New England Notables:

New England's Notable Women Patricia Harris, 2022-07-15 New England has nurtured countless women who shook off traditional gender roles to forge their own destinies Their achievements are legion Narragansett tribal historian Princess Red Wing served as a delegate to the United Nations and co founded Rhode Island's Tomaquag Museum Boston iconoclast Isabella Stewart Gardner had the acute artistic vision to establish the museum that bears her name Harriet Beecher Stowe ignited public opinion against slavery arguably hastening the Civil War as displays in her Hartford home make clear Pioneering naturalist Rachel Carson jumpstarted the modern environmental movement with her writings about the rocky beaches and quivering tidepools of Southport Maine New England's Notable Women shines the spotlight on 45 of these trailblazers and achievers and directs readers to the homes and sites throughout New England where their stories come to life *Fifty Notable Years* John Greenleaf Adams, 1882 [Notable American Women, 1607-1950](#) Radcliffe College, 1971 Vol 1 A F Vol 2 G O Vol 3 P Z modern period **Notable American Unitarians 1936-1961** Herbert Vetter, 2007-06-01 Concise biographies of over 100 American Unitarians 1936-1961 **200 Notable Days** Richard A. Baker, 2006 Comprised of 200 readable and informative historic vignettes reflecting all areas of Senate activities from the well known and notorious to the unusual and whimsical Prepared by Richard A Baker the Senates Historian these brief sketches each with an accompanying illustration and references for further reading provide striking insights into the colorful and momentous history of The World's Greatest Deliberative Body Review from Goodreads Jason rated this book with 3 stars and had this to say This coffee table book on Senate History comes from none other than the U S Senate Historian Richard Baker The House of Representatives recently acquired noted historian of the Jacksonian era Robert Remini as the official House Historian He recently wrote a pretty impressive tomb on the House of Representatives The Senate already has a 4 volume history written by US Senator Robert C Byrd of West Virginia so the Senate could not reply in that manner So I think the coffee table book was the best that we could muster I think this is the first time I have actually read a coffee table book from cover to cover It is a chatty little story book filled with useful cocktail party history of the US Senate That's useful knowledge to me as I never know what to say at Washington cocktail parties Perhaps anecdotes about Thomas Hart Benton will help break the ice The most striking thing to me about the book was the number of attacks on the Capitol I had heard about all the incidents individually but it is more jolting to see them sequentially 3 bombings 2 gun attacks and then the attempt on September 11th In a way its remarkable that the Capitol complex remained so open for so long Note I use the past tense here As any of you who have visited the capitol recently will have noted it is increasingly difficult to get in And once the Capitol Visitor Center is completed I expect it will be very much a controlled experience like the White House In any case Baker's prose is breezy and he is dutifully reverent to the institution without missing the absurdities of Senate life You also get a sense of the breakdown in lawfulness that preceded the Civil War Its not just the canning of Charles Sumner its also the Mississippi Senator pulling a

gun on Missouri Senator Thomas Hart Benton in the Senate chamber Then there is the case of California Senator David Broderick an anti slavery Democrat being killed in a duel by the pro slavery Chief Justice of the California Supreme Court Apparently back in those days California was a lot more like modern Texas In any case the slide toward anarchy can definitely be found long before Fort Sumter Another interesting aside that I really never knew concerns the order of succession All of us learn in school that it is the President then the Vice President then the Speaker of the House and then President Pro Tempore of the Senate After that you get the members of the Cabinet and I was aware that as new departments were created they have been shuffled up a bit What I did not know is that Congress was not always in the order of succession at all For a long time it devolved from the President to the VP and then directly to the Secretary of State Furthermore when they first inserted Congress it was the President Pro Tempore of the Senate who was third in line over the Speaker of the House The structure we all know and love was only finalized in 1947 after some hard thinking in light of FDR's demise and the Constitutional Amendments on succession that followed Anyway this is a book for government geeks If you are one its a nice read and about as pleasant a way to introduce yourself to Senate history as I have found If not there are prettier coffee table books to be had

Rogues to Royalty: Notable Ancestral Lines of Ernest Dunton and Sadie May Jordan of Norfolk, Massachusetts Sandy Dahlfred, 2018-02-03 Kings Pilgrims United States Presidents you d never guess that the ancestry of a humble couple from Norfolk Massachusetts includes such notables The Ernest and Sadie Dunton family can boast founding fathers a famous bear tamer war heroes and even a ghost Although Ernest and Sadie lived traditional lives for their time period and accomplished nothing that would be considered remarkable or extraordinary hidden in their respective family trees are gems worth investigating and keeping alive for us their living descendants as well as for future generations This book tells the stories that our parents grandparents great grandparents probably didn't

Notable American Women Barbara Sicherman, Carol Hurd Green, 1980 Modeled on the Dictionary of American Biography this set stands alone but is a good complement to that set which contained only 700 women of 15 000 entries The preparation of the first set of Notable American Women was supported by Radcliffe College It includes women from 1607 to those who died before the end of 1950 only 5 women included were born after 1900 Arranged throughout the volumes alphabetically entries are from 400 to 7 000 words and have bibliographies There is a good introductory essay and a classified list of entries in volume three

Fifty Notable Years Views of the Ministry of Christian Universalism John G. Adams, 2014-03-18 Every intelligent reader of that expressive line of Longfellow Let the dead past bury its dead understands that if the dead past may be buried as it deserves to be the living past will be remembered recorded celebrated honored in all time to come It is well always that we have our eyes open to this fact Among the many voices heard in the discussions going on in the religious world during the last half century has been that of Christian Universalism It is still speaking more emphatically and widely than ever A brief and

comprehensive notice of its manifestations is surely worthy of consideration at the present time It is the intent of this volume to keep in sacred remembrance some of the preachers and defenders of the Gospel of God s impartial grace who in times when it was frowned upon and misrepresented in and out of the churches had the Christian courage and loyalty to avow and maintain it They have made the past not dead but gloriously alive in their faith and works
