The Making of Johnson's Dictionary 1746-1773 Allen Reddick, 1996-01-26 This second edition of the acclaimed study of Johnson's Dictionary incorporates new commentary and scholarship      **Anniversary Essays on Johnson's Dictionary** John T. Lynch, Anne McDermott, 2005-04-14 A collection of original essays celebrating the 250th anniversary of the publication of the Dictionary      Samuel Johnson's Pragmatism and Imagination Stefka Ritchie, 2018-11-07 The central theme of this book is an under studied link between the canon of Francis Bacon's and Isaac Newton's scientific and philosophical thought and Samuel Johnson's critical approach that can be traced in a textual study of his literary works The interpretive framework adopted here encourages familiarity with the history and philosophy of science confirming that the history of ideas is an entirely human construct that constitutes an integral part of intellectual history This further endorses the argument that intermediality can only be of benefit to future research into the richness of Johnson's literary style As perceived boundaries are crossed between conventionally distinct communication media the profile of Johnson that emerges is of a writer of passionate intelligence who was able to combine a pragmatic approach to knowledge with flights of imagination as a true artist      **Johnson, Writing, and Memory** Greg Clingham, 2002-09-05 This study demonstrates the importance of memory in Samuel Johnson's work Greg Clingham argues that this concept of memory is derived from the process of historical and creative writing it is embodied in works of literature and other cultural forms He examines Johnson's writing including his biographical writing as it intersects with eighteenth century thought on literature history fiction and law and its subsequent compatibility with and resistance to modern theory      **The Oxford Handbook of Samuel Johnson** Jack Lynch, 2022 A Handbook devoted to the work of Samuel Johnson 1709-1784 organized in three sections that study Johnson's career his major and lesser known works and the subjects that were most important to him as a writer thinker and moralist

eighteenth century literary criticism as a debate over theories of reading and argues that literary criticism emerged as a reaction against the role associated with print in the English Civil Wars of the 1640s      **Samuel Johnson in Context** John T.
