Prosthctic Culture Russia And The West

Vlad Strukov, Sarah Hudspith

Prosthetic Culture Russia And The West:

Prosthetic Culture Celia Lury, 2013-02-01 In a fascinating account of how technology is altering our consciousness Celia Lury shows how the manipulation of photographic images and ways of seeing can so redefine the relation between consciousness the body and memory as to create a prosthetic culture whose capacities both extend and threaten our humanity We live in a society in which some memories can be falsely implanted in the individual while others are stored in video archives of images in which the powers of cartoon superheroes break through the limitations of time and space Using the examples of photo therapy family albums Benetton advertising campaigns the phenomenon of false memory syndrome and the lives of cartoon characters this book argues that the eyes made available by contemporary visual technologies involve not simply specific ways of seeing but also ways of life

Russian Aviation, Space Flight and Visual Culture Vlad Strukov, Helena Goscilo, 2016-09-13 Among the many successes of the Soviet Union were inaugural space flight ahead of the United States and many other triumphs related to aviation Aviators and cosmonauts enjoyed heroic status in the Soviet Union and provided supports of the Soviet project with iconic figures which could be used to bolster the regime's visions self confidence and the image of itself as forward looking and futuristic This book explores how the themes of aviation and space flight have been depicted in film animation art architecture and digital media Incorporating many illustrations the book covers a wide range of subjects including the representations of heroes the construction of myths and the relationship between visual art forms and Soviet Russian culture and society

The Prosthetic Impulse Marquard Smith, Joanne Morra, 2006 Where does the body end Exploring the material and metaphorical borderline between flesh and its accompanying technologies

The Oxford Handbook of Communist Visual Cultures Aga Skrodzka, Xiaoning Lu, Katarzyna Marciniak, 2020-04-01 Stereotypes often cast communism as a defunct bankrupt ideology and a relic of the distant past However recent political movements like Europe's anti austerity protests the Arab Spring and Occupy Wall Street suggest that communism is still very much relevant and may even hold the key to a new idealized future In *The Oxford Handbook of Communist Visual Cultures* contributors trace the legacies of communist ideology in visual culture from buildings and monuments murals and sculpture to recycling campaigns and wall newspapers all of which work to make communism's ideas and values material Contributors work to resist the widespread demonization of communism demystifying its ideals and suggesting that it has visually shaped the modern world in undeniable and complex ways Together contributors answer curcial questions like What can be salvaged and reused from past communist experiments How has communism impacted the cultures of late capitalism And how have histories of communism left behind visual traces of potential utopias An interdisciplinary look at the cultural currency of communism today *The Oxford Handbook of Communist Visual Cultures* demonstrates the value of revisiting the practices of the past to form a better vision of the future

The Handbook of Visual Culture Ian Heywood, Barry Sandywell, 2017-04-20 Visual culture has become one of the most dynamic fields of

scholarship a reflection of how the study of human culture increasingly requires distinctively visual ways of thinking and methods of analysis Bringing together leading international scholars to assess all aspects of visual culture the Handbook aims to provide a comprehensive and authoritative overview of the subject The Handbook embraces the extraordinary range of disciplines which now engage in the study of the visual film and photography television fashion visual arts digital media geography philosophy architecture material culture sociology cultural studies and art history Throughout the Handbook is responsive to the cross disciplinary nature of many of the key questions raised in visual culture around digitization globalization cyberculture surveillance spectacle and the role of art The Handbook guides readers new to the area as well as experienced researchers into the topics issues and questions that have emerged in the study of visual culture since the start of the new millennium conveying the boldness excitement and vitality of the subject

Russian Culture in the Age of Globalization Vlad Strukov, Sarah Hudspith, 2018-12-07 This book brings together scholars from across a variety of disciplines who use different methodologies to interrogate the changing nature of Russian culture in the twenty first century The book considers a wide range of cultural forms that have been instrumental in globalizing Russia These include literature art music film media the internet sport urban spaces and the Russian language The book pays special attention to the processes by which cultural producers negotiate between Russian government and global cultural capital It focuses on the issues of canon identity soft power and cultural exchange The book provides a conceptual framework for analyzing Russia as a transnational entity and its contemporary culture in the globalized world

British Qualifications Kogan Page, 2006 The field of professional academic and vocational qualifications is ever changing The new edition of this highly successful and practical guide provides thorough information on all developments Fully indexed it includes details on all university awards and over 200 career fields their professional and accrediting bodies levels of membership and qualifications It acts as an one stop guide for careers advisors students and parents and will also enable human resource managers to verify the qualifications of potential employees

Prosthetic Agency Gill Plain, 2023-07-13 Prosthetic Agency Literature Culture and Masculinity after World War II examines the social and psychic upheaval of demobilisation It maps the rapid transition from wartime regimentation to individual responsibility from intense homosociality to heteronormative expectations from normativity to disability and from uniformed masculinity to domestic citizenship This book considers some of the many ways in which popular culture of the time sought to mediate these difficult transitions exploring films popular fiction memoir and biography In particular the book explores how technology was imagined as a new space of masculine becoming and how disability was written represented and assimilated Through a focus on popular narrative this book explores the modes of masculinity promoted as ideally suited to national reconstruction and tries to make sense of a culture of rehabilitation that could not name or know itself as such

Post-traumatic Culture Kirby Farrell, 1998-09-29 According to author Kirby Farrell the concept of trauma has shaped some of the central narratives of the 1990s from Vietnam war stories to the video

farewells of Heaven's Gate cult members In this unique study Farrell explores the surprising uses of trauma as both an enabling fiction and an explanatory tool during periods of overwhelming cultural change **Memory, the City and the Legacy of World War II in East Central Europe** Uilleam Blacker, 2019-06-27 After the Second World War millions of people across Eastern Europe displaced as a result of wartime destruction deportations and redrawing of state boundaries found themselves living in cities that were filled with the traces of the foreign cultures of the former inhabitants In the immediate post war period these traces were not acknowledged the new inhabitants going along with official policies of oblivion the national narratives of new post war regimes and the memorializing of the victors In time however and increasingly over recent decades the former other pasts have been embraced and taken on board as part of local cultural memory This book explores this interesting and increasingly important phenomenon It examines official ideologies popular memory literature film memorialization and tourism to show how other pasts are being incorporated into local cultural memory It relates these developments to cultural theory and argues that the relationship between urban space cultural memory and identity in Eastern Europe is increasingly becoming a question not only of cultural politics but also of consumption and choice alongside a tendency towards the cosmopolitanization of memory
