Inclusive Screenwriting for Film and Television Jess King, 2022-05-16 Breaking down the traditional structures of screenplays in an innovative and progressive way while also investigating the ways in which screenplays have been traditionally told this book interrogates how screenplays can be written to reflect the diverse life experiences of real people Author Jess King explores how existing paradigms of screenplays often exclude the very people watching films and TV today Taking aspects such as characterization screenplay structure and world building King offers ways to ensure your

screenplays are inclusive and allow for every person's story to be heard. In addition to examples ranging from *Sorry to Bother You* to *Portrait of a Lady on Fire*, four case studies on *Killing Eve*, *Sense8*, *I May Destroy You*, and *Vida* ground the theoretical work in practical application. The book highlights the ways in which screenplays can authentically represent and uplift the lived experiences of those so often left out of the narrative such as the LGBTQIA community, women, and people of color. The book addresses a current demand for more inclusive and progressive representation in film and TV and equips screenwriters with the tools to ensure their screenplays tell authentic stories, offering innovative ways to reimagine current screenwriting practice towards radical equity and inclusion. This is a timely and necessary book that brings the critical lenses of gender studies, queer theory, and critical race studies to bear on the practice of screenwriting. Ideal for students of screenwriting, aspiring screenwriters, and industry professionals alike. *Celtx* Ralph Roberts, 2011-03-14

Evolution of a Screenplay is the first book of its kind to so amply demonstrate the creative development of a Hollywood script. Into the Woods John Yorke, 2014-05-29. An analysis of the fundamental narrative structure, why it works, the meanings of stories, and why we tell them in the first place. The idea of *Into the Woods* is not to supplant works by Aristotle, Lajos Egri, Robert McKee, David Mamet, or any other writers of guides for screenwriters and playwrights, but to pick up on their cues and take the reader on a historical, philosophical, scientific, and psychological journey to the heart of all storytelling. In this exciting and wholly original book, John Yorke not only shows that there is truly a unifying shape to narrative, one that echoes the great fairytale journey into the woods, and one like any great art that comes from deep within, he explains why too. With examples ranging from *The Godfather* to *True Detective*, *Mad Men* to *Macbeth*, and fairy tales to *Forbrydelsen*, *The Killing*, Yorke utilizes Shakespearean five-act structure as a key to analyzing all storytelling in all narrative forms, from film and television to theatre and novel writing, a big step from the usual three-act approach.

Into the Woods: A Five Act Journey into Story is destined to sit alongside David Mamet's *Three Uses of the Knife*, Robert McKee's *Story*, Syd Field's *Screenplay*, and Lajos Egri's *The Art of Dramatic Writing* as one of the most original, useful, and inspiring books ever on dramatic writing. Praise for *Into the Woods*: Love storytelling. You need this inspiring book. John Yorke dissects the structure of stories with a joyous enthusiasm allied to precise encyclopedic knowledge. Guaranteed to send you back to your writing desk with newfound excitement and drive. Chris Chibnall, creator, *Broadchurch* and *Gracepoint*. Outrageously good, and by far and away the best book of its kind I've ever read. I recognized so much truth in it. But more than that, I learned a great deal. Time and again, Yorke articulates things I've always felt but have never been able to describe. This is a love story to story, erudite, witty, and full of practical magic. I struggle to think of the writer who wouldn't benefit from reading it, even if they don't notice, because they're too busy enjoying every page. Neil Cross, creator, *Luther* and *Crossbones*. Part how-to manual, part why-to-celebration. *Into the Woods* is a wide-reaching and infectious, passionate exploration of storytelling in all its guises, exciting and thought-provoking. Emma Frost, screenwriter, *The White Queen* and *Shameless*.
