Sarah Phillips:

Sarah Phillips Andrea Lee,2013-07-17 In the words of its title character this novel is set in the hermetic world of the old fashioned black bourgeoisie a group largely unknown to other Americans which has carried on with cautious pomp for years in eastern cities and suburbs using its considerable funds to attempt poignant imitations of high society acting with genuine gallantry in the struggle for civil rights and finally producing a generation of children educated in newly integrated schools and impatient to escape the outworn rituals of their parents **Vital Records of Haverhill, Massachusetts: Births**

Haverhill (Mass.),1910 **Beyond the Black Lady** Lisa B. Thompson,2023-12-11 In this book Lisa B Thompson explores the representation of black middle class female sexuality by African American women authors in narrative literature drama film and popular culture showing how these depictions reclaim black female agency and illustrate the difficulties black women confront in asserting sexual agency in the public sphere Thompson broadens the discourse around black female sexuality by offering an alternate reading of the overly determined racial and sexual script that casts the middle class black lady as the bastion of African American propriety Drawing on the work of black feminist theorists she examines symptomatic autobiographies novels plays and key episodes in contemporary American popular culture including works by Anita Hill Judith Alexa Jackson P J Gibson Julie Dash Kasi Lemmons Jill Nelson Lorene Cary and Andrea Lee Little Clifty United

where Sarah Phillips has fled after graduating from Harvard In successive flashbacks we learn of Sarah s proper middle class upbringing as a minister s daughter in a Black suburb of Philadelphia Each layer of the past reveals the process that transformed her early sense of security into one of estrangement and escape while her adventures slowly lead her to contemplate the eventual prospect of a return Like the loop of time it chronicles Andrea Lee s brilliant and revelatory debut novel now considered a classic of Black American literature traces essential issues of identity and affiliation that can t be easily settled and its nuance and resonance remains as timely as ever List of Private Claims Brought Before the Senate of the United States from the Commencement of the Forty-Seventh Congress to the Close of the Fifty-First Congress ,1895

The Black Female Body in American Literature and Art Caroline Brown,2013-02-28 This book examines how African American writers and visual artists interweave icon and inscription in order to re present the black female body traditionally rendered alien and inarticulate within Western discursive and visual systems Brown considers how the writings of Toni Morrison Gayl Jones Paule Marshall Edwidge Danticat Jamaica Kincaid Andrea Lee Gloria Naylor and Martha Southgate are bound to such contemporary postmodern visual artists as Lorna Simpson Carrie Mae Weems Kara Walker Betye Saar and Faith Ringgold While the artists and authors rely on radically different media photos collage video and assembled objects as opposed to words and rhythm both sets of intellectual activists insist on the primacy of the black aesthetic Both assert artistic agency and cultural continuity in the face of the oppression social transformation and cultural multiplicity of the late twentieth and early twenty first centuries This book examines how African American performative practices mediate the tension between the ostensibly de racialized body politic and the hyper racialized black female body reimagining the cultural and political ground that guides various articulations of American national belonging Brown shows how and why black women writers and artists matter as agents of change how and why the form and content of their works must be recognized and reconsidered in the increasingly frenzied arena of cultural production and political debate **Newspaper Clippings**
