The Prose Poem in France Mary Ann Caws, Hermine B. Riffaterre, 1983 Although deconstruction has become a popular catchword as an intellectual movement it has never entirely caught on within the university For some in the academy deconstruction and Jacques Derrida in particular are responsible for the demise of accountability in the study of literature Countering these facile dismissals of Derrida and deconstruction Herman Rapaport explores the incoherence that has plagued critical theory since the 1960s and the resulting legitimacy crisis in the humanities Against the backdrop of a rich informed discussion of Derrida's writings and how they have been misconstrued by critics and admirers alike *The Theory Mess* investigates the vicissitudes of Anglo American criticism over the past thirty years and proposes some possibilities for reform

1991 Knowing any real city and still more so knowing what it is to know a city may be as much about passive as about active experience What we read in the field that field of the city in all its bizarre mixture of culture and nature is bound to determine to some non fictional extent what we know of it what we imagine it could be what we fear it may be or become These essays are meant to be albeit in their critical mode the recountings of knowing something through something else they are the projected imagination through reading of the reading by the self and or others a wide range of each of a city or cities as such of what city knowing or city thinking is The city as stage market and labyrinth variously trafficked and aestheticized dreamt and politicized as passionately written by authors from Cicero to Kazin from Wordsworth Dickens Whitman and Woolf to Williams Ashbery and Bonnefoy is the place the essays play themselves out through architecture and metaphor Formal Revolution in the Work of Baudelaire and Flaubert Kathryn Oliver Mills, 2012-03-22 In Formal Revolution in the Work of Baudelaire and Flaubert Kathryn Oliver Mills argues that despite the enduring celebrity of Baudelaire and Flaubert their significance to modern art has been miscast and misunderstood To date literary criticism has paid insufficient attention to these authors literary form and their socio cultural context In addition critical literature has not always adequately integrated individual works to each author s broader oeuvre on the one hand critics do not often maintain rigorous distinctions among texts when discussing Baudelaire and Flaubert and on the other hand scholars of Baudelaire and Flaubert have not consistently considered the relationship of individual texts to either writer s corpus Furthermore critical focus has been on the modernity of Les Fleurs du mal Madame Bovary and L Education Sentimentale Addressing these lacunae in scholarship Mills puts forth the argument that Baudelaire s collection of prose poems Le Spleen de Paris and Flaubert s short poetic tales Trois contes best embody the modern aesthetic that Baudelaire develops in Le Peintre de la vie moderne and that Flaubert elaborates in his correspondence Formal Revolution places these relatively less well known but last published works in relationship with the artistic goals of their authors showing that Baudelaire and Flaubert were both acutely aware of the need to launch a new form of literature in order to literally come to terms with the dramatic changes transforming the nineteenth century into the Modern Age More specifically Formal Revolution demonstrates that for Baudelaire and Flaubert the formal project of fusing prose with poetry as poetic prose in the case of Flaubert as poetry in prose in the case of Baudelaire was crucial to their mission of painting modern life This work concludes that experimentation with literary form represents these two seminal writers major legacy to modernity suggests that the twentieth century might have gone too far down that road and speculates about the future direction of literature The modernity of Baudelaire and Flaubert still relevant today but often taken for granted needs to be reexamined in light of the cultural formal and contextual considerations that inform Formal Revolution in the Work of Baudelaire and Flaubert
