Jack Louis Jordan

Proust His World:

Proust's Way Roger Shattuck, 2011-02-07 Shattuck leaves us not only with a deepened appreciation of Proust's great work but of all great literature as well Richard Bernstein New York Times For any reader who has been humbled by the language the density or the sheer weight of Marcel Proust's *In Search of Lost Time* Roger Shattuck is a godsend Winner of the National Book Award for Marcel Proust a sweeping examination of Proust's life and works Shattuck now offers a useful and eminently readable guidebook to Proust's epic masterpiece and a contemplation of memory and consciousness throughout great literature Here Shattuck laments Proust's defenselessness against zealous editors praises some translations and presents Proust as a novelist whose philosophical gifts were matched only by his irrepressible comic sense Proust's *Way* the culmination of a lifetime of scholarship will serve as the next generation's guide to one of the world's finest writers of fiction **Marcel Proust's, A la Recherche Du Temps Perdu** Jack Louis Jordan, 1993 *The Calendar* Edgell

Rickword, 1927 **Beckett Before Godot** John Pilling, 2004-07-29 A leading Beckett scholar and editor of the Cambridge Companion to Beckett offers a coherent critical account of Beckett's earliest years [The Work of Enchantment](#) Matthew Del Nevo, 2017-09-08 *The Work of Enchantment* suggests that it is a lack of enchantment in rich developed countries that causes soul starved Westerners to experience mental and sometimes physical illness Del Nevo argues that this enchantment is most often experienced in childhood but can also be found in adulthood particularly through art However adults must cultivate within themselves the ability to appreciate art by reading listening and gazing activities often misconceived in advanced industrial societies Del Nevo describes the framework of enchantment and its philosophical and historical roots He then concentrates on the work of enchantment within literature considering what enchantment might entail taking the works of Proust Rilke and Goethe as examples Del Nevo shows how a sense of enchantment forms within and between art works using his literary examples as well as between the work and the audience The reader will learn along the way that enchantment may be found in the power of words as an expression of the desire of the soul a compliment of melancholy and in art that points to something beyond itself Enchantment may be found in many places ranging from philosophy religion and psychology to sociology and culture but here Del Nevo focuses on literature His audience is people who are searching for something beyond money or glamour perhaps the meaning of art and culture His focus on literary masterpieces such as the *Duino Elegies* *Remembrance of Things Past* Wilhelm Meister's *Journeyman Years* and others will make it of interest to those in cultural studies Well written and engaging and accessible to non specialist readers this unusual work in philosophy and aesthetics is free of jargon and complicated verbiage Inspiring and enlivening it is in the author's words a stirring call to idleness **Marcel Proust and the Strategy of Reading** Walter Kasell, 1980-01-01 This study examines Marcel Proust's works and his readers starting off with the reading encounter one needs in order not to miss out on things and ending by exploring the nature of Proust's vision An interesting study for everyone who wants to know more about Proust and his ideas

Artists in Evil: An Essay on Evil and Redemption in Marcel Proust's IN SEARCH OF LOST TIME Herbert Morris, 2004

Proust's Duchess Caroline Weber, 2019-11-26 PULITZER PRIZE FINALIST A brilliant look at turn of the century Paris through the first in depth study of the three women Proust used to create his supreme fictional character the Duchesse de Guermantes Weber has done a remarkable job of bringing to life a world of culture glamour and privilege The Wall Street Journal Geneviève Halvy Bizet Straus Laure de Sade Comtesse de Adhème de Cheygné and Lisabeth de Riquet de Caraman Chimay the Comtesse Greffulhe these were the three superstars of fin de siècle Parisian high society who as Caroline Weber says transformed themselves and were transformed by those around them into living legends paragons of elegance nobility and style All well but unhappily married these women sought freedom and fulfillment by reinventing themselves between the 1870s and 1890s as icons At their fabled salons they inspired the creativity of several generations of writers visual artists composers designers and journalists Against a rich historical backdrop Weber takes the reader into these women's daily lives of masked balls hunts dinners court visits nights at the opera or theater But we see as well the loneliness rigid social rules and loveless arranged marriages that constricted these women's lives Proust as a twenty year old law student in 1892 would worship them from afar and later meet them and create his celebrated composite character for The Remembrance of Things Past

Carmen Susan McClary, 1992-07-09 Bizet's Carmen is probably the best known opera of the standard repertoire yet its very familiarity often prevents us from approaching it with the seriousness it deserves This handbook explores the opera in a number of contexts bringing to the surface the controversies over gender race class and musical propriety that greeted its premiere and that have been rekindled by the recent spate of film versions Beginning with a study of the Mårimé story by Peter Robinson and an examination of the social tensions in nineteenth century France that inform both that story and the opera the book traces the latter through its genesis and reception The central core of the book presents a close reading of the opera that offers new interpretive possibilities The handbook concludes with discussions of four films based on the opera Carmen Jones and the versions of Carmen by Carlos Saura Peter Brook and Francesco Rosi The volume contains a bibliography music examples and a synopsis

Phenomenological Psychology J.J. Kockelmans, 2012-12-06 Over the past decades many books and essays have been written on phenomenological psychology Some of these publications are historical in character and were designed to give the reader an idea of the origin meaning and function of phenomenological psychology and its most important trends Others are theoretical in nature and were written to give the reader an insight into the ways in which various authors conceive of phenomenological psychology and how they attempt to justify their views in light of the philosophical assumptions underlying their conceptions Finally there are a great number of publications in which the authors do not talk about phenomenological psychology but rather try to do what was described as possible and necessary in the first two kinds of publications Some of these attempts to do the latter have been quite successful in other cases the results have been disappointing This anthology contains a number of essays which I have brought together for

the explicit purpose of introducing the reader to the Dutch school in phenomenological psychology The Dutch school occupies an important place in the phenomenological movement as a whole Buytendijk was one of the first Dutch scholars to contribute to the field and for several decades he remained the central figure of the school
