Prosecutor An Inquiry Into The Exercise Of Discretion:

The Prosecutor's Charging Decision Joan E. Jacoby, 1976 *Document Retrieval Index*, 1972 Prosecution of Adult Felony Defendants in Los Angeles County United States. Department of Justice, 1973 **Cases and Materials on Criminal Law and Procedure** Martin L. Friedland, 1978-01-01 **Prosecuting Crime in the Public Interest** Kellie Toole, 2024-07-25 This book provides the first detailed analysis of the decision to prosecute made by the statutory Australian Offices of Director of Prosecution It examines the system of prosecution as part of the executive branch of government and the role and challenges of the individual prosecutors who make decisions within the system It explores the tension between prosecutorial independence and prosecutorial accountability and the paradox that political involvement in prosecutions is necessary for accountability and to uphold the public interest but can compromise independence The book makes a unique contribution to both Australian criminal law scholarship and to the international literature on criminal prosecution by drawing on the sub disciplines of criminal law and administrative law It includes case studies on prosecuting child sexual abuse rape and government espionage and comparisons with common law and civil law countries including the USA the UK Italy and South Africa Prosecutorial Discretion at the International Criminal Court Anni Pies, 2020-07-09 This timely book provides a comprehensive guide to and rigorous analysis of prosecutorial discretion at the International Criminal Court This is the first ever study that takes the reader through all the key stages of the Prosecutor's decision making process Starting from preliminary examinations and the decision to investigate the book also explores case selection processes plea agreements culminating in the question of how to end engagement in specific country situations The book serves as a guide to the Rome Statute through the lens of the Prosecutor's activities With its unique combination of legal theory and specific policy analysis it addresses broader questions that will be relevant to other international and hybrid criminal courts and tribunals The book will be of interest to students practitioners of law academics and the wider public concerned with international law criminal justice and international relations **The Japanese Way of Justice** David Ted Johnson, 2002 The major achievements of Japanese criminal justice are thus inextricably intertwined with its most notable defects and efforts to fix the defects threaten to undermine the accomplishments **BOOK JACKET** **Prosecutorial Discretion in the International Criminal Court** Farid Mohammed Rashid, 2021-12-15 This book provides the first scholarly investigation of prosecutorial discretion in the International Criminal Court ICC from an interdisciplinary perspective This work analyses the discretionary power of the ICC prosecutor and its scope It explains that there is a tendency to overlook the necessity of distinguishing between the various usages of discretion when exercised as a power authorised by the law and effect when applying indeterminate legal thresholds The author argues that the latter indeterminacy may give decision makers an unwarranted opportunity to exercise a wide range of discretion where extra legal factors may be considered In comparison prosecutorial discretion allows decision makers to consider extra legal considerations This book also discusses the relevance

of political considerations within the decision making process in the context of the exercise of prosecutorial discretion It suggests that there need not be a conflict between the broad sense of justice as outlined in the Statute and political factors in giving effect to decisions This book will be of interest to students of international law global governance and international relations *University of Chicago Law Review: Volume 79, Number 4 - Fall 2012* University of Chicago Law Review,2012-01-30 A leading law review offers a quality ebook edition This fourth issue of 2012 features articles from internationally recognized legal scholars and extensive research in Comments authored by University of Chicago Law School students Contents for the issue are ARTICLES Elected Judges and Statutory Interpretation by Aaron Andrew P Bruhl footnotes are fully linked and properly numbered graphs and figures are reproduced legibly URLs in footnotes are active and proper eBook formatting is used **New York Court of Appeals.
