Understanding Retrogrades Helen J. Adams, 2008-06 Traditional chart interpretation regarded a retrograde natal planet as being weakened but many of today's astrologers have different opinions the planet's energy is more internalized or strengthened or causes delay or confusion To illustrate retrograde Mercury causes mail to be lost appointments to be missed and a general breakdown in communication Helen Adams writes For far too long retrograde planets have been misunderstood or not understood at all retrogrades are not really all bad Here she presents a guide to interpreting retrograde planets in the natal and progressed chart as well as by transit Also included is each retrograde planet's relationship to health **Creative Step-Parenting** Gayle Geffner, 2009-09 Whether you are a step parent or step child

Gayle Geffner offers astrological insight and personal wisdom while demonstrating how to grow into a happy and loving family. Intermediate and advanced astrologers will find the information and synastry methods used in this book incredibly valuable. Beginners and non astrologers will also benefit from the book when used in conjunction with general introductory astrology books. Using an innovative approach as a viable way for step families to come together and bond, Gayle demonstrates these concepts through numerous examples including the British royal family synastry between step parents and step children, astrological timing, retrograde planets, secondary progressions, lunar nodes, dwads, the Moon, and Saturn. Known as the practical astrologer, Gayle Geffner deals with the day to day situations that affect all of us. Rather than focusing on negatives, she explains how to work with and through them, emphasizing the positive while showing how to dig into a chart to find opportunity, be it for family bonding or another area of life. Gayle is an international astrologer with more than thirty years experience. She is the author of *Pathways to Success: Discover Your Career Potential Through Astrology* and her articles have appeared in *Aspects*, *Regulus*, *Ebertin Newsletter*, *Baltimore NCGR Newsletter*, *Geocosmic Journal*, *NCGR E News*, and *Today's Astrologer*.
