Righteous Realists Political Realism Responsible Power And American Culture In The Nuclear Age

Richard Harries, Stephen Platten

Righteous Realists Political Realism Responsible Power And American Culture In The Nuclear Age:

Righteous Realists Joel H. Rosenthal, 1988 *The Realist Tradition and Contemporary International Relations* W. David Clinton, 2007-07 The tradition in international relations theory known as realism has often been associated with the Cold War. The contributors to this intriguing volume argue however that realism remains a profound and relevant perspective on contemporary international politics. They point out that classical realism is based on concepts that were elucidated long before the Cold War began and are not confined by its boundaries. Further, they believe that insights of the realist tradition can provide valuable guidance in our contemporary world. W. David Clinton and ten scholars of foreign policy reexamine the work of thinkers spanning twenty-five centuries who have contributed to the development of realism across the ages. In their essays, the authors consider two key questions: What makes these thinkers realists? And how is their work relevant to the modern post-Cold War world? These essays take a fresh look at such canonical thinkers as Thucydides, Augustine, Machiavelli, Hobbes, Hume, Burke, Carr, Niebuhr, and Morgenthau. Countering the widespread belief that realism has nothing left to offer, this collection demonstrates that continuities remain in the political world and that the ideas rooted in realism are too important and too useful to ignore. While there are obvious differences among the political philosophers whose works are considered here, they share a common concern about human limitations and the possible dangerous consequences of ignoring those limitations. Each in his own way, these classic thinkers discuss the need for prudence to counter the ever-present threat of tragedy resulting from our innocent, hopeful, or self-righteous efforts for perfection. These provocative essays demonstrate that though a realist understanding of the nature of international relations is at least as old as Thucydides, it is also as contemporaneous as the most recent headline.

Morgenthau, Law and Realism Oliver Jüterssonke, 2010-08-19 Although he is widely regarded as the founding father of realism in International Relations, this book argues that Hans J. Morgenthau's legal background has largely been neglected in discussions of his place in the canon of IR theory. Morgenthau was a legal scholar of German Jewish origins who arrived in the United States in 1938. He went on to become a distinguished professor of Political Science and a prominent commentator on international affairs. Rather than locate Morgenthau's intellectual heritage in the German tradition of Realpolitik, this book demonstrates how many of his central ideas and concepts stem from European and American legal debates of the 1920s and 1930s. This is an ambitious attempt to recast the debate on Morgenthau and will appeal to IR scholars interested in the history of realism as well as international lawyers engaged in debates regarding the relationship between law and politics and the history of International Law.

Reinhold Niebuhr and Contemporary Politics Richard Harries, Stephen Platten, 2010-03-25 When Barack Obama praised the writings of philosopher-theologian Reinhold Niebuhr in the run-up to the 2008 US Presidential Elections, he joined a long line of top politicians who closely engaged with Niebuhr's ideas, including Tony Benn, Jimmy Carter, Martin Luther King Jr, and Dennis Healey. Beginning with his early ministry amongst industrial workers in early twentieth-century Detroit, Niebuhr displayed a

passionate commitment to social justice that infused his life's work. Rigorously championing Christian Realism, he sought a practically orientated intellectual engagement with the political challenges of his day. His ideas on International Relations have also helped to shape debate amongst leading academic thinkers and policy makers. In both Christian and secular contexts, he continues to attract new readers today. In this timely re-evaluation, both critics and disciples of Niebuhr's work reflect on his notable contribution to Christian social ethics, the Christian doctrine of humanity and the engagement of Christian thought with contemporary politics. The authors bring a wide range of expertise from both sides of the Atlantic, indicating how a re-evaluation of Niebuhr's thought can help inform contemporary debates on Christian social ethics and other wider theological issues.

The Anti-Pelagian Imagination in Political Theory and International Relations Nicholas Rengger, 2017-03-31. This volume draws together some of the key works of Nicholas Rengger focusing on the theme of the anti-Pelagian imagination in political theory and international relations. Rengger frames the collection with a detailed introduction that sketches out this imagination, its origins and character, and puts the chapters that follow into context with the work of other theorists including Bull, Connolly, Gray, Strauss, Elshtain, and Kant. The volume concludes with an epilogue contrasting two different ways of reading this sensibility and offering reasons for supposing one is preferable to the other. Updating and expanding on ideas from work over the course of the last sixteen years, this collection will be of great interest to students and scholars of international relations theory, political thought, and political philosophy.

Moral Constraints on War Bruno Coppieters, Nick Fotion, 2008-06-27. This second edition of *Moral Constraints on War* offers a principle-by-principle presentation of the trans-cultural roots of the ethics of war in an age defined by the increasingly international nature of military intervention. Parts one and two trace the evolution of Just War Theory, analyzing the principles of *jus ad bellum* and *jus in bello*, the principles that determine under what conditions a war may be started and then conducted. Each chapter provides a historical background of the principle under discussion, an explanation of the principle, and numerous historical examples of its application. In Part three, case studies apply the theories discussed to NATO's humanitarian mission in Kosovo, terrorism, and the Iraq War. Bringing together an international coterie of philosophers and political scientists, this accessible and practical guide offers students of military ethics and international relations rich up-to-the-minute insight into the pluralistic character of Just War Theory.

Thinking About International Ethics Frances V. Harbour, 2019-04-09. This book describes and analyzes important moral theories as they pertain to international politics and the study of international relations, examining the role that moral thinking actually played in specific cases in American foreign policy.

Historical Dictionary of Calvinism Stuart D.B. Picken, 2011-11-11. Calvinism is named after 16th-century Reformer John Calvin, whose overall theology is contained in his *Institutes of the Christian Religion* (1559). Calvin's theology and ecclesiology provided the foundation upon which the Reformed Churches of Europe were built. It was a comprehensive and carefully expounded alternative to the doctrines of the Roman Catholic Church and was designed to expose their weaknesses and present a view

of the Christian Faith that was a reformed version of the old faith The Historical Dictionary of Calvinism relates the history of its founder John Calvin the Reformed Church and the impact that Calvinism has had in the modern world along with an account of modern and contemporary developments within the religious political and social culture it has created This is done through a chronology an introductory essay an extensive bibliography and over 300 cross referenced dictionary entries on concepts significant figures places activities and periods This book is an excellent access point for students researchers and anyone wanting to know more about Calvinism Protection Against Genocide Neal Riemer,2000-03-30 Without succumbing to utopian fantasies or realistic pessimism Riemer and his contributors call for strengthening the key institutions of a global human rights regime developing an effective policy of prudent prevention of genocide working out a sagacious strategy of keenly targeted sanctions political economic military judicial and adopting a guiding philosophy of just humanitarian intervention They underscore significant changes in the international system the end of the Cold War economic globalization the communications revolution that hold open the opportunity for significant if modest movement toward strengthening key institutions The essays explore key problems in working toward prevention of genocide They highlight the existence of considerable early warning of genocide and emphasize that the real problem is a lack of political will in key global institutions Sanctions especially economic sanctions may punish a genocidal regime but at the expense of innocent civilians Thus more clearly targeted sanctions are seen as essential The argument on behalf of a standing police force to deal with the crime of genocide as they show is powerful and controversial powerful because the need is persuasive controversial because political realists question its cost and political feasibility Implementing a philosophy of just humanitarian intervention requires an appreciation of the difficulties of interpreting those principles in difficult concrete situations A permanent international criminal tribunal to deter and punish genocide they argue will put into place a much needed component of a global human rights regime A thoughtful analysis for scholars and students of international politics and law and human rights in general **Ethics and Weapons of Mass Destruction** Sohail H. Hashmi,Steven Lee,Steven P. Lee,2004-07-19 Publisher Description

Unveiling the Energy of Verbal Art: An Mental Sojourn through **Righteous Realists Political Realism Responsible Power And American Culture In The Nuclear Age**

In some sort of inundated with monitors and the cacophony of instantaneous connection, the profound power and mental resonance of verbal artistry often fade in to obscurity, eclipsed by the regular onslaught of sound and distractions. Yet, nestled within the lyrical pages of **Righteous Realists Political Realism Responsible Power And American Culture In The Nuclear Age**, a interesting work of literary brilliance that impulses with organic emotions, lies an memorable journey waiting to be embarked upon. Composed with a virtuoso wordsmith, this enchanting opus instructions readers on a mental odyssey, delicately revealing the latent potential and profound influence embedded within the elaborate web of language. Within the heart-wrenching expanse of this evocative evaluation, we will embark upon an introspective exploration of the book is central themes, dissect its fascinating writing style, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.

Righteous Realists Political Realism Responsible Power And American Culture In The Nuclear Age Introduction

In today's digital age, the availability of Righteous Realists Political Realism Responsible Power And American Culture In The Nuclear Age books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Righteous Realists Political Realism Responsible Power And American Culture In The Nuclear Age books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Righteous Realists Political Realism Responsible Power And American Culture In The Nuclear Age books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Righteous Realists Political Realism Responsible Power And American Culture In The Nuclear Age versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Righteous Realists Political Realism Responsible Power And American Culture In The Nuclear Age books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Righteous Realists Political Realism Responsible Power And American Culture In The Nuclear Age books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature,

making it an excellent resource for literature enthusiasts. Another popular platform for Righteous Realists Political Realism Responsible Power And American Culture In The Nuclear Age books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Righteous Realists Political Realism Responsible Power And American Culture In The Nuclear Age books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Righteous Realists Political Realism Responsible Power And American Culture In The Nuclear Age books and manuals for download and embark on your journey of knowledge?

FAQs About Righteous Realists Political Realism Responsible Power And American Culture In The Nuclear Age Books
