet Cunard's writings also reveal an immense kindness and wit as well as her renowned often flamboyant defiance of prejudiced social conventions Drawing on diaries correspondence historical accounts and the remembrances of others Lois Gordon revisits the major movements of the first half of the twentieth century through the life of a truly gifted and extraordinary woman She also returns Nancy Cunard to her rightful place as a major figure in the historical social and artistic events of a critical era

Modernist Authorship and Transatlantic Periodical Culture

Amanda Sigler, 2022-06-30 Exploring the collaborative consumer oriented Modernism that developed out of both planned and fortuitous groupings in periodicals this book traces the serialization and advertisement of Henry James's *The Turn of the Screw* in *Collier's* 1898 Rudyard Kipling's *Kim* in *McClure's* and Cassell's 1900 1901 James Joyce's *Ulysses* in the *Little Review* 1918 1920 and Virginia Woolf's *Mrs Dalloway* in *Bond Street* in the *Dial* 1923 These periodicals whether mass market journals or literary magazines adjust our perceptions of authors elsewhere known to be in charge and reveal the central role that compromise and chance played in the emergence of Modernism Bringing to light new research from multiple archives Sigler pieces together original records of journals advertising strategies previously unpublished editorial correspondence and long buried letters to unearth the forgotten stories behind the texts we think we know so well

The Fictions of James Joyce and Wyndham Lewis Scott W. Klein, 2006-11-02 The literary relationship of James Joyce and Wyndham Lewis has previously been described in merely biographical terms In *The Fictions of James Joyce and Wyndham Lewis* Scott W Klein takes Wyndham Lewis's criticism of *Ulysses* in *Time and Western Man* and Joyce's implicit response to Lewis in *Finnegans Wake* as an emblematic opposition signalling significant textual relations within and between the fictions of the two authors The seeing eye and the world the creating mind and fiction language and its aesthetic and political object and the processes of history all appear in the work of both Joyce and Lewis as related thematic structures that raise questions about binarism dialectic and the reconciliation of opposites Detailed examination of key texts by Joyce and Lewis reveals hitherto

unperceived affiliations between the two writers and offers new insight into the politics and aesthetics of modernism

The Cambridge Companion to Wyndham Lewis Tyrus Miller, 2016-02-09 This Companion offers fresh insight into the controversial works both literary and visual of Wyndham Lewis Written by a team of leading experts this book examines Lewis's work in light of contemporary concerns with radical politics feminism and queer perspectives and the effects of mass media

In the Hollow of the Wave Bonnie Kime Scott, 2012-05-23 Examining the writings and life of Virginia Woolf In the *Hollow of the Wave* looks at how Woolf treated nature as a deliberate discourse that shaped her way of thinking about the self and the environment and her strategies for challenging the imbalances of power in her own culture all of which remain

valuable in the framing of our discourse about nature today Bonnie Kime Scott explores Woolf's uses of nature including her satire of scientific professionals and amateurs her parodies of the imperial conquest of land her representations of flora and fauna her application of post impressionist and modernist modes her merging of characters with the environment and her ventures across the species barrier In shedding light on this discourse of Woolf and the natural world Scott brings to our attention a critical neglected and contested aspect of modernism itself She relies on feminist ecofeminist and postcolonial theory in the process drawing also on the relatively recent field of animal studies By focusing on multiple registers of Woolf's uses of nature the author paves the way for more extended research in modernist practices natural history garden and landscape studies and lesbian queer studies

Modernism and the Aesthetics of Violence Paul Sheehan, 2013-06-24 The notion that violence can give rise to art and that art can serve as an agent of violence is a dominant feature of modernist literature In this study Paul Sheehan traces the modernist fascination with violence to the middle decades of the nineteenth century when certain French and English writers sought to celebrate dissident sexualities and stylized criminality Sheehan presents a panoramic view of how the aesthetics of transgression gradually mutates into an infatuation with destruction and upheaval identifying the First World War as the event through which the modernist aesthetic of violence crystallizes By engaging with exemplary modernists such as Joyce Conrad Eliot and Pound as well as lesser known writers including Gautier Sacher Masoch Wyndham Lewis and others Sheehan shows how artworks so often associated with creative well being and communicative self expression can be reoriented toward violent and bellicose ends
