EDITED BY GARY ROSEN

Right War The Conservative Debate On Iraq

Bruce K. Rutherford

Right War The Conservative Debate On Iraq:

The Right War? Gary Rosen, 2005-08-08 Contains the most influential voices in the debate among conservatives over American tactics in Iraq

Economy, Difference, Empire Gary J. Dorrien, 2010 Sourcing the major traditions of progressive Christian social ethics social gospel liberalism Niebuhrian realism and liberation theology Gary Dorrien argues for the social ethical necessity of social justice politics In carefully reasoned essays he focuses on three subjects the ethics and politics of economic justice racial and gender justice and antimilitarism making a constructive case for economic democracy along with a liberationist understanding of racial and gender justice and an anti imperial form of liberal internationalism In Dorrien s view the three major discourse traditions of progressive Christian social ethics share a fundamental commitment to transform the structures of society in the direction of social justice His reflections on these topics feature innovative analyses of major figures such as Walter Rauschenbusch Reinhold Niebuhr James Burnham Norman Thomas and Michael Harrington and an extensive engagement with contemporary intellectuals such as Rosemary R Ruether Katie Cannon Gregory Baum and Cornel West Dorrien also weaves his personal experiences into his narrative especially his involvement in social justice movements He includes a special chapter on the 2008 presidential campaign and the historic candidacy of Barack Obama

The Renegotiation of the Just War Tradition and the Right to War in the Twenty-First Century C. O'Driscoll, 2008-04-14 This book examines the manner by which the just war tradition has been invoked engaged and developed in the context of the war on terror paying particular attention to the questions of anticipatory war humanitarian intervention and punitive war

Straussophobia Peter Minowitz, 2009-08-15 Leo Strauss and his students have long been accused of mendacity elitism and militarism but the Iraq War has prompted unprecedented levels of caustic and inaccurate denunciations Inappropriate criticisms have issued from artists Tim Robbins politicians Ron Paul journalists Joe Klein and even highly lauded scholars such as Arthur Schlesinger Jr Gordon Wood Douglas Massey Stephen Holmes Anne Norton Shadia Drury Sheldon Wolin John Pocock John Yolton Nicholas Xenos and Brian Leiter In *Straussophobia* Peter Minowitz provides a methodical and detailed critique of the major offenders especially of Drury who maintains that Strauss established a covert tyranny that would keep the Western world mired in perpetual war In replying to such charges_ and to various authors who belittle Strauss s contributions as a scholar_ Minowitz highlights the imaginative yet meticulous manner in which Strauss interpreted Thucydides Plato Xenophon Farabi Machiavelli Hobbes Locke and Carl Schmitt *Straussophobia* also provides both a comprehensive assessment of Strauss s 1933 letter that commended fascist authoritarian and imperial principles and a compelling account of Strauss s influence or lack of influence on neoconservative promoters of the Iraq War e g Paul Wolfowitz Richard Perle and Lewis Libby The book likewise breaks new ground in employing diversity discourse to explain and combat the bigotry and buffoonery that pervade attacks against Strauss and Straussians_ and in drawing on Strauss to illuminate the distortions that mar some widely used arguments for affirmative action

Politics Without

Sovereignty Christopher Bickerton, Philip Cunliffe, Alexander Gourevitch, 2006-12-01 Written by leading scholars this volume challenges the recent trend in international relations scholarship the common antipathy to sovereignty The classical doctrine of sovereignty is widely seen as totalitarian producing external aggression and internal repression Political leaders and opinion makers throughout the world claim that the sovereign state is a barrier to efficient global governance and the protection of human rights Two central claims are advanced in this book First that the sovereign state is being undermined not by the pressures of globalization but by a diminished sense of political possibility Second it demonstrates that those who deny the relevance of sovereignty have failed to offer superior alternatives to the sovereign state Sovereignty remains the best institution to establish clear lines of political authority and accountability preserving the idea that people shape collectively their own destiny The authors claim that this positive idea of sovereignty as self determination remains integral to politics both at the domestic and international levels Politics Without Sovereignty will be of great interest to students and scholars of political science international relations security studies international law development and European studies

Egypt after Mubarak Bruce K. Rutherford, 2008-11-24 Egypt's autocratic regime is being weakened by economic crises growing political opposition and the pressures of globalization Observers now wonder which way Egypt will go when the country's aging president Hosni Mubarak passes from the scene will it embrace Western style liberalism and democracy Or will it become an Islamic theocracy similar to Iran Egypt after Mubarak demonstrates that both secular and Islamist opponents of the regime are navigating a middle path that may result in a uniquely Islamic form of liberalism and perhaps democracy Bruce Rutherford examines the political and ideological battles that drive Egyptian politics and shape the prospects for democracy throughout the region He argues that secularists and Islamists are converging around a reform agenda that supports key elements of liberalism including constraints on state power the rule of law and protection of some civil and political rights But will this deepening liberalism lead to democracy And what can the United States do to see that it does In answering these questions Rutherford shows that Egypt's reformers are reluctant to expand the public's role in politics This suggests that while liberalism is likely to progress steadily in the future democracy's advance will be slow and uneven Essential reading on a subject of global importance Egypt after Mubarak draws upon in depth interviews with Egyptian judges lawyers Islamic activists politicians and businesspeople It also utilizes major court rulings political documents of the Muslim Brotherhood and the writings of Egypt's leading contemporary Islamic thinkers

West Asia and the Region Rajendra M. Abhyankar, 2008 Contributed articles presented at the National Conference on West Asia and the Region Defining India's Role held at the Centre for West Asian Studies on Aug 21-22 2006 **Prince of Darkness: Richard Perle** Alan Weisman, 2011-05-17 At nearly every pivotal moment in international politics over the past twenty five years from the Reagan Gorbachev summits to the Iran Contra scandal to the collapse of the Soviet Union to the decision to go to war in Iraq if you dug deeply you would find a figure just behind the scenes influencing the action that of Richard Perle Largely

eschewing senior cabinet appointments and other high profile roles the passionate zealous Perle has been content to operate quietly behavior which earned him the moniker of The Prince of Darkness Nevertheless his influence in Washington has helped to fuel an international disaster in Iraq and the growth of anti Americanism worldwide Alan Weisman a former producer for 60 Minutes CBS Sunday Morning and the CBS Evening News is now shining a light on this major political figure While Perle has not authorized this biography he has submitted to interviews with Weisman encouraged his friends to do so and provided non classified material Such access has granted Weisman a deep and critical insight into Perle s methods and mindset Weisman explores how Perle derailed a nuclear arms agreement between the U S and the then Soviet Union his controversial business dealings Perle s tenure as Chairman of the Pentagon s Defense Policy Board during the present Bush Administration and his role leading up to the Iraqi War including his dealings with Iraqi exiles like Ahmed Chalabi From the collapse of the Soviet Union to the current saber rattling over Iran Syria and North Korea Perle has put his stamp on almost every decisive event in international politics This is an insightful and incisive study of the highest quality and one that everyone not just policy experts should read From Prince of Darkness What People Say about Richard Perle We used to have major problems when Richard would wander off the farm and be caught doing things that were not consistent with the policies that Caspar Weinberger and George Shultz were trying to implement Colin Powell Secretary of State 2001 2005 Richard can take a really bad idea and make it sound almost plausible and reasonable even brilliant Richard Burt Assistant Secretary of State 1983 1985 I really don t understand Perle If you talk about the real neocons there s Richard Perle and Paul Wolfowitz and they re very different Paul Wolfowitz is an idealist but he s prepared to impose democracy by the sword I don t think Perle gives a bleep about democracy Fundamentally it s all a means to an end Brent Scowcroft National Security Advisor 1989 1993

NATO and the Middle East Mohammed Moustafa Orfy, 2010-10-04 This book examines the role of NATO in the Middle East It reviews the strategic importance of the region and why it has become a source of instability looks at US and international initiatives to counteract this instability and charts the development of NATO in this context

World of Faith and Freedom Thomas F. Farr, 2008-11-07 Virtually every trouble spot on the planet has some sort of religious component One need only consider Iraq and Afghanistan Iran Israel and Palestine Turkey India Pakistan Russia and China to name but a few Looming behind national issues of course is the problem of regional Islamist extremism and transnational Islamist terrorism In all of these sectors religious tensions ideas and actors are of great geo political importance to the United States Yet argues Thomas Farr our foreign policy is gravely handicapped by an inability to understand the role of religion either nationally or globally There is a strong disinclination in American diplomacy to consider religious factors at all either as part of the problem or part of the solution In this engaging and well written insider account Farr offers a closely reasoned argument that religious freedom the freedom to practice one s own religion in private and in public is an essential prerequisite for a stable durable democratic society If the U S wants to foster democracy that lasts he

says it must focus on fostering religious liberty especially in its public manifestations properly limited in a way that advances the common good Although we ourselves have developed a remarkably successful model of religious freedom our foreign policy favors an aggressive secularism that is at odds with the American model It is essential says Farr that we take an approach that recognizes the great importance of religion in people s lives
