Pagan Theology Paganism As A World Religion:

Pagan Theology Michael York, 2005-04 In Pagan Theology Michael York situates Paganism one of the fastest growing spiritual orientations in the West as a world religion He provides an introduction to and expansion of the concept of Paganism and provides an overview of Paganism's theological perspective and practice He demonstrates it to be a viable and distinguishable spiritual perspective found around the world today in such forms as Chinese folk religion Shinto tribal religions and neo Paganism in the West While adherents to many of these traditions do not use the word pagan to describe their beliefs or practices York contends that there is an identifiable position possessing characteristics and understandings in common for which the label pagan is appropriate After outlining these characteristics he examines many of the world's major religions to explore religious behaviors in other religions which are not themselves pagan but which have pagan elements In the course of examining such behavior York provides rich and lively descriptions of religions in action including Buddhism and Hinduism Pagan Theology claims Paganism's place as a world religion situating it as a religion a behavior and a theology

Pagan Mysticism Michael York, 2018-12-10 As a non dogmatic religion paganism is a spirituality that is variously interpreted in terms of nature worship this worldliness the valuing of the physical and multiple understandings of the sacred Like most religions pagan spirituality also entertains the experience of mystical ecstasy as an intense state of psycho spiritual consciousness that radically diverges from ordinary waking awareness This volume addresses two fundamental questions namely how do the world's religions understand the mystical and its pursuit and how and why does paganism offer something different Proverbially the mystical quest is an ultimate human endeavour The re emergence of pagan thought in contemporary times challenges the obsolete and unlocks both innovation and available forms of transpersonal emancipation

Pagan Ethics Michael York, 2015-08-05 This book is the first comprehensive examination of the ethical parameters of paganism when considered as a world religion alongside Christianity Islam Judaism Hinduism and Buddhism The issues of evil value and idolatry from a pagan perspective are analyzed as part of the Western ethical tradition from the Sophists and Platonic schools through the philosophers Spinoza Hume Kant and Nietzsche to such contemporary thinkers as Grayling Mackie MacIntyre Habermas Levinas Santayana etc From a more practical viewpoint a delineation of applied pagan ethics is then presented in connection with current moral issues such as same sex union recreational drugs environmental awareness abortion and terrorism Finally overviews of sectarian pagan ethics Shinto Santeria Heathenism Druidry Romuva Slavic Kemeticism Classical and Wicca provide both the general and pagan reader with an understanding of the provocative range and differentiation of pagan ethical thought The book approaches the Western ethical tradition as an historical development and a continuing dialogue The novelty of this approach lies in its consideration of paganism as a legitimate voice of religious spirituality rather than a satanic aberration or ridiculous childish behavior The book is aimed at both the contemporary Western pagan and anyone with an interest in the moral dilemmas of our times and the desire to engage in the global ethical

discussion Among the more important features of the book are its presentation of a re evaluation of idolatry the notion of the virtue value the richness of the pagan tradition and the expansion of Western ethics beyond its Christian heritage

Eros and Touch from a Pagan Perspective Christine Kraemer, 2013-10-23 Within the past twenty years contemporary Pagan leaders progressive Christian and Goddess theologians advocates for queer and BDSM communities and therapeutic bodyworkers have all begun to speak forcefully about the sacredness of the body and of touch Many assert that the erotic is a divinely transformative force both for personal development and for social change Although the erotic includes sexuality it is not limited to it access to connected nonsexual touch is as profound a need as that for sexual freedom and health In this book Christine Hoff Kraemer brings together an academic background in religious studies and theology with lived experience as a professional bodyworker and contemporary Pagan practitioner Arguing that the erotic is a powerful moral force that can ground a system of ethics Kraemer integrates approaches from queer theology therapeutic bodywork and sexual minority advocacy into a contemporary Pagan religious framework Addressing itself to liberal religious people of many faiths *Eros and Touch from a Pagan Perspective* approaches the right to pleasure as a social justice issue and proposes a sacramental practice of mindful consensual touch

What Do Pagans Believe? Graham Harvey, 2013-08-29 Paganism is among the fastest growing religions in the world It is most commonly expressed in the celebration of seasonal festivals such as the solstices through the use of magic and in attempts to make changes in the world or in individual consciousness Among the number of different paths to paganism are Druidry Wicca Heathenry and Goddess Spirituality all of which celebrate nature Paganism engages with some of the chief concerns of this age ecology and feminism for example It draws on ancient sources but allows individuals to explore their current relevance At its heart Paganism encourages people to live respectfully alongside all life and not to raise humanity above any other species Graham Harvey explores Paganism's appeal and gives a clear insight into its key beliefs

The New Spirituality Gordon Lynch, 2007-04-27 Much attention has been given in recent writings about religion to fundamentalism and the religious right But less attention has been given to their opposite the emergence of a new generation of progressive religious thinkers and organisations on the religious left *The New Spirituality* is one of the first books to give a comprehensive and authoritative account of this burgeoning progressive religious movement It offers a clear

and engaging analysis of the cultural roots key ideas and organisational structures of this new faith assessing its significance in the changing moral and religious landscape of contemporary western society Gordon Lynch argues that we are witnessing the rise of a new religious ideology which reveres the natural world connects religious faith with novel scientific theories and has a forward looking agenda for society's transformation The New Spirituality will be essential reading for students attempting to understand the shape of religious belief in the twenty first century *The Cambridge Handbook of Western Mysticism and Esotericism* Glenn Alexander Magee,2016-04-18 Mysticism and esotericism are two intimately related strands of the Western tradition Despite their close connections however scholars tend to treat them separately Whereas the study of Western mysticism enjoys a long and established history Western esotericism is a young field The Cambridge Handbook of Western Mysticism and Esotericism examines both of these traditions together The volume demonstrates that the roots of esotericism almost always lead back to mystical traditions while the work of mystics was bound up with esoteric or occult preoccupations It also shows why mysticism and esotericism must be examined together if either is to be understood fully Including contributions by leading scholars this volume features essays on such topics as alchemy astrology magic Neoplatonism Kabbalism Renaissance Hermetism Freemasonry Rosicrucianism numerology Christian theosophy spiritualism and much more This Handbook serves as both a capstone of contemporary scholarship and a cornerstone of future research

watching groups **On Secularization** David Martin, 2017-03-02 Secularization has been hotly debated since it was first subjected to critical attention in the mid sixties by David Martin before he sketched a General Theory in 1969 On Secularization presents David Martin's reassessment of the key issues with particular regard to the special situation of religion in Western Europe and questions in the global context including Pentecostalism in Latin America and Africa Concluding with examinations of Pluralism Christian Language and Christianity and Politics this book offers students and other readers of social theory and sociology of religion an invaluable reappraisal of Christianity and Secularization It represents the most comprehensive sociology of contemporary Christianity set in historical depth **Jesus "The Way, The Truth and The Life"** Thd Bish, 2011 Jesus The Way The Truth and The Life will prove that Jesus is the only Way to God the very embodiment of all Truth and the very essence of Life just as He declared of Himself in the fourteenth chapter and sixth verse of the gospel of John by saying I am the way the truth and the life and that no one comes to the Father except through Me This book will show using systematic theology proofs and truth arguments that Jesus is exactly who He says He is confirmed by God the Father the Holy Spirit and by Christ Himself Jesus said in Mark 8:27 of scripture Who do you say I Am This book will make it obvious why you must answer this pointed question just as Peter did in claiming to Jesus that You are the Christ the Son of the Living God Time is getting short and Jesus is on His way back to earth It's not a time to be confused or wrong on issues having eternal consequences Though the book reads as a college textbook it forces you to think and study the word of God The book is most valuable in a curriculum setting or for those interested in Christian apologetics Jesus is compared to a myriad of other secular philosophies both past and present and as a result it is conclusively obvious that Jesus is the way truth and the life and all others are false This book stands on the foundation that a relationship with God thru Christ is by faith alone Sola Fide by grace alone Sola Gratia by Christ alone Solus Christus by scripture alone Sola Scriptura and with glory to God alone Soli Deo Gloria Dr Ronald N Bish ThD received his Doctorate from Freedom Bible College in Systematic Theology and Apologetics and also holds a Master Degree in Mechanical Engineering For further information contact www.ronaldbish.com **New Age Spirituality** Steven J. Sutcliffe, Ingvild Saelid Gilhus, 2014-09-11 New Age and holistic beliefs and practices sometimes called the new spirituality are widely distributed across modern global society The fluid and popular nature of new age makes these movements a very challenging field to understand using traditional models of religious analysis Rather than treating new age as an exotic specimen on the margins of proper religion New Age Spirituality examines these movements as a form of everyday or lived religion The book brings together an international range of scholars to explore the key issues insight healing divination meditation gnosis extraordinary experiences and interactions with gods spirits and superhuman powers Combining discussion of contemporary beliefs and practices with cutting edge theoretical analysis the book repositions new age spirituality at the forefront of the contemporary study of religion
