

A man and a woman are seen from behind, standing in a dark, modern interior. They are looking at a large, vibrant bouquet of red roses that is illuminated from below, creating a dramatic effect. The man is wearing a dark jacket and the woman is wearing a dark coat. The background is dark with some architectural lines visible.

Nachrichten Aus Dem Ghetto Liebe:

Theories of Women's Studies Gloria Bowles, Renate Duelli Klein, 2024-11-20 Women's Studies investigates the world from women centred perspectives which cross the boundaries of traditional academic disciplines. Thus every issue every question is material for Women's Studies. The worldwide development of Women's Studies during the 1970s and 1980s presented a radical challenge to the male centred bias which dominated knowledge making at the time. Originally published in 1983, in this book feminist scholars discuss the assumptions and aims of Women's Studies, its connections with the women's movement, its research, its teaching and its emerging methodologies. The contributors come from a range of disciplines: the humanities, the social and natural sciences and from international backgrounds, primarily the USA and Britain, Germany and Switzerland. They are united in working to develop a trans disciplinary approach to the generation and distribution of knowledge and it is these new questions and their implications that demonstrate the exciting potential of a feminist education in women's international quest for social change.

German Feminism Edith H. Altbach, Jeanette Clausen, Dagmar Schultz, Naomi Stephan, 1984-06-30 Rich, diverse and complex, this anthology presents the new prose fiction of women from both Germany and Austria and the working papers of the German women's movement since the late 1960s. The alternation of an inner and outer focus in these selections allows the reader to explore the resonance between political thought and action and the creative expression of women's own experience. Also invaluable and exemplary of the vitality of German feminists is their capacity for self criticism and theoretical analysis. Two introductory essays give comprehensive overviews of current directions in German feminism and women's literature with historical background and interpretation. The sequence of chapters interweaves short stories and novel excerpts with essay reportage and manifesto in all more than 50 texts. The literary material is grouped by tone, mood and theme in sections entitled: The Way It Is, Woman Hating, Struggles, Visions and Dreams, and Our Past, Our Future. The political material is arranged topically under the headings: Breaking the Silence, Body Politics, Reportage and Essay, Sisterhood, Motherhood and Housework, Feminist Strategy and Women's Studies. Of assistance to students and scholars are the extensive bibliographic notes in the two introductory essays and in many of the nonliterary texts, as well as thoughtful and explanatory chapter introductions and headnotes accompanying each text.

Triangulated Visions Ingeborg Majer O'Sickey, Ingeborg von Zadow, 1998-04-09 This broad ranging collection, the first of its kind, gathers essays on the representation of women in recent German cinema as well as recent interviews with German women filmmakers.

Beyond Methodology Mary Margaret Fonow, 1991-04-22 A stellar cast of authors discuss and describe feminist research reflecting the state of feminist discourse in sociology. Its high quality makes it a must in sociology and women's studies collections. Choice: empowering thought provoking. Gender Society: a valuable addition to the literature on feminism and method that reveals important discrepancies and shared themes in its chapters. Contemporary Sociology: In this interdisciplinary collection of articles by internationally recognized feminist scholars, the authors examine efforts to apply

feminist principles to the research act Each stage of the research process is examined from sampling techniques to mass media packaging and marketing of feminist research The essays address both abstract philosophical questions and the more practical ways theories are translated into feminist inquiry Multidisciplinary Perspectives on Family Violence Renate C.A.
