Saving the Children Emily Baughan, 2021-11-23 Saving the Children analyzes the intersection of liberal internationalism and imperialism through the history of the humanitarian organization Save the Children from its formation during the First World War through the era of decolonization Whereas Save the Children claimed that it was saving children to save the world the vision of the world it sought to save was strictly delimited characterized by international capitalism and colonial rule Emily Baughan's groundbreaking analysis across fifty years and eighteen countries shows that Britain's desire to create an international order favorable to its imperial rule shaped international humanitarianism In revealing that modern humanitarianism and its conception of childhood are products of the early twentieth century imperial economy Saving the Children argues that the contemporary aid sector must reckon with its past if it is to forge a new future **Governing Childhood into the 21st Century** M. Nadesan, 2010-04-26 Neoliberal logics of government shaping childhood today produce market based frameworks for understanding childhood risks In this timely work Nadesan argues that these frameworks encourage affluent parents to pursue individualized technologies of the self to reduce risks posed to their children's future success **The Sociology of Education** Ivor Morrish, 2019-09-02 First published in 1972 this book aims

to provide an introduction to the teacher or teacher in training to society and its relationship to education Although very much a product of its time rather than an instructive text for teachers in the 21st century this work will be of interest to those studying the evolution of the study o
