Save It:

Destroying the World to Save It Robert Jay Lifton, 2000-09 Taking stock as well of Charles Manson the Heaven s Gate cult and the Oklahoma City bombers Lifton argues that Aum Shinrikyo was not just a nightmare of Japanese religion but a global nightmare that revealed a world unexpectedly at risk **BOOK JACKET** [Kill It to Save It](#) Corey Dolgon, 2017-04-05 How have powerful Americans convinced their fellow citizens to support policies beneficial only to the wealthy Why have so many given up on public education safe food and safe streets living wages even on democracy itself Kill it to Save it lays bare the hypocrisy of US political discourse by documenting the story of capitalism s triumph over democracy As the Progressive Left tries to understand how President Trump came to power Corey Dolgon documents his historical political and cultural road map Dolgon argues that American citizens now accept policies that destroy the public sector and promote political stories that feel right in the gut regardless of science or facts Covering the post Vietnam era to present day Dolgon dismantles US common sense cultural discourse and explains why the endless crisis in US policy will continue until American citizens recognize what has been lost and in whose interest **Money—How to Save It, Spend It, and Make It** Bernard D. Coleman, 2016-06-06 Money How to Save It Spend It and Make It provides practical guidance about money in terms of investment income and profit This book focuses on the three main topics namely on buying profitably on saving money on taxation and on making money by investment Organized into three parts encompassing 36 chapters this book begins with an overview of the method of getting the best value of money by understanding how to keep taxation at a minimum legitimately and how to invest at the best advantage This text then discusses the concept of annuity mortgage which is a mortgage loan on a property to be bought Other chapters consider the various components of income tax This book discusses as well the important distinction between income from working and investment income for tax purposes The final chapter deals with investments in trust units trust shares or other equities This book is a valuable resource for readers who are interested in saving and making money **Save It for Later** Nate Powell, 2021-04-06 From Nate Powell the National Book Award winning artist of *March* a collection of graphic nonfiction essays about living in a new era of necessary protest now with sixteen pages of new material In seven interwoven comics essays author and illustrator Nate Powell addresses living in an era of what he calls necessary protest *Save It for Later* Promises Parenthood and the Urgency of Protest is Powell s reflection on witnessing the collapse of discourse in real time while illustrating the award winning trilogy *March* by Congressman John Lewis and Andrew Aydin this generation s preeminent historical account of nonviolent revolution in the civil rights movement Powell highlights both the danger of normalized paramilitary symbols in consumer pop culture and the roles we play individually as we interact with our communities families and society at large Each essay tracks Powell s journey from the night of the election promising his four year old daughter that Trump will never win to the reality of the authoritarian presidency protesting the administration s policies and navigating the complications of teaching his children how to raise

their own voices in a world that is becoming increasingly dangerous and more and more polarized While six of the seven essays are new unpublished work Powell has also included About Face a comics essay first published by Popula Online that swiftly went viral and inspired him to write Save It for Later The seventh and final essay was written after the 2020 presidential election and examines the outcome of that contest in relation to the events of the last four years with a particular focus on the COVID 19 pandemic and global protests in the wake of the murder of George Floyd The updated paperback comes out just in time for the 2022 midterm elections and includes bonus content featuring a conversation between Powell and Derf Backderf the New York Times bestselling author of My Friend Dahmer and Kent State where they discuss the militarization of civilian spaces and the aftermath of the January 6th insurrection As Powell moves between subjective and objective experiences raising his children depicted in their childhood innocence as imaginary anthropomorphic animals he reveals the electrifying sense of trust and connection with neighbors and strangers in protest He also explores how to equip young people with tools to best make their own noise as they grow up and help shape the direction and future of this country
