to give form to a principle of sovereignty based on the category of representation In doing so he proposes the formless as the limit of modern and contemporary reflections on the meaning of politics while exploring the philosophical consequences of a formless concept of temporality for the critique of metaphysics Rodr guez Matos takes the writing and thought of Jos Lezama Lima as the guiding thread in exploring the possibility of a politiccity in which time is imagined beyond the disciplining functions it has had throughout the metaphysical tradition a time of the absence of time in which the absence of time no longer means eternity
