Protecting Children From Abuse And Neglect Foundations For A New National Strategy:

Protecting Children from Abuse and Neglect Gary B. Melton, Frank D. Barry, 1994-11-18 This volume brings together leading experts on child maltreatment to address its social cultural and economic precursors as well as effective prevention and treatment Focusing on ways to strengthen neighborhoods build connections among and within families and bolster economic and social supports contributors offer practical advice for the development and implementation of programs and policies to prevent harm to children Their work proposes an agenda for critical research and identifies concrete strategies for a wide range of professionals who work with children

Handbook of Child Maltreatment Jill E. Korbin, Richard D. Krugman, 2013-11-26 This Handbook examines core questions still remaining in the field of child maltreatment It addresses major challenges in child maltreatment work starting with the question of what child abuse and neglect is exactly It then goes on to examine why maltreatment occurs and what its consequences are Next it turns to prevention treatment and intervention as well as legal perspectives The book studies the issue from the perspective of the broader international and cross cultural human experience Its aim is to review what is known but even more importantly to examine what remains to be known to make progress in helping abused children their families and their communities

Handbook of Child Maltreatment Richard D. Krugman, Jill E. Korbin, 2022-02-22 The second edition of this successful handbook edited by well known experts in this field includes core questions in the field of child abuse and neglect It addresses major challenges in child maltreatment work starting with What is child abuse and neglect and then examines why maltreatment occurs and what are its consequences The handbook also addresses prevention intervention investigation treatment as well as civil and criminal legal perspectives It comprehensively studies the issue from the perspective of a broader international and cross cultural human experience Apart from a thorough revision of existing chapters this edition includes many new chapters covering recent developments in this area and other issues not covered in the first edition There is more focus on substance abuse psychological abuse and on social and community involvement and public health provisions in the prevention of child maltreatment The handbook examines what is known now and more importantly what remains to be researched in the coming decades to help abused and neglected children their families and their communities thereby taking the field forward

The Children of Neglect Margaret G. Smith, Rowena Fong, 2004 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company

Stopping Child Maltreatment Before it Starts Neil B. Guterman, 2001 Early prevention of child maltreatment is most commonly delivered through home visitation services with the goal of promoting a positive start in parenting to avert potential child abuse and neglect Stopping Child Maltreatment Before It Starts introduces best practice principles for early home visiting examining the contexts from which these strategies arise Beginning with a discussion of the nature and etiology of physical child abuse and neglect Guterman then examines the mechanisms by which child protective and early home visitation services have traditionally operated The book explores best practice principles by

providing a detailed inside tour of those practices that have been empirically linked with positive outcomes in serviced families Guterman also discusses in detail ways how home visitation may more adequately address the problem of family substance abuse in reducing child maltreatment risk and ways visitation can attend to social network and community influences and increase parent empowerment An essential text for child welfare courses Stopping Child Maltreatment Before It Starts will also appeal to practitioners and policy makers in the child abuse and neglect field **Trauma Interventions**

in War and Peace Bonnie L. Green, Matthew J. Friedman, Joop de Jong, Susan D. Solomon, Terence M. Keane, John A. Fairbank, Brigid Donelan, Ellen Frey-Wouters, 2007-07-11 With traumatic stress an increasing global challenge the U N the NGO community and governments must take into account the psychological aftermath of large scale catastrophes and individual or group violence This volume addresses this global perspective and provides a conceptual framework for interventions in the wake of abuse torture war and disaster on individual local regional and international levels To be useful to both practitioners and policymakers the book identifies model programs that can be implemented at every level **Child Abuse in Schools** Sushma Pandey, 2021-01-01 Child Abuse is a social psychological problem which is present at epidemic level within and outside the family around the globe The causes of abuse are multifarious and impacts are very serious and damaging The main purpose of the book is to explore the social and psychological bases of child abuse in schools and its psychological consequences on students Specifically the contributing roles of environmental and socio demographic variables in the incidence and prevalence of child abuse in schools have been examined Further identifying the psychological characteristics of abusers perpetrators it explores various forms of abuses in different types of schools Moreover it tries to examine the impact of school abuse on cognitive motivational affective and behavioural functioning of students Finally it has attempted to explore the effects of child abuse on personality development and health status of students This book recommends for developing and implementing school based preventive promotive intervention programmes to check incidence of abuse in schools and its detrimental consequences on students **Child Abuse** David A. Wolfe, Robert J.

McMahon, Ray DeV Peters, 1997-08-15 Child Abuse brings together experts in both physical abuse and sexual abuse to create one of the few volumes that has addressed innovative approaches to treatment and prevention in these two areas The resulting compendium of information provides insights into the current psychological perspectives on the causes and treatment of different forms of child maltreatment as well as the delivery of early intervention and prevention services The book begins in the first part with a conceptual overview of the effect of physical abuse on the life course of children and adults Chapters on physical abuse also examine recent findings related to child abuse offenders children who witness domestic violence treatment of abusive adults and prevention programs aimed at dating adolescents and pregnant women Contributors focusing on child sexual abuse note new approaches to the delivery of treatment services for these children as well as current developments in the interface between abuse victims and the court system Considering the needs of both

adult survivors and children Child Abuse also discusses how child maltreatment interventions can be integrated into broader intervention services An ideal book for use in professional training and development Child Abuse will also guide policymakers at state and national levels to emerging new models and programs This volume is likewise a useful resource for researchers and practitioners in social work clinical counseling psychology mental health and public health

Handbook of Family Theories Mark A. Fine, Frank D. Fincham, 2013-03-05 Organized by content areas rather than by theory this comprehensive accessible handbook helps readers gain greater insight into how key theories have impacted today's family research Most competing books organized by theory do not provide a strong sense of the links between theory and research Using the 2000 and 2010 decade in review issues of the Journal of Marriage and Family as a resource the book addresses the most important topics impacting family studies research today The introductory chapter written by the editors provides an overview of the role family theories have had on the field This chapter is followed by 23 others on family related content areas written by renowned scholars in the field The book is organized around the most important domains in the field parenting and parent child relationships romantic relationships conflict and aggression structural variation and transitions demographic variations and families and extra familial institutions Each of the contributors describes how theory has been used to generate new knowledge in the field and suggests future directions for how theory may be used to extend our knowledge base The book helps readers acquire a working knowledge of the key family science theories findings and issues and understand how researchers make use of these theories in their empirical efforts To maximize accessibility each of the renowned contributors addresses a common set of issues in their chapter Introduction to the content area Review of the key topics issues and findings A description of each of the major theories used to study that particular content area Limitations of the theories Suggestions for better use of the theories and or new theoretical advances Conclusions about future theoretical developments An ideal text for graduate and or advanced undergraduate family theories courses this book's unique organization also lends itself to use in content based family studies science courses taught in family studies human development psychology sociology communication education and nursing Due to its comprehensive and current approach the book also appeals to scholars and researchers in these areas
