Saul Bellow Vision And Revision:

Cronin, Lee Trepanier, 2013-05-01 Saul

Bellow is one of the twentieth century's most influential, respected, and honored writers. His novels *The Adventures of Augie March*, *Herzog*, and *Mr Sammler's Planet* won the National Book Award, and *Humboldt's Gift* was awarded the 1976 Pulitzer Prize for fiction. In addition, his plays garnered popular and critical acclaim and some were produced on Broadway. Known for his insights into life in a post-Holocaust world, Bellow's explorations of modernity, Jewish identity, and the relationship between art and society have resonated with his readers, but because his writing is not overtly political, his politics have largely been ignored.

A Political Companion to Saul Bellow examines the author's novels, essays, short stories, and letters in order to illuminate his evolution from liberal to neoconservative. It investigates Bellow's exploration of the United States as a democratic system, the religious and ideological influences on his work, and his views on race relations, religious identity, and multiculturalism in the academy. Featuring a fascinating conclusion that draws from interviews with Bellow's sons, this accessible companion is an excellent resource for understanding the political thought of one of America's most acclaimed writers.

The Cambridge Companion to Saul Bellow Victoria Aarons, 2017 This book demonstrates the complexity of Bellow's work by emphasizing the ways in which it reflects the changing conditions of American identity.

Conversations with Saul Bellow Saul Bellow, 1993

Saul Bellow and the Decline of Humanism Michael K. Glenday, 1990-06-18 This is a study revealing Saul Bellow's views on the decline of humanism. With chapters on each of Bellow's novels from *Dangling* to *More Die of Heartbreak*, the author argues that Bellow's vision of modern American culture denies the possibility of humanist enlightenment for his heroes.

The Life of Saul Bellow, Volume 2 Zachary Leader, 2019-12-03 The second volume in the life of literary giant Saul Bellow vividly capturing a personal life that was always tumultuous and a career that never ceased being triumphant. Bellow at forty-nine is at the pinnacle of American letters, rich, famous, critically acclaimed. The expected trajectory is one of decline: volume 1, rise; volume 2, fall. Bellow never fell, producing in the latter half of his life some of his greatest fiction: *Mr Sammler's Planet*, *Humboldt's Gift*, winning two more National Book Awards, a Pulitzer Prize, and the Nobel Prize. At eighty, he wrote his last story; at eighty-five, he wrote *Ravelstein*. In this volume, his life away from the desk, including his love life, is if anything more dramatic than in the first. In the public sphere, he is embroiled in controversy over foreign affairs, race, religion, education, social policy, the state of culture, the fate of the novel. In this stunning second volume, Zachary Leader shows that Bellow's heroic energy and will were present to the very end of his life. His immense achievement and its cost to himself and others continue to be worth the examination of this vivid work of literary scholarship.

Re-Thinking Theory Richard Freadman, Seumas Miller, 1992-05-07 These deficiencies are ascribed principally to three aspects of modern theoretical schools the commitment to a non referential view of language the rejection of substantive accounts of the individual and a repudiation of moral and aesthetic evaluation The alternative account offered by Professors Freadman and Miller incorporates the values renounced by contemporary literary theory and places a central emphasis on ethical discourse

Zipperstein, 2009-04-01 Born in Chicago in 1918 the prodigiously gifted and erudite Isaac Rosenfeld was anointed a genius upon the publication of his luminescent novel *Passage from Home* and was expected to surpass even his closest friend and rival Saul Bellow Yet when felled by a heart attack at the age of thirty eight Rosenfeld had published relatively little his life reduced to a metaphor for literary failure In this deeply contemplative book Steven J Zipperstein seeks to reclaim Rosenfeld's legacy by opening up his work Zipperstein examines for the first time the small mountain of unfinished manuscripts the writer left behind as well as his fiercely candid journals and letters In the process Zipperstein unearths a turbulent life that was obsessively grounded in a profound commitment to the ideals of the writing life Rosenfeld's *Lives* is a fascinating exploration of literary genius and aspiration and the paradoxical power of literature to elevate and to enslave It illuminates the cultural and political tensions of post war America Jewish intellectual life of the era and most poignantly the struggle at the heart of any writer's life
