

The Rise of Romanticism

- Reaction to the “cold” intellect (devoid of emotion) of the Age of Reason
- Enlightenment and French Revolution refines the role of the individual
- Scientific and Industrial Revolutions lead to interest in the unknown and new ways of thinking
- Major reform movements such as abolitionism and women’s rights lead to the search for truth and the perfection of the social order
- Rise of Transcendentalism and Unitarianism
- Attempts to cultivate utopian societies
- The move westward adds to American optimism

Rise Of Romanticism

E. Allison Peers

Rise Of Romanticism:

Romanticism and the Rise of History Stephen Bann, 1995 In *Romanticism and the Rise of History* Bann argues that history came of age in Europe during the period following the French Revolution through the end of the nineteenth century becoming an object of widespread desire As one perhaps mildly astonished scholar noted later it was a time when the most simple minded farmhand was able to distinguish an old belfry from a new one and Bann might add perceive value in the old one To draw the reader into his exploration of the nineteenth century s discovery of history Bann presents twenty five images from the period engravings oil paintings sculptures watercolors that appear to both represent and interact with the past Does the suit of armor standing at Walter Scott s shoulder in Sir John Watson Gordon s portrait validate the image of the author as rightful custodian of the past and its relics or is it Scott who through his imaginative interpretation of history imbues this shell of knighthood with lasting significance [The Emergence of Romanticism](#) Nicholas V. Riasanovsky, 1995-05-18 Although primarily known as an eminent historian of Russia Nicholas Riasanovsky has been a longtime student of European Romanticism In this book Riasanovsky offers a refreshing and appealing new interpretation of Romanticism s goals and influence He searches for the origins of the dazzling vision that made the great early Romantic poets in England and Germany Wordsworth Coleridge Novalis and Friedrich Schlegel look at the world in a new way He stresses that Romanticism was produced only by Western Christian civilization with its unique view of humankind s relationship to God The Romantic s frantic and heroic striving after unreachable goals mirrors Christian beliefs in human inability to adequately address God speak to God or praise God Further Riasanovsky argues that Romantic thought had important political implications playing a key role in the rise of nationalism in Europe Offering a historical examination of an area often limited to literary analysis this book gracefully makes a larger historical statement about the nature and centrality of European Romanticism [The Funeral Elegy and the Rise of English Romanticism](#) John William Draper, 1929 Examines English funeral elegies and how they contributed to the birth of Romanticism [Romanticism and the Rise of the Mass Public](#) Andrew Franta, 2007-02-01 Dramatic changes in the reading public and literary market in early nineteenth century England not only altered the relationship between poet and reader these changes prompted marked changes in conceptions of the poetic text literary reception and authorship With the decline of patronage the rise of the novel and the periodical press and the emergence of the mass reading public poets could no longer assume the existence of an audience for poetry Andrew Franta examines how the reconfigurations of the literary market and the publishing context transformed the ways poets conceived of their audience and the forms of poetry itself Through readings of Wordsworth Byron Shelley Keats Hemans and Tennyson and with close attention to key literary political and legal debates Franta proposes a unique reading of Romanticism and its contribution to modern conceptions of politics and publicity [Political Liberalism and the Rise of American Romanticism](#) Scott M. Reznick, 2024-07-18 *Political Liberalism and the Rise of American Romanticism* explores how American Romanticism

developed in response to pervasive conflicts over democracy's moral dimensions in the early republic and antebellum eras. By recovering the long underexamined tradition of political liberalism for literary studies, it traces how US writers reacted to ongoing moral and political conflict by engaging with liberal thinkers and ideas as they endeavored to understand how individuals beholden to a divergent array of moral convictions might nevertheless share a stable and just political world, the very dilemma at the core of political liberalism. This study demonstrates how those philosophical engagements sparked Romanticism's rise and eventual flourishing as US writers increasingly embraced Romantic literary modes emphasizing the imagination's capacity for creative synthesis and the role it plays in shoring up the habits of mind and feeling that are vital to a meaningful democratic culture. It offers revisionary readings of works by Charles Brockden Brown, Robert Montgomery Bird, James Fenimore Cooper, Harriet Beecher Stowe, Frederick Douglass, and Nathaniel Hawthorne to show how these Romantic writers were preoccupied with how individuals come to embrace their deepest convictions and what happens when they encounter others who see the world differently.

A History of Modern English Romanticism Harko Gerrit de Maar, 1970
A History of Modern English Romanticism Harko Gerrit de Maar, 1970

A History of The Romantic Movement in Spain Edgar Allison Peers, [A History of the Romantic Movement in Spain](#) E. Allison Peers, 2014-02-06
 Originally published in 1940, this book examines the Romantic Movement in Spain from its decline and dwindling popularity after 1837 and the rise of eclecticism to its final expressions around 1860. Peers looks at key texts in the history of the Romantic style as well as the real meaning of Romanticism in Spain at this time.

Romanticism Carmen Casaliggi, Porscha Fermanis, 2016-05-12
 The Romantic period coincided with revolutionary transformations of traditional political and human rights discourses as well as witnessing rapid advances in technology and a primitivist return to nature. As a broad global movement, Romanticism strongly impacted on the literature and arts of the late eighteenth and early nineteenth centuries in ways that are still being debated and negotiated today. Examining the poetry, fiction, non-fiction, drama, and the arts of the period, this book considers important propositions and landmark ideas in the Romantic period. Key debates and critical approaches to Romantic studies. New and revisionary approaches to Romantic literature and art. The ways in which Romantic writing interacts with broader trends in history, politics, and aesthetics. European and Global Romanticism. The legacies of Romanticism in the twentieth and twenty-first centuries. Containing useful reader-friendly features such as explanatory case studies, chapter summaries, and suggestions for further reading, this clear and engaging book is an invaluable resource for anyone who intends to study and research the complexity and diversity of the Romantic period as well as the historical conditions which produced it.

Thank you very much for downloading **Rise Of Romanticism**. As you may know, people have search hundreds times for their favorite books like this Rise Of Romanticism, but end up in malicious downloads.
