Midgley, 2004 This is the second of three volumes based on papers given at the Fragile Tradition conference in Cambridge 2002 Together they provide a conspectus of current research on the cultural historical and literary imagination of the German speaking world across the whole of the modern period This volume highlights the connections between cultural identity and the sense of nationhood which are to be found in literary writing the history of ideas and the interaction between European cultures from the late Middle Ages to the present day It focuses particularly on the way myths of cultural identity are passed on and transformed historically on the fashioning of various models of modern German identity with reference to the cultures of Greece France England and Renaissance Italy on the reflection of 19th century nationalism in literary writing and ideas about language and on the ways in which cultural values have asserted themselves in relation to moments of catastrophe and abrupt political change in the 1920s the 1940s and the 1990s Sex in Imagined Spaces Caitriona Dhuill, 2017-07-05 From Thomas More onwards writers of utopias have constructed alternative models of society as a way of commenting critically on existing social orders In the utopian alternative the sex gender system of the contemporary society may be either reproduced or radically reorganised Reading utopian writing as a dialogue between reality and possibility this study examines the relationship between historical sex gender systems and those envisioned by utopian texts Surveying a broad range of utopian writing from the nineteenth and twentieth centuries including Huxley Zamyatin Wedekind Hauptmann and Charlotte Perkins Gilman this book reveals the variety and complexity of approaches to rearranging gender and locates these rearrangements within contemporary debates on sex and reproduction masculinity and femininity desire taboo and family structure These issues occupy a position of central importance in the dialogue between utopian imagination and anti utopian thought which culminates in the great dystopias of the twentieth century and the postmodern reinvention of utopia **Jedermann, Das Spiel Vom Sterben Des Reichen Mannes [von] Hugo Von Hofmannsthal, und Max Reinhardts Inszenierungen** Hugo von Hofmannsthal, 1973

Imagining Ithaca Kathleen Riley, 2021-04-01 Though home is a name a word it is a strong one said Charles Dickens stronger than magician ever spoke or spirit answered to in strongest conjuration The ancient Greek word nostos meaning homecoming or return has a commensurate power and mystique Irish philosopher poet John Moriarty described it as a teeming word a haunted word a word to conjure with The most celebrated and culturally enduring nostos is that of Homer's Odysseus who spent ten years returning home after the fall of Troy His journey back involved many obstacles temptations and fantastical adventures and even a katabasis a rare descent by the living into the realm of the dead All the while he was sustained and propelled by his memories of Ithaca His native home deep imagined in his soul as Pope's translation has it From

Virgil's Aeneid to James Joyce's Ulysses from MGM's The Wizard of Oz to the Coen Brothers' O Brother Where Art Thou and from Derek Walcott's Omeros to Margaret Atwood's Penelopiad the Odyssean paradigm of nostos and nostalgia has been continually summoned and reimagined by writers and filmmakers At the same time Ithaca has proved to be an evocative and versatile abstraction It is as much about possibility as it is about the past it is a vision of Arcadia or a haunting an object of longing a repository of memory a sleep and a forgetting In essence it is about seeking what is absent Imagining Ithaca explores the idea of nostos and its attendant pain algos in an excitingly eclectic range of sources from Rebecca West's The Return of the Soldier and Remarque's All Quiet on the Western Front through the exilic memoirs of Nabokov and the time travelling fantasies of Woody Allen to Seamus Heaney's Virgilian descent into the London Underground and Michael Portillo's Telemachan railway journey to Salamanca This kaleidoscopic exploration spans the end of the Great War when the world at large was experiencing the complexities of homecoming to the era of Brexit and COVID 19 which has put the notion of nostalgia firmly under the microscope

The Reception of Walter Pater in Europe Stephen Bann, 2004-01-01

The Ballet Collaborations of Richard Strauss Wayne Heisler, 2009 An interdisciplinary study of the contributions made by Strauss to the development of ballet this study shows how the composer collaborated with prominent dance artists of his time how he entered upon an exploration of musical modernism

Opera From the Greek Michael Ewans, 2017-07-05 Michael Ewans explores how classical Greek tragedy and epic poetry have been appropriated in opera through eight selected case studies These range from Monteverdi's Il ritorno d'Ulisse in patria drawn from Homer's Odyssey to Mark Antony Turnage's Greek based on Sophocles's Oedipus the King Choices have been based on an understanding that the relationship between each of the operas and their Greek source texts raise significant issues involving an examination of the process by which the librettist creates a new text for the opera and the crucial insights into the nature of the drama that are bestowed by the composer's musical setting Ewans examines the issues through a comparative analysis of significant divergences of plot character and dramatic strategy between source text libretto and opera

Hugo von Hofmannsthal and the Austrian Idea David S. Luft, 2011-05-15 The Austrian writer Hugo von Hofmannsthal 1874-1929 was one of the great modernists in the German language but his importance as a major intellectual of the early twentieth century has not received adequate attention in the English speaking world One distinguished literary scholar of his generation called Hofmannsthal a spiritual moral authority of a kind German culture had only rarely produced This volume provides translations of essays that deal with the Austrian idea and with the distinctive position of German speaking Austrians between German nationalism and peoples to the East whether in the Habsburg Monarchy or beyond it as well as essays that locate Hofmannsthal's thinking about Austria in relation to the broader situation of German and European culture

Karl Kraus, Apocalyptic Satirist Edward Timms, 1989-01-01 This is a fascinating study of the life and work of Karl Kraus brilliant Austrian writer satirist and personality of fin de siècle Vienna This encyclopaedic study of his life his work and his generation will be of great interest to

both the enthusiast and the general student of European culture Drawing on unfamiliar sources Edward Timms analyses Kraus s involvement in the fundamental ideological issues of his time and shows that Kraus s political position caught between traditional Habsburg loyalties and new democratic commitments was far more complex than has previously been suspected A major landmark in Kraus studies and an important contribution to our understanding of the culture of the early twentieth century It abounds in discoveries and insights Times Higher Education Supplement Timm s lucid prose his masterly organization of the voluminous material he treats his excellent translations of the documents he cites and his broad readable portrayal of Viennese fin de siecle culture makes this study accessible to the average reader and a pleasure for the literary professional An example of German studies at its best European Studies Journal This study which takes us to the end of the Great War is unquestionably the most detailed and thoughtful book about him in any language Edward Timms account skilfully interweaves his life times and work The Listener Timms successfully weaves a colourful and thoroughly researched and documented account of essential cultural currents in Habsburg Vienna around his central figure Copious illustrations and photographs enhance a most enjoyable text making this an ideal introduction to Kraus and his work Choice Edward Timms is lecturer in German at the University of Cambridge and a fellow of Gonville and Caius College
