Killing the Messenger Herbert N. Foerstel, 2006-03-30 Killing the Messenger reveals the dangerous new face of war and journalism Covering armed conflicts has always been dangerous business but in the past press heroes like Ernie Pyle and Edward R Murrow faced only the danger of random bullets or bombs Today's war correspondent is actually in the cross hairs a target of combatants on all sides of conflicts In their own words correspondents describe the new dangers they face and attempt to explain why they are targeted Killing the Messenger reveals the dangerous new face of war and journalism Covering armed conflicts has always been dangerous business but in the past press heroes like Ernie Pyle and Edward R Murrow faced only the danger of random bullets or bombs Today's war correspondent is actually in the cross hairs a target of combatants on all sides of conflicts In this book correspondents describe the new dangers they face and attempt to explain why they are targeted Is it simply that modern combatants are more brutal than in the past or has journalism changed making correspondents players rather than observers in modern warfare Extended interviews with correspondents who have been abducted and tortured during Middle East

conflicts shed chilling light on this new face of war These journalists who have paid dearly to bring first hand images of war to the public offer some surprising insights into the nature and motivation of their kidnappers and the reasons why reporters are targeted They display no self pity and little inclination to blame anyone other than themselves At the same time they are candid in describing the violence within Iraq and without Ways to reduce the risks for reporters are discussed but these editors and correspondents suggest that short of withdrawing into isolated and protected enclaves they may be facing an indefinite escalation of violence against journalists

Political Intelligence and the Creation of Modern Mexico, 1938-1954 Aaron W. Un-American Activities Gary May, 1994-06-09 In 1948 William W Remington was one of the bright young men in the Truman administration He was tall and handsome a product of Dartmouth and Columbia From 1940 on he had risen through government ranks serving on wartime boards the President s Council of Economic Advisors and eventually as a major official in the Department of Commerce with a promising future ahead By 1954 however Remington was dead assassinated in his cell by a team of inmates in a high security Federal prison In Un American Activities historian Gary May tells the fascinating story of William Remington a story of intrigue injustice government corruption and anti Communist hysteria May labored for eight years in reconstructing Remington s case searching through FBI files government documents and waging an epic battle against then U S Attorney Rudy Guiliani to become the first historian to obtain access to grand jury records The result is a brilliant account of one man s tragic odyssey and a government run amok Remington s future collapsed in 1948 when he was charged with being a Communist and a Soviet spy The accuser was Elizabeth Bentley an admitted ex Communist herself and a former courier for Soviet spymasters Remington s life fell into a whirlpool as he fought government improprieties illegalities and the assumption he was guilty Cleared by government loyalty boards he was

indicted by a grand jury whose foreman was secretly helping Elizabeth Bentley prepare her memoirs Remington suffered through two trials for perjury and the chief witness against him was his own embittered ex wife He was convicted and sentenced to the federal penitentiary at Lewisburg Pennsylvania where his reputation as a Communist preceded him But May's account also offers fascinating insight into the depth of Soviet penetration into wartime America As he follows Remington's life from the radical circles at Dartmouth and the Tennessee Valley Authority in the 1930s through his Washington career he finds that Remington may well have been guilty of the charges against him Gary May is one of the leading historians writing about postwar America His first book *China Scapegoat* won the Allan Nevins Prize and was hailed as as well as a novel as powerful as a good film by the *The Los Angeles Times* Here he brings his analytical and narrative skills to bear on one of the forgotten stories of the McCarthy era uncovering a gripping tale of espionage corruption and personal tragedy **US Politics, Propaganda and the Afghan Mujahedeen: Domestic Politics and the Afghan War** Jacqueline Fitzgibbon, 2020-04-02 Influential fundraising groups and senators in the US made enormous efforts in the First Afghan War to present the Mujahedeen as freedom fighters even while the CIA secretly armed them with surface to air missiles and other weapons A mass propaganda effort was launched aimed at portraying parts of Afghanistan as victims of communist aggression As we know now many of those groups that were armed became the seedbeds for organisations like Al Qaeda Dr Jacqueline Fitzgibbon through a forensic investigation of the American PR of the period argues that this militarised and fractured Afghan society for a generation partly resulting in the mess today This book will look specifically at the American efforts to suppress any reports which showed these forces as anti western or anti American values and instead to portray the arming of partisan groups often an extremely dangerous course of action as an example of American values in action **The World**, 1992 *Forthcoming Books* Rose Arny, 2000 *American Periodicals*, 1991
