**Deceptive Trader** Pasquale De Marco, 2025-05-20 In the heart of London's financial district, Barings Bank, a venerable institution with a history stretching back over two centuries, crumbled under the weight of one man's reckless actions. Nick Leeson, a young and ambitious trader fueled by a combination of hubris and unchecked ambition, brought down one of the world's most respected financial institutions in a matter of months. This book is the definitive account of the rise and fall of Nick Leeson, the rogue trader whose unauthorized and unrestrained trading brought Barings Bank to its knees. With unprecedented access to exclusive interviews, confidential documents, and firsthand accounts, this book unravels the intricate web of events that led to the bank's demise, exposing the systemic failures, regulatory lapses, and personal hubris that paved the way for disaster. Beyond the gripping narrative, this book delves into the human cost of financial greed. It tells the stories of the countless individuals whose lives were upended by the collapse of Barings Bank: the investors who lost their life savings, the employees who lost their jobs, and the families who were torn apart by the ensuing scandal. This book is not just a story of financial ruin; it is a cautionary tale with profound implications for the global financial system. It exposes the fragility of a system built on trust and leverage and highlights the urgent need for stronger oversight, more robust risk management systems, and a renewed focus on ethical leadership. In a world where financial crises continue to erupt with alarming regularity, this book serves as a stark reminder of the importance of learning from past mistakes. It is a compelling and cautionary tale that should be required reading not just for those in the financial industry but for anyone who wants to understand the forces that shape our economic world. This book is a testament to the resilience of the human spirit in the face of adversity and a call for a more just and equitable financial system that serves the interests of all, not just the few. If you like this book, write a review on Google Books. **Survival Guide for Traders** Bennett A.
