From Silence to Voice Bernice Buresh, Suzanne Gordon, 2006 To get the resources and respect they need, nurses have long had to be advocates for themselves and their profession, not just for their patients. For a decade, *From Silence to Voice* has provided nurses with the tools they need to explain the breadth and complexity of nursing work. Bernice Buresh and Suzanne Gordon have helped nurses around the world speak up and convey to the public that nursing is more than dedication and caring; it demands specialized knowledge, expertise across a range of medical technologies, and decision making about life and death issues. Nurses and nursing organizations they write must go out and tell the public what nurses really do so that patients can actually get the benefit of their expert care.
