Lee Harris

Right Wing Individualist Tradition In Am:

The American as Anarchist David DeLeon, 2019-12-01 Originally published in 1978 When compared with socialist and communist systems in other nations the impact of radicalism on American society seems almost nonexistent David DeLeon challenges this position however by presenting a historical and theoretical perspective for understanding the scope and significance of dissent in America From Anne Hutchinson in colonial New England to the New Left of the 1960s DeLeon underscores a tradition of radical protest that has endured in American history a tradition of native anarchism that is fundamentally different from the radicalism of Europe the Soviet Union or nations of the Third World DeLeon shows that a profound resistance to authority lies at the very heart of the American value system The first part of the book examines how Protestant belief capitalism and even the American landscape itself contributed to the unique character of American dissent DeLeon then looks at the actions and ideologies of all major forms of American radicalism both individualists and communitarians from laissez faire liberals to anarcho capitalists from advocates of community control to syndicalists In the book s final part DeLeon argues against measuring the American experience by the standards of communism and other political systems Instead he contends that American culture is far more radical than that of any socialist state and the implications of American radicalism are far more revolutionary than forms of Marxism Leninism [An Analysis of Georges](#)

[Lefebvre's The Coming of the French Revolution](#) Tom Stammers, 2017-07-05 Georges Lefebvre was one of the most highly regarded historians of the 20th century and a key reason for the high reputation he enjoys can be found in *The Coming of the French Revolution* Lefebvre s key contribution to the debate over what remains arguably one of history s most contentious and significant events in history was to deploy the critical thinking skill of evaluation to reveal weaknesses in existing arguments about the causes of the Revolution and analytical skills to expose hidden assumptions in them Rather than seeing events as driven by the aristocracy and the bourgeoisie which then lost power to the urban workers as was usual at the time Lefebvre deployed years of research in regional archives to argue that the Revolution had had a fourth pillar the peasantry Painting the upheaval as complex and multi layered while still privileging a predominantly economic interpretation Lefebvre provides a compelling new narrative to explain why the French monarchy collapsed so suddenly in 1789 one that stressed the significance of a popular revolution in the rural countryside *America Right or Wrong : An Anatomy of American*

Nationalism Anatol Lieven Senior Associate for Foreign and Security Policy Carnegie Endowment for International Peace, 2004-10-15 America keeps a fine house Anatol Lieven writes but in its cellar there lives a demon whose name is nationalism In this controversial critique of America s role in the world Lieven contends that U S foreign policy since 9 11 has been shaped by the special character of our national identity which embraces two contradictory features One The American Creed is a civic nationalism which espouses liberty democracy and the rule of law It is our greatest legacy to the world But our almost religious belief in the Creed creates a tendency toward a dangerously messianic element in American nationalism

the desire to extend American values and American democracy to the whole world irrespective of the needs and desires of others The other feature populist or what is sometimes called Jacksonian nationalism has its roots in an aggrieved embittered and defensive White America centered largely in the American South Where the Creed is optimistic and triumphalist Jacksonian nationalism is fed by a profound pessimism and a sense of personal social religious and sectional defeat Lieven examines how these two antithetical impulses have played out in recent US policy especially in the Middle East and in the nature of U S support for Israel He suggests that in this region the uneasy combination of policies based on two contradictory traditions have gravely undermined U S credibility and complicated the war against terrorism It has never been more vital that Americans understand our national character This hard hitting critique directs a spotlight on the American political soul and on the curious mixture of chauvinism and idealism that has driven the Bush administration

Sources of East Asian Tradition: The modern period Wm. Theodore De Bary, William Theodore De Bary, 2008 Wm Theodore de Bary offers a selection of essential readings from his immensely popular anthologies Sources of Chinese Tradition Sources of Korean Tradition and Sources of Japanese Tradition so readers can experience a concise but no less comprehensive portrait of the social intellectual and religious traditions of East Asia *Instead of a Book* Benjamin Ricketson Tucker, 1893 *Discourse Approaches to an Emerging Age of Populist Politics* Isabel Íñigo-Mora, Cristina Lastres-López, 2024-06-01 This book presents a collection of studies related to populism in contemporary political discourse Following growing scholarly interest in the topic this volume offers a wide panorama on the discursive construction of populism across the political spectrum worldwide International experts from different backgrounds provide a comprehensive analysis of populist communication in present day politics Each chapter in the book constitutes a case study from a different country altogether offering a global perspective on the construction of populism in political discourse In particular the book presents studies from fourteen different countries across the globe Belgium France Spain the United States of America Portugal Montenegro Italy Ghana the United Kingdom Turkey Japan Russia Poland and Israel Here readers can 1 get acquainted with discourse on populism in the media 2 have access to ample descriptions of populist communication strategies across frontiers 3 explore populist discourse by contemporary societies well known political leaders from different countries and 4 examine the intertwining of populism policymaking and religion Rooted in different frameworks the various chapters offer a comprehensive understanding of the complex phenomenon of populism The volume also enables the reader to globally grasp similarities and differences in the way populist discourse is built from West to East International and interdisciplinary approaches form the cornerstone of this volume that will appeal to scholars from diverse academic backgrounds *American Anarchism* Steve J. Shone, 2013-09-05 *American Anarchism* by Steve J Shone is a work of political theory and history that focuses on nineteenth century American Anarchism together with two European anarchists who influenced some of the Americans The nine thinkers discussed are Alexander Berkman Voltairine de Cleyre Samuel Fielden Luigi Galleani Peter Kropotkin Lucy Parsons Max Stirner William

Graham Sumner and Benjamin Tucker Shone emphasizes the value of using ideas from nineteenth century American Anarchism to solve contemporary political problems The Next American Civil War Lee Harris,2010-05-11 The tea parties the guns at town hall meetings the protests against health care reform and the general unrest in America today have taken many people by surprise Some interpret it in terms of economic hard times but Lee Harris offers a different explanation Today s populist revolt is only the latest installment of an ongoing cultural war that began long before the current economic crisis It is a rebellion against a self appointed intellectual elite whose attitude to the average American is Don t worry we know what is best for you For Harris the stakes in the current struggle are high Will America be ruled by ivory tower liberals or will it remain the land in which ordinary men and women are free to make their own choices and control their own destinies Throughout our history Americans have always challenged the definition of liberty and this has allowed us to progress as a society Harris argues that this debate is good and necessary and that we must take this new populist uprising seriously if we are to defend our founding principles A masterly and visionary work that weaves current events with philosophical investigation The Next American Civil War rethinks Americans most elemental ideas of freedom in order to enable the people of the United States to face the challenges of our times **Civic Librarianship** Ronald B. McCabe,2001 After decades of cultural warfare and political gridlock the U S is beginning to find its balance thanks to a major cultural shift toward strengthening communities and other endangered social structures Civic Librarianship explores the ideas of this new community movement and shows how they can transform public libraries by offering a renewed sense of purpose and powerful new strategies for development Education Policy and the Political Right Grant Rodwell,2021-12-28 This work attempts a comparative description and analysis focusing on the US the UK and Australia on the topic of the Right educational policy and schooling It adopts as its underlying theme the burning fuse in tracing the topic back to Joseph de Maistre a Rightist who fled revolutionary France to seek safety in the company of Tsar Alexander I s Russian Empire Here he had much to say about school education not for all but rather the deserving social elite During the past three or four decades in the US the UK and Australia the Right has been remarkably successful in amassing political power And in doing so the right of politics in these countries has reshaped school educational policy and practice a necessary step in securing the future of the Right as a political force Moreover even during the years the Right has been on the opposition benches in these countries such has been the strength of their political force that governments of the Left have acquiesced to much of their school educational policy A pioneering effort this book asserts that to understand school educational policy in the third decade of the 21st century we need to comprehend the politics of the Right This book will be of interest to researchers and postgraduate students interested in Education Studies Theory and Policy and International and Comparative Education

Yeah, reviewing a books **Right Wing Individualist Tradition In Am** could ensue your near connections listings. This is just one of the solutions for you to be successful. As understood, success does not recommend that you have fabulous points.
