Shoddy Cove:

Shoddy Cove Betty Levin, 2010-10-12 Clare's summer has been ruined. With Dad away, Clare is forced to accompany her mother to the Cossit Island Village living historical museum. Every day she has to wear long, awkward 1830s style dresses and card wool in the hot, gloomy Grimes homestead. Then two children appear: a boy who knows how to spin wool without even using a spindle, and his little sister who throws a fit in the middle of a funeral reenactment. They are not ordinary tourists. Clare sees them day after day. Who are these strange children? What are they doing at Cossit Island Village? As Clare tries to unravel their story, she stumbles upon a second mystery, nearly two hundred years old and just as intriguing and suspenseful as the first. Thorn Betty Levin, 2005 Thorn, a mysterious boy with a deformed leg, arrives on an island inhabited by the people of the Singing Seals and, though treated with fear and suspicion by most of the natives, is befriended by the girl Willow, chosen to be the next Keeper of Story.

Reading Raps Rita Soltan, 2005-12-30 Book clubs are sprouting up all over, and so are book club guides, but not all book club guides are equal. Many focus on a specific type of book club, or they take a generic approach of one size fits all, and most do not take into account the special needs of librarians and educators working with young readers. This guide has it all, and it will help you ensure that your book club meetings are both fun and educational. Focusing on children in grades 3-8 and their families, the book offers 100 ready-made book club instructions for popular children's and YA titles from newer releases such as Theresa Nelson's *Ruby Electric* and Blue Balliett's *Chasing Vermeer* to perennial favorites and award-winning classics such as Johanna Hurwitz's *Much Ado about Aldo* and Gary Soto's *Baseball in April* and *Other Stories*. Along with thought-provoking discussion questions, you'll find all the background information you need to conduct lively book discussions with a variety of readers: plot summary, themes, and characters description, genre, reading level, author, and award information, related reads, and more. The guide describes four types of family-oriented book clubs: family, mother-daughter, father-son, and readers' rap, as well as a book club for kids only. The author provides practical instructions for making each type of book club successful. For each title, she provides a plot summary, characterization sketches, questions to use for provocative discussion, and follow-up bibliographies on similar reads. Notes on genres, themes, and reading levels are also provided. The selected titles reflect some of the best, most current, and most popular children's literature. In addition, a broad scope of genres and multicultural titles are included. Perfect for public library programs and after-school book clubs, this is a one-stop resource with practical, ready-made plans that can easily be adapted to multiple environments. Grades 3-8. *Consolidated Freight Classification ... Consolidated Classification Committee, Publishing the ratings, rules, and regulations of the official southern and western classifications*. Uniform Freight Classification, 1955.
