Goldstein, 2007-08-01 It is not possible to fully understand contemporary politics between China and the Dalai Lama without understanding what happened and why during the 1950s In a book that continues the story of Tibet's history that he began in his acclaimed A History of Modern Tibet 1913 1951 The Demise of the Lamaist State Melvyn C Goldstein critically revises our understanding of that key period in midcentury This authoritative account utilizes new archival material including never before seen documents and extensive interviews with Tibetans including the Dalai Lama and with Chinese officials Goldstein furnishes fascinating and sometimes surprising portraits of these major players as he deftly unravels the fateful intertwining of Tibetan and Chinese politics against the backdrop of the Korean War the tenuous Sino Soviet alliance and American cold war policy China's Elite Politics Zhiyue Bo, 2010 A sequel to the author's trailblazer China's Elite Politics Political Transition and Power Balancing published by World Scientific in 2007 this book tackles the issue of governance in China It provides up to date information on China's political elites and evaluates their ability to deal with crises through four case studies Snowstorm in the South the Tibet issue the Sichuan Earthquake and the Beijing 2008 Olympic Games Along with China's Elite Politics Political Transition and Power Balancing this book provides rich empirical information on and insightful theoretical understanding of national level politics in China and serves as a good reference source for students of Chinese politics **Non-Violence** Domenico Losurdo, 2015-04-09 We know of the blood and tears provoked by the projects of transformation of the world through war or revolution Starting from the essay published in 1921 by Walter Benjamin twentieth century philosophy has been committed to the criticism of violence even when it has claimed to follow noble ends But what do we know of the dilemmas of the betrayals of the disappointments and tragedies which the movement of non violence has suffered This book tells a fascinating history from the American Christian organizations in the first decades of the nineteenth century who wanted to eliminate slavery and war in a non violent way to the protagonists of movements Thoreau Tolstoy Gandhi Capitini M L King the Dalai Lama who either for idealism or for political calculation flew the flag of non violence up to the leaders of today's color revolutions **War in Modern China** Harold M Tanner, 2025-09-30 This book offers comprehensive coverage of China's military history from the Qing dynasty 1644 1912 to present China has become one of the great world powers of the twenty first century As a result Chinese leaders and observers outside of China alike seek to explain China's strategic thought and action In doing so they routinely refer to China's military history This volume examines this history beginning with the Qing dynasty's era of imperial expansion and subsequent decline continuing with the wars against foreign aggression and internal uprisings of the nineteenth century the revolutionary overthrow of the Qing in 1911 and seemingly constant wars of the first half of the twentieth century and

concluding with the Chinese Communist Party's use of military power from 1950 to present This history is generally presented as a narrative of imperial greatness followed by a century of national humiliation followed by a recovery of national wealth and power under Communist Party leadership While acknowledging this narrative Harold Tanner digs deeper to reveal a fundamental continuity of interests underlying Chinese strategic thinking from the Qing to the present while also showing how the theory and practice of war in China changed over time as Chinese political and military leaders wrestled with tremendous challenges drawing on foreign sources as well as their own cultural heritage to seek new solutions Both engaging and timely *War in Modern China A Military History* is essential reading for students scholars and enthusiasts of Chinese and global military history
