Houlgate, 2017-01-21 This textbook uses cases in family law to illustrate both traditional philosophical problems in the law as well as problems that are unique to family law In the beginning chapters family law cases are employed to introduce the reader to philosophical debates about the relationship between law and morals about how one ought to interpret the U S Constitution and its amendments about the conditions under which individual liberty is justifiably limited by law about the justification of punishment and about the justification of remedies and standards of care in determining negligence in tort cases Later chapters are devoted to contemporary issues unique to family law including justifiable limits of access to marriage alternatives to marriage the rights of children child custody disputes involving surrogate births quasi property disputes involving custody of frozen embryos and the justifiable limits of the right not to procreate The book reflects current movements contemporary debates and recent research on the philosophical problems in family law **Power Over the Body, Equality in the Family** Charles J. Reid, 2004-10-29 The term conjugal rights has long characterized ways of speaking about marriage both in the canonistic tradition and in the secular legal systems of the West This book explores the origins and dimensions of this concept and the range of meanings that have attached to it from the twelfth century to the present Employing far ranging sources Charles Reid Jr examines the language of marriage in classical Roman law the Germanic legal codes of early medieval Europe and the writings of canon lawyers and theologians from the medieval and early modern periods The heart of the book however consists of the writings of the canonists of the High Middle Ages especially the works of Hostiensis Bernard of Parma Innocent IV and Raymond de Peafort Reid s incisive survey provides a new understanding of subjects such as the right of parties to marry free of parental coercion the nature of paternal power the place of bodies in the marriage contract the meaning and implications of gender equality and the right of inheritance **Family Law** Sonia Harris-Short, Joanna Miles, 2011-05-19 Presented in an accessible format this text provides a detailed and authoritative exposition of the law illustrated by carefully selected materials and complemented by clear and engaging commentary drawing on a range of critical and theoretical perspectives **Commentaries on the Laws of England** Sir William Blackstone, 1900 **A Treatise on the Law of Marriage, Divorce, Separation, and Domestic Relations: Domestic relations** James Schouler, 1921 The American Ruling Cases as Determined by the Courts Basil Jones, 1917 **Realms of Freedom in Modern China** William C. Kirby, 2004 The fifteenth and final volume of the series *The Making of Modern Freedom* this book explores a variety of issues surrounding questions of human rights and freedom in China The chapters suggest very significant realms of freedom with or without the protection of law in the personal social and economic lives of people in China before the twentieth century This was recognized and partly codified in the early twentieth century when legal experts sought to establish a republic of laws and limits The process of legal reform however

would be placed firmly in the service of strengthening the post imperial Chinese nation state culminating after 1949 in despotism unparalleled in Chinese history Nevertheless the last decades of the twentieth century and the first years of our own would witness a slow steady but unmistakable reassertion of realms of personal and communal autonomy that show even in an era of strong states at least the prospect of institutionalized freedoms
