

THE CAMBRIDGE HISTORY OF AMERICAN LITERATURE

GENERAL EDITOR, SACVAN BERGOVITCH

VOLUME TWO:
PROSE WRITING, 1820–1865

Prose Writing 1820 1865

Jennifer J. Baker

Prose Writing 1820 1865:

The Cambridge History of American Literature: The emergence of academic criticism, 1994 Multi volume history of American literature

The Cambridge History of American Literature: Volume 2, Prose Writing 1820-1865 Sacvan Bercovitch, 1995-01-27 The narratives in this volume make for a four fold perspective on literature social cultural intellectual and aesthetic they constitute a basic reassessment of American prose writing between 1820 and 1865 These narratives place the American literature in an international context while never losing sight of its distinctive American characteristics whether colonial provincial or national Together they offer a compelling and comprehensive revision of the literary importance of early American history and the historical value of early American literature

The Cambridge History of American Literature: Volume 6, Prose Writing, 1910-1950 Sacvan Bercovitch, Cyrus R. K. Patell, 1994 Volume 6 of The Cambridge History of American Literature explores the emergence and flowering of modernism in the United States David Minter provides a cultural history of the American novel from the lyric years to World War I through post World War I disillusionment to the consolidation of the Left in response to the mire of the Great Depression Rafia Zafar tells the story of the Harlem Renaissance detailing the artistic accomplishments of such diverse figures as Zora Neal Hurston W E B Du Bois Langston Hughes Nella Larsen and Richard Wright Werner Sollors examines canonical texts as well as popular magazines and hitherto unknown immigrant writing from the period Taken together these narratives cover the entire range of literary prose written in the first half of the twentieth century offering a model of literary history for our times focusing as they do on the intricate interplay between text and context

The Cambridge History of American Literature: Volume 4, Nineteenth-Century Poetry 1800-1910 Sacvan Bercovitch, Cyrus R. K. Patell, 1994 This is the first complete narrative history of nineteenth century American poetry Barbara Packer explores the neoclassical and satiric forms mastered by the early Federalist poets the creative reaches of once celebrated and still compelling poets like Longfellow and Whittier the distinctive lyric forms developed by Emerson and the Transcendentalists Shira Wolosky provides a new perspective on the achievement of female poets of the period as well as a close appreciation of African American poets including the collective folk authors of the Negro spirituals She also illuminates the major works of the period from Poe through Melville and Crane to Whitman and Dickinson The authors of this volume discuss this extraordinary literary achievement both in formal terms and in its sustained engagement with changing social and cultural conditions In doing so they recover and elucidate American poetry of the nineteenth century for our twenty first century pleasure profit and renewed study

American Exceptionalism Ian Tyrrell, 2024-06-19 American exceptionalism has been a surprisingly resilient and divisive concept In this magisterial book Ian Tyrrell shows that while the term is a relatively new one the idea that American identity might be historically and globally distinctive emerged with the nation itself As the country grew the issue became the degree of exceptionality and how it was expressed And as the country became a part of the global order its exceptionalism came

increasingly into question How did a purportedly unique nation explain its entanglement with persistent global topics like slavery and racial discrimination labor exploitation settler colonialism and more Today even as demands to honor America s exceptionalism have grown more strident Tyrrell argues that the material and moral evidence for it if there ever was any has withered away *Strange Nation* J. Gerald Kennedy,2016-03-21 Examining work by Washington Irving James Fenimore Cooper Catharine M Sedgwick William Gilmore Simms Nathaniel Hawthorne and Lydia Maria Child *Strange Nation* investigates America s often vexed relationships with the practice of literary nationalism *Virtual Americas* Paul Giles,2002-08-15 A discussion on the ways in which representations in the U S have been deflected from mythic to virtual phenomena in literary and cultural works of the modern era [A Companion to American Literature and Culture](#) Paul Lauter,2020-09-21 This expansive Companion offers a set of fresh perspectives on the wealth of texts produced in and around what is now the United States Highlights the diverse voices that constitute American literature embracing oral traditions slave narratives regional writing literature of the environment and more Demonstrates that American literature was multicultural before Europeans arrived on the continent and even more so thereafter Offers three distinct paradigms for thinking about American literature focusing on genealogies of American literary study writers and issues and contemporary theories and practices Enables students and researchers to generate richer more varied and more comprehensive readings of American literature [Securing the Commonwealth](#) Jennifer J. Baker,2008-02-01 *Securing the Commonwealth* examines how eighteenth century American writers understood the highly speculative financial times in which they lived Spanning a century of cultural and literary life this study shows how the era s literature commonly depicted an American ethos of risk taking and borrowing as the peculiar product of New World daring and the exigencies of revolution and nation building Some of the century s most important writers including Cotton Mather Benjamin Franklin Royall Tyler Charles Brockden Brown and Judith Sargent Murray believed that economic and social commonwealth and one s commitment to that commonwealth might be grounded in indebtedness and financial insecurity These writers believed a cash poor colony or nation could not only advance itself through borrowing but also gain reputability each time it successfully paid off a loan Equally important they believed that debt could promote communality precarious public credit structures could exact popular commitment intricate financial networks could bind individuals to others and to their government and indebtedness itself could evoke sympathy for the suffering of others Close readings of their literary works reveal how these writers imagined that public life might be shaped by economic experience and how they understood the public life of literature itself Insecure times strengthened their conviction that writing could be publicly serviceable persuading readers to invest in their government in their fellow Americans and in the idea of America itself *West of Emerson* Kris Fresonke,2003-01-06 Where did American literature start The familiar story of Emerson and Thoreau has them setting up shop in Concord Massachusetts and determining the course of American writing *West of Emerson* overhauls this story of origins as it shifts the context for these

literary giants from the civilized East to the wide open spaces of the Louisiana Purchase Kris Fresonke tracks down the texts by explorers of the far West that informed Nature Emerson's most famous essay and proceeds to uncover the parodic Western politics at play in classic New England works of Romanticism Westerns this book shows helped create Easterns West of Emerson roughs up genteel literary history Fresonke argues for a fresh mix of American literature one based on the far reaches of American territory and American literary endeavor Reading into the record the unexplored writings of Lewis and Clark Zebulon Pike Stephen Long and William Emory Fresonke forges surprising connections between the American West and the American visions emanating from the neighborhood of Walden Pond These connections open a new view of the politics and by way of the notion of design the theological lineage of manifest destiny Finally Fresonke's book shows how the cast of the American canon no less than the direction of American politics came to depend on what design one placed on the continent

Thank you for reading **Prose Writing 1820 1865**. As you may know, people have look hundreds times for their chosen readings like this Prose Writing 1820 1865, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful virus inside their computer.

Prose Writing 1820 1865 is available in our digital library an online access to it is set as public so you can download it instantly.
