A Talent for Living Barbara L. Bellows, 2006-06-21 Josephine Pinckney 1895 1957 was an award winning best selling author whose work critics frequently compared to that of Jane Austen Edith Wharton and Isak Dinesen Her flair for storytelling and trenchant social commentary found expression in poetry five novels Three O Clock Dinner was the most successful stories essays and reviews Pinckney belonged to a distinguished South Carolina family and often used Charleston as her setting writing in the tradition of Ellen Glasgow by blending social realism with irony tragedy and humor in chronicling the foibles of the South's declining upper class Barbara L Bellows has produced the first biography of this very private woman and emotionally complex writer whose life story is also the history of a place and time Charleston in the first half of the twentieth century In A Talent for Living Pinckney's life unfolds like a novel as she struggles to escape aristocratic codes and the ensnaring bonds of southern ladyhood and to embrace modern freedoms In 1920 with DuBose Heyward and Hervey Allen she founded the Poetry Society of South Carolina which helped spark the southern literary renaissance Her home became a center of intellectual activity with visitors such as the poet Amy Lowell the charismatic presidential candidate Wendell Willkie and the founding editor of the Saturday Review of Literature Henry Seidel Canby Sophisticated and cosmopolitan she absorbed popular contemporary influences particularly that of Freudian psychology even as she retained an almost Gothic imagination shaped in her youth by the haunting tragic beauty of the Low Country and its mystical Gullah culture A skilled stylist Pinckney excelled in creating memorable characters but she never scripted an individual as engaging or intriguing as herself Bellows offers a fascinating exhaustively researched portrait of this onetime cultural icon and her well concealed personal life

River of Blood J. M. Schoffeleers, 1992 The culmination of years of fieldwork in southern Malawi River of Blood reconstructs the beginnings of the Mbona martyr cult follows its history to the present day and reveals the fascinating intersections of an indigenous belief system with European Christianity In the cult of Mbona the central African mythology of the snake that is beheaded to make the rains come has been combined with a more spiritual interpretation the snake has been transformed into a human martyr and redeemer According to the cult the rainmaker Mbona was tracked down by his enemies they cut off his head and his blood formed the River of Blood Mbona returned as a storm wind and asked that a shrine be dedicated in his name J Matthew Schoffeleers recounts how the Portuguese presence in Zambezia in the period 1590 1622 led to more than three decades of internecine warfare and caused the people of southern Malawi tremendous suffering In response to this political oppression and social upheaval Schoffeleers shows the people looked to Mbona their black Jesus for redemption Beyond reconstructing the cult s genesis Schoffeleers traces its recent history particularly in political context He provides texts of seven cult myths from different historical periods in both Chimanga and English His analysis presents the Mbona myth as a continuous social construction and deconstruction Emphasizing the impact of political and spiritual oppression on the cult he distinguishes between the differing versions of the myth preserved by the aristocracy and by the commonalty and

demonstrates how these disparate views unite to preserve historical information In so doing he shows that cults serve as valuable repositories for historical information *Official Gazette of the United States Patent and Trademark Office* ,2005

Practices of Projection Gabriel Menotti, Virginia Crisp, 2020 To many the technological aspects of projection often go unnoticed only brought to attention during moments of crisis or malfunction For example when a movie theater projector falters the audience suddenly looks toward the back of the theater to see a sign of mechanical failure The history of cinema similarly shows that the attention to projection has been most focused when the whole medium is hanging in suspension During Hollywood's economic consolidation in the 30s projection defined the ways that sync sound technologies could be deployed within the medium Most recently the digitization of cinema repeated this process as technology was reworked to facilitate mobility These examples show how projection continually speaks to the rearrangement

of media technology Projection therefore needs to be examined as a pivotal element in the future of visual media s technological transition In Practices of Projection Histories and Technologies volume editors Gabriel Menotti and Virginia Crisp address the cultural and technological significance of projection Throughout the volume chapters reiterate that projection cannot and must not be reduced to its cinematic functions alone Borrowing media theorist Siegfried Zielinski s definition Menotti and Crisp refer to projection as the heterogeneous array of artefacts technical systems and particularly visual praxes of experimentation and of culture From this readers can understand the performative character of the moving image and the labor of the different actors involved in the utterance of the film text Projection is not the same everywhere nor equal all the time Its systems are in permanent interaction with environmental circumstances neighboring structures local cultures and social economies Thus the idea of projection as a universal fully autonomous operation cannot hold Each occurrence of projection adds nuance to a wider understanding of film screening technologies *pt. VI, Of leaf beauty. pt. VII, Of cloud beauty. Pts. VIII-IX, Of ideas of relation* John Ruskin,1876 Champagne Supernovas Maureen Callahan,2014-09-02 Examines the 1990s fashion scene through the lives of Kate Moss Marc Jacobs and Alexander McQueen three icons of design and fashion The Berbers of Morocco Michael Peyron,2020-10-29 From the Rif War to the rebellion of 1958 the Berbers Imazighen have played a central role in the history of Moroccan resistance to colonialism in the twentieth century This book provides an in depth overview of Berber resistance to the French campaigns of Pacification and the subsequent struggle over Berber identity in the independence era Deeply steeped in Berber history and culture the author traces the major and minor engagements between French forces and the Berbers in revealing detail using previously unavailable sources Relying on a wealth of oral sources and extensive field work it provides the most complete history to date of one of the most important Berber communities in North Africa
