Rogue Cop:

Together with Technology Jason Swarts, 2017-03-02 This book examines the complex roles that texts serve as parts of an organizational cognitive infrastructure. Texts make knowledge and experience tangible and durable. They help shape interactions between people. As professions have become more writing centered in recent decades, many organizations have instituted writing review practices to help newcomers produce better writing and thus become more effective organizational citizens. Dr. Swarts examines those writing review practices and questions whether available supportive technologies adequately prepare professional writers and professionals who write to appreciate the complex functions their texts serve. He reports on a study of the impact of two technologies: paper text and textual replay on writing review. Unlike paper which presents texts in a static form, textual replay presents texts as the products of writing practices. Textual replay records onscreen writing activity and creates a video that writers and reviewers use to supplement their discussion of revisions.

Criminal Cops Samuel Clark, 2011-09-28 Samuel Clark was a member of the Newark New Jersey Police Department for more than twenty five years. While Clark was a supervisor with the Newark Police Department, he wrote numerous official police reports complaining about corruption, discrimination, differential treatment, violations of citizens and police officers' Constitutional Rights, and severe problems with the Internal Affairs Division. None of Clark's complaints was thoroughly investigated. In 1996 and 1997, Samuel Clark wrote an official police report complaining that Officer Darren Nance was unlawfully terminated. Nearly fourteen years after Clark filed his complaint, a Federal Jury determined that Darren Nance was unlawfully terminated and that upper management employees of the City of Newark actually participated in or were willfully indifferent to the wrongful conduct. Yet Samuel Clark was the only supervisor in the entire Newark Police Department with the ability to discover this unlawful conduct. Retired Lieutenant Samuel Clark presently devotes his time to helping victims of police misconduct, working as a consultant and expert witness, and informing the public about the negative consequences of systemic police corruption. He has been interviewed by several television news reporters and has appeared as a guest on numerous television and radio programs to discuss police corruption, racist differential treatment, and retaliatory false charges in the police disciplinary process. Clark is an expert in the areas of Police Procedures and Police Internal Investigations and Discipline. He has a Bachelor of Arts in Criminal Justice from Thomas Edison State College and has addressed various government committees and councils about police misconduct, corruption, differential treatment, and retaliation facilitated by the police internal disciplinary system and high ranking police supervisors. Clark also researches incidents of differential treatment by the internal disciplinary systems of fire departments. Clark is also the author of *Total Misconduct: A Factual Account of Police and Political Corruption*. Mr. Clark appeared in the special features *The Thin Blue Line* of the DVD edition of *Righteous Kill* starring Robert DeNiro and Al Pacino. *Dopers in Uniform* John Hoberman, 2017-11-21 The recorded use of deadly force against unarmed suspects and sustained protest from the Black

Lives Matter movement among others have ignited a national debate about excessive violence in American policing Missing from the debate however is any discussion of a factor that is almost certainly contributing to the violence the use of anabolic steroids by police officers Mounting evidence from a wide range of credible sources suggests that many cops are abusing testosterone and its synthetic derivatives This drug use is illegal and encourages a steroidal policing style based on aggressive behaviors and hulking physiques that diminishes public trust in law enforcement Dopers in Uniform offers the first assessment of the dimensions and consequences of the felony use of anabolic steroids in major urban police departments Marshalling an array of evidence John Hoberman refutes the frequent claim that police steroid use is limited to a few bad apples explains how the Blue Wall of Silence stymies the collection of data and introduces readers to the broader marketplace for androgenic drugs He then turns his attention to the people and organizations at the heart of police culture the police chiefs who often see scandals involving steroid use as a distraction from dealing with more dramatic forms of misconduct and the police unions that fight against steroid testing by claiming an officer s right to privacy is of greater importance Hoberman s findings clearly demonstrate the crucial need to analyze and expose the police steroid culture for the purpose of formulating a public policy to deal with its dysfunctional effects Gang Cop Malcolm W. Klein,2004-01-13 Paco Domingo is a street cop a gang cop a composite figure derived from criminologist Malcolm Klein s real observations actual incidents and verbatim court testimony in over 40 years of police and gang research Klein well known criminologist and police consultant tells the story of Domingo who is deeply engaged in battling his street gang opponents The author points to the dangers in police elite units when a tough cop begins to rationalize the use of police violence and corruption For all of those concerned with dealing in practical ways with street gangs the greatest impediment has been ignorance about their nature Klein highlights the importance of the training of gang cops often the first point of contact with gang members in the community He points out the discrepancies between some of their views and assumptions of fact in law enforcement on the one hand and what criminological research has discovered on the other The author assesses the knowledge and skills of the gang cop and current gaps in our knowledge of street gangs This book will be valuable to law enforcement personnel lawyers criminologists and community and governmental agencies concerned with the proliferation of gangs in America s towns A Companion to Werner Herzog Brad Prager,2012-05-21 A Companion to Werner Herzog showcases over two dozen original scholarly essays examining nearly five decades of filmmaking by one of the most acclaimed and innovative figures in world cinema First collection in twenty years dedicated to examining Herzog s expansive career Features essays by international scholars and Herzog specialists Addresses a broad spectrum of the director s films from his earliest works such as Signs of Life and Fata Morgana to such recent films as The Bad Lieutenant and Encounters at the End of the World Offers creative innovative approaches guided by film history art history and philosophy Includes a comprehensive filmography that also features a list of the director s acting appearances and opera productions Explores the director s engagement with music and

the arts his self stylization as a global filmmaker his Bavarian origins and even his love hate relationship with the actor Klaus Kinski

I Died a Million Times Robert Miklitsch, 2021-01-11 In the 1950s the gangster movie and film noir crisscrossed to create gangster noir Robert Miklitsch takes readers into this fascinating subgenre of films focused on crime syndicates crooked cops and capers With the Senate s organized crime hearings and the brighter than bright myth of the American Dream as a backdrop Miklitsch examines the style and history and the production and cultural politics of classic pictures from *The Big Heat* and *The Asphalt Jungle* to lesser known gems like *711 Ocean Drive* and post Fifties movies like *Ocean s Eleven* Miklitsch pays particular attention to trademark leitmotifs including the individual versus the collective the family as a locus of dissension and rapport the real world roots of the heist picture and the syndicate as an octopus with its tentacles deep into law enforcement corporate America and government If the memes of gangster noir remain prototypically dark the look of the films becomes lighter and flatter reflecting the influence of television and the realization that under the cover of respectability crime had moved from the underworld into the mainstream of contemporary everyday life

BOOK JACKET

Screening the Police Noah Tsika, 2021 American police departments have presided over the business of motion pictures since the end of the nineteenth century Their influence is evident not only on the screen but also

in the ways movies are made promoted and viewed in the United States Screening the Police explores the history of film s entwinement with law enforcement showing the role that state power has played in the creation and expansion of a popular medium For the New Jersey State Police in the 1930s film offered a method of visualizing criminality and of circulating urgent information about escaped convicts For the New York Police Department the medium was a means of making the agency world famous as early as 1896 Beat cops became movie stars Police chiefs made their own documentaries And from Maine to California state and local law enforcement agencies regularly fingerprinted filmgoers for decades amassing enormous records as they infiltrated theatres both big and small As author Noah Tsika demonstrates understanding the scope of police power in the United States requires attention to an aspect of film history that has long been ignored Screening the Police reveals the extent to which American cinema has overlapped with the politics and practices of law enforcement

Bodies of Desire and Bodies in Distress Xavier Mendik,2015-09-18 In recent years there has been an explosion of critical interest in the icons genres and traditions of 1970s Italian cult film Thanks to the international success of directors such as Dario Argento and Sergio Martino and the influential giallo thriller cycle in which they worked these unconventional and often controversial films are now impacting on new generations of filmmakers scholars and moviegoers alike Bodies of Desire and Bodies in Distress The Golden Age of Italian Cult Cinema 1970 1985 considers the current interest in specific Italian directors and cult genres exploring the social political and cultural factors that spawned a decade of cinema dominated by extreme yet stylish images of sexuality and violence Bodies of Desire and Bodies in Distress situates the explosion of 1970s Italian cult excess against the toxic backdrop of political violence and terrorist activity that produced shocking images of carnage and crime during this period The volume also considers why the iconography of the sexually liberated female became recast as a symbol of fear and violation in a range of Italian cult film narratives In addition the book also analyses how longstanding regional distinctions between Italy s urban North and the much maligned rural South fed into sex and death cycles produced between 1970 and 1985 Bodies of Desire and Bodies in Distress profiles leading 1970s Italian directors and performers including Aristide Massaccesi Joe D Amato Laura Gemser and Dario Argento who also provides an interview discussing his work and 1970s Italian society The volume also provides case studies of the giallo cycle rape and revenge dramas the Italian rogue cop series post apocalypse films barbarian movies and sex comedy formats By considering the icons and genres from the golden age of Italian cult film alongside the crucial social and sexual tensions that influenced their creation this book will be of interest to film scholars and cult movie fans alike

Koven,2006-10-02 With the exception of die hard aficionados of European or Italian horror cinema most people may not have heard of giallo cinema or have seen many films in this subgenre of horror Most academic film studies tend to ignore horror cinema in general and the giallo specifically Critics often deride these films which reveal more about the reviewers own prejudices than any problem with the works themselves As a counter to such biases Mikel J Koven argues for an alternative approach to studying these films by approaching them as vernacular cinema distinct from popular cinema According to Koven to look at a film from a vernacular perspective removes the assumptions about what constitutes a good film and how a particular film is in some way artistic In *La Dolce Morte Vernacular Cinema and the Italian Giallo Film* Koven explores the history and evolution of this aspect of cinema and places these films within the context of Italian popular filmmaking He addresses various themes motifs and tropes in these films their use of space the murders the role of the detective the identity of the killer issues of belief excess and the set piece In addition to being the first academic study of the giallo film in English this book surveys more than fifty films of this subgenre

In addition to filmmakers like Mario Bava and Dario Argento Koven also looks at the films of Lucio Fulci Sergio Martino Pupi Avati Umberto Lenzi and others In all the works of twenty five different filmmakers are considered in this book Also explored are the inter relationships between these films how one influences others how certain filmmakers take ideas and build off of them and how those ideas are further transformed by other filmmakers Koven also explores the impact of the giallo on the later North American slasher genre

Historical Dictionary of Film Noir Andrew Spicer, 2010-03-19 Film noir literally black cinema is the label customarily given to a group of black and white American films mostly crime thrillers made between 1940 and 1959 Today there is considerable dispute about what are the shared features that classify a noir film and therefore which films should be included in this category These problems are partly caused because film noir is a retrospective label that was not used in the 1940s or 1950s by the film industry as a production category and therefore its existence and features cannot be established through reference to trade documents The *Historical Dictionary of Film Noir* is a comprehensive guide that ranges from 1940 to present day neo noir It consists of a chronology an introductory essay a bibliography a filmography and over 400 cross referenced dictionary entries on every aspect of film noir and neo noir including key films personnel actors cinematographers composers directors producers set designers and writers themes issues influences visual style cycles of films e.g. *amnesiac noirs* the representation of the city and gender other forms comics graphic novels television and videogames and noir's presence in
