Making Love:

How to Make Love All Night (And Drive a Woman Wild) Lance Candella, 2015-12-27 Daniel and Allison have been making love on a rainy Sunday morning and they are both totally turned on. It started in the shower with a slow massage and moved to the bedroom where they have been having intercourse for the past ten minutes. Daniel knows that Allison needs at least another five minutes of intercourse before she can climax. Here's the problem: Daniel doesn't think he has five minutes left in him. If Daniel continues having intercourse the way he has for the past ten minutes, it may be only a matter of seconds before he has an orgasm. He thinks about slowing down or stopping but to break the rhythm now would only make it more difficult for Allison to climax. He knows that Allison is at that stage where any kind of change in his movement would only frustrate her. Besides, if he tried to stop or to change the rhythm, Daniel could lose strength in his erection, which would complicate matters even further. This dilemma is making the whole experience a lot less pleasurable for Daniel. The first few minutes of sex were pure excitement, but now he is worried and conflicted. It is hard to enjoy sex when you're fighting your own body. Truth is, you really can't enjoy sex when you're fighting your own body. And neither can your partner. What Daniel does not yet know is that he has another option: male multiple orgasm. The multi-orgasmic man has staying power. He doesn't have to hold back. He doesn't have to fight his own body and deny himself his own pleasure. He can enjoy all of the erotic sensations of intercourse, have a full orgasm, and keep going. If he wishes, he can have a second orgasm and keep going. He can last as long as his partner wishes, experience all of the excitement and release, and keep going. For the multi-orgasmic man, the sky is truly the limit. Daniel is not the only man who has this exciting option. Today's techniques have been perfected to make male multiple orgasm an option for almost every man. Age doesn't matter. Previous experience doesn't matter. Young or old, virgin or veteran, all you need is the desire, your penis, and a few minutes a day. So don't stop now. Turn the page and cross the threshold into a whole new sense of your own sexuality and a whole new relationship for you and your partner. Enjoy your ebook *Sex: How to Make Love All Night*.

Are You Making Love or Just Having Sex? Elliot D. Cohen, 2024-10-15 In making love, one is elevated beyond the carnal desires; it satisfies. For the religious, it is Divine; for those who are not religiously inclined, it is still a spiritual experience: one of seamless solidarity, a unity of two as one that defies mere orgasmic stimulation. You don't have to make love to have sex. Even strangers can be sexually attracted and have an orgasmic escapade. But in the act of making love, there is symbolic meaning that is felt through and through the sex act. Two in love are joined in life, and the sexual expression of this union is deeply felt in the sex act itself. This is sexual intimacy, the making of love, the likes of which is rarely, if ever, seen outside a loving relationship. There is no escape from the philosophical dimensions of such a loving relationship. It is as abstract as it is concrete in the ideals that ground it. There is a mystery about it, a kind of transcendent experience that defies translation into words. Making and being in love are thus joined at the hip. Loving relationships make the bed in which true lovers sleep. Unfortunately, many relationships flounder or never get off the ground. Just having sex may ease the tension, but

it then becomes a means not truly an end in itself The moment the sex act ends the couple may retreat and fall into discord It is an oasis in a barren desert that provides temporary relief a titillating temporary escape from reality This book can help you to overcome the obstacles the unlovable habits that encumber your relationship both inside and outside the bedroom It can help to create the harmonic balance between your sex life and other aspects of your personal and interpersonal relationships which are preludes to making and being in love To accomplish this it applies a five step method based on Logic Based Therapy Consultation LBTC a popular form of evidence based philosophical counseling modality First it introduces you to six types of unlovable ways of thinking and acting and helps you to identify the ones that may be sabotaging your own relationship Second it shows you how to counter these self defeating habits with certain lovable goals virtues of love Third it helps you to identify and embrace a personal love philosophy that empowers you to reach for your lovable goals Fourth it provides core philosophical ideas that are key to any successful quest for romantic love Fifth it helps you construct a behavioral plan that applies your philosophies to making constructive changes in your relationship The latter may require making changes both inside and outside your relationship Thus this book also shows you how the problems you are having in one area of your life at work in your social life etc can affect the quality of your relationship inside and outside the bedroom and it offers guidance including self improvement exercises to overcome these impediments and attain enduring love and sexual intimacy
