Making Of The Christian World:

The Making of a Christian Mind Arthur Frank Holmes,1985 **The Making of the Christian World J.**

Payne,Robert Payne,1990 *The Making of the Christian World* Robert Payne,1966 **The Christian World** Martin Marty,2009-01-13 In this cogent volume historian Martin Marty gives readers of all faiths a brief yet sweeping account of Christianity and how it grew from a few believers two thousand years ago to become the world s largest religion He depicts the life of Christ and his teachings and explains how the apostles set out to spread the Gospel With a special emphasis on global Christianity Marty shows how the religion emerged from its ancestral homeland in Africa the Levant and Asia Minor was imported to Europe and then expanded from there to the rest of the world While giving a broad overview Marty also focuses on specific issues such as how Christianity attempts to reconcile with the teachings of Christ some of its stances on armed conflict justice and dominion *The Christian World* is a remarkable testament to how Christ s message has touched human experience everywhere **Making the Best of It** John G. Stackhouse Jr.,2008-04-02 What should be the Christian s attitude toward society When so much of our contemporary culture is at odds with Christian beliefs and mores it may seem that serious Christians now have only two choices transform society completely according to Christian values or retreat into the cloister of sectarian fellowship In *Making the Best of It* John Stackhouse explores the history of the Christian encounter with society the biblical record and various theological models of cultural engagement to offer a more balanced and fruitful alternative to these extremes He argues that rather than trying to root up the weeds in the cultural field or trying to shun them Christians should practice persistence in gardening God s world and building toward the New Jerusalem Examining the lives and works of C S Lewis Reinhold Niebuhr and Dietrich Bonhoeffer for example and direction Stackhouse suggests that our mission is to make the most of life in the world in cooperation with God s own mission of redeeming the world he loves This model takes seriously the pattern of God s activity in the Bible and in subsequent history of working through earthly means through individuals communities and institutions that are deeply flawed but nonetheless capable of accomplishing God s purposes Christians must find a way to live in this world and at the same time do work that honors God and God s plan for us In an era of increasing religious and cultural tensions both internationally and domestically the model that Stackhouse develops discourages the all or nothing attitudes that afflict so much of contemporary Christianity Instead he offers a fresh and refreshingly nuanced take on the question of what it means to be a Christian in the world today **World Religions Through a Christian Worldview** Pat Zukeran,2008-08 Do Jews Muslims and Christians worship the same God Should Christians participate in Yoga or the martial arts Christians today are constantly interacting with individuals concepts and practices from the world s religions To be an effective witness and avoid embracing false ideas it is essential for Christians to understand and evaluate the various religions from a biblical perspective This book is designed to equip Christians for that task Section one gives an overview of the major religions followed by a biblical critique Section two presents an overview and

biblical critique of popular religious ideas and practices such as alternative medicine martial arts and yoga Section three addresses the challenges of religious pluralism and presents the author s defense for the unique and exclusive truth of Christianity This is a needed resource for all who want to be an effective witness for Christ in a pluralistic world This is a handy helpful handbook for witnessing to unbelievers from various and sundry religious perspectives Dr Norman Geisler Christian scholar apologist author and founder of Southern Evangelical Seminary World Religions Through a Christian Worldview offers another excellent resource for learning about the beliefs of various religious groups and how they compare with the Bible It will be helpful for Christians who want to understand and witness to members of these groups Non Christian readers will learn why Christianity is different from other religious claims John Ankerberg Author and Host of The John Ankerberg Show Patrick Zukeran earned a Master of Theology from Dallas Theological Seminary a Doctorate of Ministry from Southern Evangelical Seminary and serves on staff with Probe Ministries He is a researcher author radio talk show host and a national and international speaker on apologetics For more information visit www.probe.org and www.evidenceandanswers.org

Biblical Economic Policy: Ten Scriptural Truths for Fiscal and Monetary Decision-Making David Arnott PhD, Sergiy Saydometov PhD ,2021-09-06 What does the Bible say about economics A lot What about socialism which is becoming an increasingly common concern in US economic policy discussions In Biblical Economic Policy Arnott and Saydometov build a biblical framework for analyzing national economic policy that takes on everything from taxes to spending to tariffs to minimum wage The Bible has something to say about all these critical present day issues and this book explains how to apply it to 21st century policies Authors Dave Arnott and Sergiy Saydometov hold up the mirror of the Bible and ask their fellow Christians Is this the way we re supposed to run a biblical economy What the book is not It is NOT a financial advice book It is NOT about how to apply business principles at work It is NOT about stewardship or giving It is NOT about how to run your business for the glory of God Biblical Economic Policy takes the macroeconomic view and analyzes how well America s economic policies align with biblical principles This book tackles difficult present day economic policies including taxes spending national debt interest rates and money supply Written with sound biblical grounding in accessible language Biblical Economic Policy will turn the common reader into a biblical economic analyst

The Making of Manhood Among Swedish Missionaries in China and Mongolia, C. 1890-c. 1914 Erik Sidenvall,2009 Over the last thirty years issues of gender have been creatively explored within the field of mission studies Whereas the life and work of female missionaries have been fruitfully reflected upon male gender identity has often been understood as an unchanging category This book offers a pioneering account of the relationship between missionary work and masculinity By examining four individual men this study explores how self making occurred within foreign missions but also how conceptions of male gender informed missionary work Changes that occurred in the lives of these men are placed within the broader context of how issues of gender were renegotiated within the contemporary missionary movement

Christians Today—Questions—Choices We Make ! Charles Phillips, 2019-05-31 The one purpose of this book is that you can understand the relationship our Creator God wants with His children that He has created on this earth As you have read and discover how far we all have departed from what our Creator made at creation week we all need to renew our relationship with our Creator God My friend whoever you are and wherever you are and no matter how far you have gone away from God this call is for you Accept Christ s atoning sacrifice for your sins there on Calvary s cross where the old account was settled years ago You cannot purchase His Gift only except His Gift of Love Soon and very soon The Son of Man shall come in the glory of His Father with His angels and then He shall reward every man according to his works Matt 16 27 Do you want to be one of those that will hear His voice calling those who Loves Christ Make your decision today **Making Charisma** Anthony J. Blasi, The authority of charisma entails a devotion to the exceptional sanctity heroism or exemplary character of an individual person In the sociology of religion it has long been held that the authority of institutions is legitimated by their identification with charismatic personalities However in this book which examines the construction of St Paul s public image Anthony J Blasi argues that charisma comes as much from us as it is projected by the personages It is a work of the collective imagination and a fulfillment of a social need Thus the charisma of St Paul is shown to emerge as much or more from the dynamics of early Christianity s institutionalization as from the person of Paul While acknowledging the importance of certain features of Paul s actual biography the principle focus of the book is on how Paul became an important personality in Christian tradition in the decades immediately following his death The ability of the charismatic personality to make acts and creeds religiously legitimate is usually thought of by sociologists as producing normative organizations such as churches but here it is shown that Paul s charisma was consciously fostered and promoted by the incipient Christian church The book is divided into segments that examine the social construction of charisma the role of St Luke in fashioning Paul s posthumous image the traditions and legends that grew up around Paul after his death including inauthentic Pauline letters written in his name and the dynamics of constructing the image in the religious and historical context of the time The author concludes with a reconsideration of what is meant by charisma and how it is created This is one of the few studies which takes advantage of the methods of literary criticism to explore the social processes at work in early Christianity Making Charisma will be of interest to sociologists of religion and a wide range of scholars interested in the history of religion
