Sartres Concept Of A Person An Analytic Approach

Derek Pigrum

Sartres Concept Of A Person An Analytic Approach:

Sartre's Concept of a Person Phyllis Sutton Morris, 1976 A revision of the author's thesis University of Michigan 1969 Bibliography p 154 161 Includes index

The Concept of Freedom and the Development of Sartre's Early Political Thought Bernard Merkel, 2019-04-15 This book first published in 1987 is a study of the development of Sartre's political thought from the late 1920s to the liberation of France in 1944 concentrating particularly upon his concept of freedom It is argued that the evolution of Sartre's thinking can be regarded as constituting a series of problematics each of which has a corresponding notion of freedom and these problematics are elucidated in turn

The Existentialism of Jean-Paul Sartre Jonathan Webber, 2009-01-13 Webber argues for a new interpretation of Sartrean existentialism On this reading Sartre is arguing that each person's character consists in the projects they choose to pursue and that we are all already aware of this but prefer not to face it Careful consideration of his existentialist writings shows this to be the unifying theme of his theories of consciousness freedom the self bad faith personal relationships existential psychoanalysis and the possibility of authenticity Developing this account affords many insights into various aspects of his philosophy not least concerning the origins structure and effects of bad faith and the resulting ethic of authenticity This discussion makes clear the contributions that Sartre's work can make to current debates over the objectivity of ethics and the psychology of agency character and selfhood Written in an accessible style and illustrated with reference to Sartre's fiction this book should appeal to general readers and students as well as to specialists

Sartre's 'Being and Nothingness' Sebastian Gardner, 2009-02-26 Jean Paul Sartre's *Being and Nothingness* marked the beginning of the rise of French existentialism in the twentieth century In this work Sartre offers a complex and profound defense of human freedom The topics discussed by Sartre range from traditional problems of metaphysics and epistemology to the roots of human motivation and the nature of human relationships It is a hugely important text in a long and distinguished tradition of philosophical reflection going back to Kant Sartre's *Being and Nothingness* A Reader's Guide is an invaluable companion to the study of this influential philosophical text

Feminist Interpretations of Jean-Paul Sartre Julien S. Murphy, 2010-11-01 While Sartre was committed to liberation struggles around the globe his writing never directly addressed the oppression of women Yet there is compatibility between his central ideas feminist beliefs In this first feminist collection on Sartre philosophers reassess the merits of Sartre's radical philosophy of freedom for feminist theory Contributors are Hazel E Barnes Linda A Bell Stuart Z Charme Peter Diers Kate Edward Fullbrook Karen Green Sarah Lucia Hoagland Sonia Kruks Guillermine de Lacoste Thomas Martin Phyllis Sutton Morris Constance Mui Iris Marion Young

Existentialist Ontology and Human Consciousness William L. McBride, 2013-09-13 *Existentialist Ontology and Human Consciousness* The majority of the distinguished scholarly articles in this volume focus on Sartre's early philosophical work which dealt first with imagination and the emotions then with the critique of Husserl's notion of a transcendental ego and finally with systematic ontology presented in his best known book *Being and Nothingness*

In addition since his preoccupation with ontological questions and especially with the meanings of ego self and consciousness endured throughout his career other essays discuss these themes in light of later developments both in Sartre's own thought and in the phenomenological hermeneutic and analytic traditions Aquinas and Sartre Stephen Wang, 2009 Thomas Aquinas and Jean Paul Sartre are usually identified with completely different philosophical traditions intellectualism and voluntarism In this original study Stephen Wang shows instead that there are some profound similarities in their understanding of freedom and human identity *Sartre and Marxist Existentialism* Thomas R. Flynn, 1986-10-15 In this important book Thomas R Flynn reinterprets and evaluates Sartre's social and political philosophy arguing that the existential ethics of Sartre's early phase is consistent with the Marxist inspired views of his later writings Displaying his mastery of Sartre's entire corpus Flynn reconstructs Sartre's social ontology with its sensitive balance of the existentialist's respect for moral responsibility and the Marxist's sense of social causation Flynn focuses on the issue of collective responsibility as a particularly apt test case for assessing any proposed union of existentialist and Marxist perspectives The study begins with an examination of the uses of responsibility in *Being and Nothingness* and in several postwar essays Flynn then concentrates on the *Critique of Dialectical Reason* offering a thorough analysis of the remarkable social theory Sartre constructs there A masterful contribution to Sartre scholarship Sartre and Marxist Existentialism will be of great interest to social and political philosophers involved in the debate over collective responsibility **Kant and Sartre S.**

Baiasu, 2011-08-26 This book challenges the view of the relationship between Kant's and Sartre's practical philosophies arguing that Kant was one of Sartre's most significant predecessors The book identifies several fundamental theses of Sartre's practical philosophy and shows Sartre to be closer to Kant in this respect than many contemporary Kantian theories are

The Power of Consciousness and the Force of Circumstances in Sartre's Philosophy Thomas W.

Busch, 1989-11-22 Displaying a masterful grasp of the texts the author shows how otherness forces itself upon the existentialist Sartre gradually constraining him to modify his understanding of consciousness as omnipotent The issue is Sartre's discovery of the social and its conceptual assimilation into his individualistic consciousness oriented philosophy Thomas R Flynn This very successful and accessible scholarly book is simultaneously a succinct and clear overview of Sartre's philosophical works and a fresh consideration of Sartre's body of work Choice Busch's admirably clear and compact discussion is essential reading for Sartre scholars since it powerfully addresses many issues dividing them Ethics a useful overview of the evolution of Sartre's thought Review of Politics a thought provoking reassessment of Sartre's philosophical career Man and World succinct richly documented survey International Studies in Philosophy *Ethics of an Artificial Person* Elizabeth Hankins Wolgast, 1992 We can freely cross disciplinary boundaries as well as the line between theory and practice and allow practices to cast their light back on the theory and show us its deficiencies In short this approach reorients some much discussed issues of professional business and military ethics and reveals them as variations on one

deeply rooted theme The author does not treat current institutions as final and unalterable If these arrangements frustrate moral evaluation she finds that an argument for change To make intelligent changes however we need a clear view of the reasoning that makes them seem natural and inevitable That is what this book attempts to do In the process the author also reexamines the concept of person Not all cultures put so much stress on the idea as Western and particularly American cultures do If we wish to keep this emphasis then here is another argument for change

Canonical Authors in Consumption Theory Soren Askegaard, Benoit Heilbrunn, 2017-12-14 Canonical Authors in Consumption Theory is the first work to compile the contributions of the greatest social thinkers in the global conversation about consumption and consumer culture A prestigious reference work it offers original chapters by the world's most prominent thought leaders and surveys how the work of historical theorists has influenced and shaped consumption theory both through history and at the cutting edge of research Consumption is at the core of contemporary lifestyles of political successes and failures and of discussions around sustainability and environmental change Contemporary consumer culture shapes modern identities and is the engine of the globalizing capitalist economy Still most social theorizations over the last century and a half have addressed production processes rather than consumption processes This is about to change Studies of consumption play an increasing role as a topic and a domain of study in marketing anthropology sociology and cultural studies Currently there is no single compilation that systematically links scholarly work published by the greatest social thinkers of the last 150 years to the understanding of contemporary consumer society This book provides a solid framework for understanding the relevance of these canonical authors in social theory to facilitate analysis of consumer culture and to act as a comprehensive reference point for consumer researchers doctoral students and practitioners

The Routledge Companion to Phenomenology Sebastian Luft, Soren Overgaard, 2013-07-03 Phenomenology was one of the twentieth century's major philosophical movements and continues to be a vibrant and widely studied subject today The Routledge Companion to Phenomenology is an outstanding guide and reference source to the key philosophers topics and themes in this exciting subject and essential reading for any student or scholar of phenomenology Comprising over fifty chapters by a team of international contributors the Companion is divided into five clear parts main figures in the phenomenological movement from Brentano to Derrida main topics in phenomenology phenomenological contributions to philosophy phenomenological intersections historical postscript Close attention is paid to the core topics in phenomenology such as intentionality perception subjectivity the self the body being and phenomenological method An important feature of the Companion is its examination of how phenomenology has contributed to central disciplines in philosophy such as metaphysics philosophy of mind moral philosophy aesthetics and philosophy of religion as well as disciplines beyond philosophy such as race cognitive science psychiatry literary criticism and psychoanalysis

Pre-reflective Consciousness Sofia Miguens, Gerhard Preyer, Clara Bravo Morando, 2015-10-16 Pre reflective Consciousness Sartre and Contemporary Philosophy of Mind delves into the relationship

between the current analytical debates on consciousness and the debates that took place within continental philosophy in the twentieth century and in particular around the time of Sartre and within his seminal works Examining the return of the problem of subjectivity in philosophy of mind and the idea that phenomenal consciousness could not be reduced to functional or cognitive properties this volume includes twenty two unique contributions from leading scholars in the field Asking questions such as Why we should think that self consciousness is non reflective Is subjectivity first personal Does consciousness necessitate self awareness Do we need pre reflective self consciousness Are ego disorders in psychosis a dysfunction of pre reflective self awareness How does the Cartesian duality between body and mind fit into Sartre s conceptions of consciousness

Sartre and his Predecessors William Ralph Schroeder,2019-04-15 This study first published in 1984 presents an explanation and critical examination of the theories of Sartre Heidegger Husserl and Hegel on the fundamental relationships between persons It also synthesizes the results into a new conception of one s relation to other people Sartre s famous discussion of the Look in his early treatise Being and Nothingness is the point of departure and central text Since Sartre critically responds to his three famous predecessors these thinkers are given an independent hearing The book demonstrates various ways in which persons are internally related to one another shows that one s access to other people typically does not compare unfavourably with one s access to oneself and establishes the importance of a prior comprehension of the status of other people for an adequate treatment of knowing them

Ontological Landscapes Vesselin Petrov,2013-05-02 In the last decades ontology has been successfully developed in many directions and has fostered various approaches for depicting the contemporary ontological landscapes An important task is to outline recent thought on the conceptual interfaces between science and philosophy The present volume opens up a view onto the plurality of different ontological schemes The papers collected here discuss the interfaces between ontology and empirical research that are created by the notions of a whole a thought a number a quality an ability a kind notions of causation dynamicity and social objects the application of relevant logical tools for the reconsideration of ontological paradigms as well as the investigation of the consequences in cognitive sciences on the development of ontology

Philosophy as Passion Karen Vintges,1996-11-22 Philosophy as Passion refutes the commonly held view of Simone de Beauvoir as no more than an acolyte of Jean Paul Sartre Karen Vintges delineates Beauvoir s independent original ethics and philosophy drawing on the moral philosophical treatises of the 1940 s and 1950 s along with The Second Sex her novel The Mandarins and autobiographical works

Ethics, Morality, and International Affairs Willard D. Keim,2000 Does morality apply to international politics Can one be a realist and ethical at the same time Willard D Keim answers these questions in Ethics Morality and International Affairs arguing that the key to the paradigm of foreign relations is the recognition of the freedom of other human beings Drawing upon Jean Paul Sartre s two principles being in itself and being for itself Keim proposes that while morality should be pertinent to international policy the world is imperfect and values are not absolutes derived from nature

He develops the idea of lucidity and in the final chapter applies his theories to the Persian Gulf War Scholars of international politics as well as philosophers and the general educated public will find this book a fascinating read **Sartre and Analytic Philosophy** Talia Morag,2023-12-01 This book explores the relevance of Sartre s work in various areas of contemporary philosophy including the imagination philosophy of language scepticism social ontology logic film practical rationality emotions and psychoanalysis Unlike other collections focused on Sartre this book is not intended as a book of Sartre scholarship or interpretation The volume s contributors trained in analytic philosophy engage with Sartre s work in new refreshing ways which does not require seeing him as primarily belonging to the continental philosophical traditions of phenomenology or existentialism Instead this book aims to make available and fruitfully explore the unheralded insights of Sartre to creatively re appropriate or rationally reconstruct certain fruitful ideas or approaches of Sartre and confront them with or make them available to contemporary philosophy in general Sartre thereby emerges from this book as a versatile philosopher with a stake in a large variety of philosophical concerns Sartre and Analytic Philosophy will appeal to Sartre scholars who are interested in his relevance to contemporary philosophical debates as well as philosophers who are interested in exploring new ways of doing philosophy which are neither stereotypically analytic nor continental Teaching Creativity Derek Pigrum,2011-11-03 This study is concerned with creativity in education especially in arts education broadly conceived to include the visual arts music and creative writing It takes as its starting point Nietzsche s view that works of art do not appear as if by magic Using insights from philosophy psychoanalysis and semiotics the book examines the creative processes of many artists in different media showing how art works often result from processes of construction deconstruction and reconstruction that may be long and laborious Pigrum demonstrates how teachers and their students in all sectors of education may gain from a better systematic understanding of such processes

This is likewise one of the factors by obtaining the soft documents of this **Sartres Concept Of A Person An Analytic Approach** by online. You might not require more time to spend to go to the book initiation as skillfully as search for them. In some cases, you likewise realize not discover the message Sartres Concept Of A Person An Analytic Approach that you are looking for. It will definitely squander the time.

However below, later than you visit this web page, it will be therefore definitely easy to get as well as download lead Sartres Concept Of A Person An Analytic Approach

It will not receive many mature as we accustom before. You can realize it though be active something else at home and even in your workplace. in view of that easy! So, are you question? Just exercise just what we come up with the money for under as skillfully as review **Sartres Concept Of A Person An Analytic Approach** what you in the manner of to read!

Sartres Concept Of A Person An Analytic Approach Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Sartres Concept Of A Person An Analytic Approach PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and

finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Sartres Concept Of A Person An Analytic Approach PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Sartres Concept Of A Person An Analytic Approach free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Sartres Concept Of A Person An Analytic Approach Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Sartres Concept Of A Person An Analytic Approach is one of the best book in our library for free trial. We provide copy of Sartres Concept Of A Person An Analytic Approach in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Sartres Concept Of A Person An Analytic Approach. Where to download Sartres Concept Of A Person An Analytic Approach

online for free? Are you looking for Sartres Concept Of A Person An Analytic Approach PDF? This is definitely going to save you time and cash in something you should think about.
