New Exploits Of Sherlock Holmes:

The New Exploits of Sherlock Holmes Adrian Conan Doyle,1952 *The Exploits of Sherlock Holmes* Adrian Conan Doyle,John Dickson Carr,1954-01-01

The Alternative Sherlock Holmes Peter Ridgway Watt,Joseph Green,2017-03-02 Between 1887 and 1927 Sir Arthur Conan Doyle wrote sixty Sherlock Holmes stories and his great Canon has become the most praised most studied and best known chapter in the history of detective fiction Over twenty thousand publications pertaining to the Sherlock Holmes phenomenon are known to have been published most of them historical and critical studies In addition however almost since the first stories appeared such was their uniqueness and extraordinary attraction that other authors began writing stories based on or derived from them A new genre had appeared pastiches parodies burlesques and stories that attempted to copy or rival the great detective himself As the field widened there was hardly a year in the twentieth century in which new short stories or novels did not appear Many hundreds are now known to have been published some of them written by authors well known for their work in other literary fields The non canonical Sherlock Holmes literature not only constitutes a literary field of considerable historical interest but includes many stories that are both enjoyable and fascinating in their own right Although a large bibliography on these stories exists and a few limited anthologies have been published no attempt has previously been made to collect them all and discuss them comprehensively The Alternative Sherlock Holmes does so it provides a new and valuable approach to the Sherlock Holmes literature as well as making available many works that have for years remained forgotten Presented as an entertaining narrative of interest to both the aficionado and the scholar it provides full bibliographic data on virtually all the known stories in the field Sherlock Holmes. Inglese Daniele Della Rocca,2022-12-20 Una guida al celebre personaggio illustrata con numerose fotografie e poster Il libro comprende cast trame e commenti di film adattamenti teatrali romanzi e fumetti in un arco di oltre 130 anni An a z guide to the famous detective illustrated with numerous photographs and posters The book includes cast storylines and film comments theatrical adaptations novels and comics in over 100 years **How Sherlock Pulled the Trick** Brian McCuskey,2021-06-01 A masterful combination of literary study and author biography How Sherlock Pulled the Trick guides us through the parallel careers of two inseparable men Sherlock Holmes and his creator Sir Arthur Conan Doyle Reconsidering Holmes in light of Doyle s well known belief in Victorian spiritualism Brian McCuskey argues that the so called scientific detective follows the same circular logic along the same trail of questionable evidence that led Doyle to the s ance room Holmes s first case A Study in Scarlet was published in 1887 when natural scientists and religious apologists were hotly debating their differences in the London press In this environment Doyle became convinced that spiritualism as a universal faith based on material evidence resolved the conflict between science and religion The character of Holmes with his infallible logic was Doyle s good faith solution to the cultural conflicts of his day Yet this solution has evolved into a new problem Sherlock Holmes now

authorizes the pseudoscience that corrupts our public sphere defying logic revising history and promoting conspiracy theories As this book demonstrates wearing a deerstalker does not make you a mastermind more likely it marks you as a crackpot Fascinating and highly readable How Sherlock Pulled the Trick returns the iconic Holmes to his mystical origins

The Universal Sherlock Holmes Ronald Burt De Waal, 1994 *Icons of Mystery and Crime Detection* Mitzi M. Brundsdale, 2010-07-26 This book provides an introduction to 24 iconic figures real and fictional that have shaped the detective mystery genre of popular literature Icons of Mystery and Crime Detection From Sleuths to Superheroes is an insightful look at one of our most popular and diverse fictional genres providing a guided tour of mystery and crime writing by focusing on two dozen of the field's most enduring creations and creators Icons of Mystery and Crime Detection spans the history of the detective story with series of critical entries on the field's most evocative names from the originator of the form Edgar Allan Poe to its first popular running character Sherlock Holmes from the Golden Age of Sam Spade Philip Marlowe and Charlie Chan in fiction and films to small screen heroes such as Columbo and Jessica Fletcher Also included are other accomplished practitioners of the craft of mystery crime storytelling including Agatha Christie Tony Hillerman and Alfred Hitchcock *Jolly Good Detecting* Bruce Shaw, 2013-12-19 This book is an appreciation of selected authors who make extensive use of humor in English detective crime fiction Works using humor as an amelioration of the serious have their heyday in the Golden Age of crime writing but they belong also to a long tradition There is an identifiable lineage of humorous writing in crime fiction that ranges from mild wit to outright farce burlesque even slapstick A mix of entertainment with instruction is a tradition in English letters English crime fiction writers of the era circa 1913 to 1940 were raised in the mainstream literary tradition but turned their skills to detective fiction And they are the humorists of the genre This book is not an exhaustive study but an introduction into the best produced by the most capable and enjoyable authors What the humorists seek is to surprise the reader by overturning their expectations using a repertoire of stylistic conceits and motifs recurring incidents devices references Humor has a liberating effect but is concerned too with comic contrast through ugliness and caricature In crime fiction one effect is intellectual pleasure at solving or attempting to solve a puzzle Another is entertainment but with serious undertones **The Supernatural and Fantastic in Short Detective Fiction** Laird R.

Blackwell, 2020-11-23 Although fantasy and supernatural literature have long and celebrated histories many critics contend that the fantastic and the supernatural have no place in the logical rational world of the detective story This book is the first extensive study of the fantastic in detective fiction and it explores the highly debated question of whether detective fiction and the fantastic can comfortably coexist The locked room mystery which often uses the fantastic as a red herring to eventually be debunked by reason and logic has long been among the most popular subgenres of detective fiction This book also explores stories featuring almost supernaturally gifted detectives stories where the supernatural is truly encountered and stories with ambiguous endings Close to 500 detective stories from 1841 to 2000 in which the fantastic or supernatural

plays a central role are discussed and analyzed Although not all the stories are judged to be successful as detective tales in the great majority the fantastic enlivens the tale and deepens the mystery without weakening the detective elements
